2. *Administrative changes.*—Among the administrative changes which took effect during the year may be mentioned the extension of the distillery areas in the districts of Monghyr, Bhagalpur and Muzaffarpur, the introduction of the distillery system into a portion of the district of Ranchi, the abolition of passes for the transport of imported liquor, the increase of the rate of duty on country spirit during the year in 11 districts or parts of districts, the abolition of 16 country spirit shops in Calcutta, the reduction of the limit of retail sale of country spirit from 12 bottles to 6 bottles in Calcutta, and the reduction of the strength of spirit issued from the Russa distillery from 17° U.P. to 20° U.P. The three reforms last mentioned were carried out on recommendations made by the Committee which sat in 1907-08 to examine questions relating to the number and location of shops licensed for sale of spirituous liquor in Calcutta and the suburbs. Local Committees were also appointed in February and March 1909 in 28 large towns to advise Collectors with regard to the licensing of liquor shops for the current year. The working of these Committees is noticed in the next paragraph.

The revised Excise Bill was introduced in the Bengal Council in January 1909 and was referred to a select Committee in March last. It has since passed through the Council and is awaiting the assent of His Excellency the Governor-General.

3. *Local Advisory Committees.*—The Government of India directed that the action taken with regard to consulting and recording local opinion in the matter of the number and location of liquor shops, the number of towns in which local Committees have been set up for the above purpose, and the extent to which non-official opinion is represented in such Committees should be specially noticed in the Excise Administration Report for 1908-09. This subject should be more fully noticed by the Commissioner in future reports. It has been ascertained that local Committees were appointed in 28 municipal towns to consider and advise with regard to the number and sites of liquor shops to be licensed; but it is understood that in six of these towns, the Committees did not meet and the Excise Commissioner reports that in several instances there was want of interest in the proceedings. According to the instructions of Government, the Committee in each case was composed as follows:—(1) The Collector of the District, Chairman; (2) the Superintendent of Police; (3) the Chairman of the Municipality, and in towns where the Collector is the Chairman, the Vice Chairman of the Municipality; (4) one Municipal Commissioner nominated by the Municipal Commissioners for each ward in which liquor shops were to be licensed. The Committees were formed on these lines; and the settlement proposals for the current year, so far as related to the municipal areas, were referred to the Committees for advice. Objections were considered with regard to 4 imported liquor shops (including a restaurant), 17 country spirit shops, 2 *pachwai* shops and about 109 *tari* shops. The objections in respect of 2 imported liquor shops (including a restaurant), 12 country spirit shops and 101 *tari* shops were accepted; and the objections in respect of 2 imported liquor shops, 2 country spirit shops, and 3 *tari* shops, in the town of Burdwan, and 2 country spirit shops and 2 *pachwai* shops in the town of Bankura, were held over for consideration at next year's settlements. One new imported liquor shop was opened in Santipur in accordance with the Committee's recommendation. The results of the large reduction made in the number of *tari* shops (93 to 20) in the town of Bhagalpur, at the instance of the local Committee, should be stated in the report for the current year.

The Board think that it is premature to give an opinion as to the usefulness of the work done by the local Committees.

In Calcutta no local Committee was appointed to consider the settlement proposals for 1909-10, as a Committee had advised in the previous year with regard to the licensing in Calcutta and the suburbs. The Calcutta Committee, as has been previously reported, made useful recommendations, which to a large extent, have been carried into effect.

4. *Revenue.*—The total receipts of the year inclusive of advance collections amounted to Rs. 170 lakhs against Rs. 170¾ lakhs in the preceding year, showing a decrease of three quarters of a lakh of rupees. The license

fee collections for the year showed an increase of Rs. 1,23,229 and the receipts from duty, distillery fees and miscellaneous sources were better by Rs 10,757; but the advance collections made in 1908-09 on account of 1909-10 showed a decline of Rs. 2,11,272, so that the net decrease on the total collections of the year amounted to Rs. 77,286, as pointed out in paragraph 4 of the report. Deducting the advance collection (Rs. 13,74,886) for 1909-10 and adding the revenue (Rs. 15,86,158) for 1908-09, which was collected in advance in 1907-08, the net receipts on account of 1908-09 were Rs. 1,72,12,059, against Rs. 1,68,76,320 of the preceding year after similar adjustment. Country spirit, *ganja* and opium gave 89¾ lakhs, 28 lakhs and 27¼ lakhs or 53 per cent., 16 per cent., and 16 per cent., respectively, of the total revenue of the year. The receipts from *ganja* and opium show an increase of 1½ lakhs and 1 lakh or 5·7 and 3·8 per cent., respectively, while the receipts from country spirit show a falling off of 4¼ lakhs or 4·5 per cent. During the year under report, the incidence of taxation per gallon of L. P. spirit under the contract and central distillery systems taken together was Rs. 5·7 against Rs. 5 in the previous year, and the average fee for each outstill was Rs. 2,148 against Rs. 2,393 in the preceding year.

5. *Result of Settlements.*—There was a heavy decrease in the total license fees at which country spirit shops have been settled for the current year. The decrease in Monghyr (Rs. 1,70,136), Purnea (Rs. 1,61,904) and Bhagalpur (Rs. 74,502) is due to the conversion of outstills into distillery shops on the introduction of the contract system from the 1st April 1909. A similar reason contributed to some extent to the decrease in Patna (Rs. 1,31,316) and Ranchi (Rs. 69,281) where the central distillery system has been extended from the current year to a portion of the outstill area.

6. *Country Spirit.*—Consumption decreased by 92,998 gallons L. P. in the contract and central distillery areas, but there was an increase of Rs. 2,63,667 in the total revenue derived from country spirit in these areas. This is a satisfactory result. In the case of Calcutta where there was a decrease of 65,533 L. P. gallons in the consumption of country spirit accompanied by a falling off of Rs. 1,34,216 in the revenue, the Excise Commissioner considers that the high price of food-grains and the increased price of country spirit forced the consumer to restrict his consumption or to resort to other intoxicants, *viz.*, imported liquor, opium and *ganja*. The figures appear to the Board to show that there was some substitution of imported plain spirit for country spirit in the case of Calcutta consumers; but it is doubtful whether the increased price of country spirit caused consumers to take to opium and *ganja*. The increased sales of opium are without doubt due to the operations of smugglers who purchased for the Burma traffic. With regard to *ganja* it is to be noticed that the high prices paid to the *ganja* cultivators at Naugaon led to decreased consumption during the last two years. The recent fall in the wholesale price of *ganja* may have stimulated consumption of the drug by the classes addicted to it without bringing it into competition with country spirit.

The heavy decrease in the outstill revenue of the district of Gaya and the considerable decreases in Palamau and Hazaribagh no doubt represent decreased consumption and were due, as the Commissioner reports, to scarcity, continuance of high prices, failure of the *mahua* crop and depression in the lac and mica trade. In Gaya the decrease succeeded to the considerable increase in 1907-08, and it appears to have been specially due to the failure of the *mahua* crop.

7. *Sites.*—Special attention appears to have been paid during the year to the location of liquor shops. Revised rules have been recently issued by the Board in accordance with the orders of the Government of India passed on the recommendations of the Indian Excise Committee as to selection of sites of liquor shops.

8. *Convictions for drunkenness and action taken against licensees for permitting it.*—Convictions for drunkenness increased in Burdwan and Sambalpur. In the former district consumption is known to have increased, whereas in the latter district it decreased during the year. Only in two cases

was action taken against vendors on account of drunkenness on licensed premises. A condition has recently been inserted in liquor licenses prohibiting the vendor from selling liquor to drunken persons.

9. *New private distilleries.*—Of the two new distilleries equipped in modern method opened during the year, one is owned by an Indian manufacturer. Adequate areas have been allotted to each for supply of liquor under the contract system. The Excise Commissioner and the Board realise the importance of assigning such contracts as far as possible to native distillers or capitalists.

10. *Auction system.*—The Excise Commissioner makes certain observations in defence of the auction system of disposing of licenses. The Board need only say that the subject has been fully considered by the Government of India in connection with the recommendations of the Indian Excise Committee, and it has been decided that the system should continue.

11. *Denatured spirit.*—Nearly 93 per cent. of the imported spirit methylated in Calcutta was Java spirit, which on account of its cheapness now practically monopolises the market. It is satisfactory to notice that denatured spirit produced in a local distillery has for the first time been placed on the market.

12. *Tari.*—In paragraph 221 of their report the Indian Excise Committee remarked on the excessive number of *tari* shops in Bihar and recommended reduction of the number. Since then a substantial reduction appears to have been made in the number of *tari* shops, which has led to increased competition at the annual sales and to an increase of revenue in almost all the districts. The system of remittances of *tari* fees by money-order has been largely adopted in Bihar.

13. *Pachwai.*—The measures necessary for the better control of the consumption of *pachwai* were carefully examined during the year and the Board's proposals have since received the approval of Government. The action to be taken will come under review next year.

14. *Ganja.*—The report notices the existence of a large traffic in illicit *deshi* or indigenous *ganja*, which is smuggled into Sambalpur. The Deputy Commissioner of Sambalpur has proposed that in order to suppress this smuggling, Rajshahi *ganja* should be again introduced into the district. Rajshahi *ganja* was supplied to Sambalpur in 1906 07, but its supply was discontinued the following year as it was believed to be more potent and harmful than the Khandwa drug. Chemical analysis has, however, lately led to opposite conclusions.

15. *Opium.*—Smuggling of opium (chiefly of Excise opium) to Burma continues to be practised on a large scale. The supply of opium from the Treasury to shops licensed in Calcutta, the 24-Parganas and Howrah has recently been restricted in the hope of diminishing the facilities of smuggling. The check in consumption in the Orissa districts is satisfactory; but the Collectors have asked for increased preventive establishments to repress smuggling.

17. *Excise offences.*—There was a decrease in the total number of persons arrested for offences against the Excise and Opium laws as compared with the preceding year. The number of arrests for illicit distillation of country spirits showed a large decrease, which appears to have been mainly due to the scarcity of the *mahua* crop. The number of persons arrested for smuggling of illicit opium and illicit possession of opium also showed a decrease, though in view of the prevalence of smuggling to Burma an increase might have been expected under these heads. On the other hand, there was an increase in the number of comparatively minor offences detected, such as unlicensed sale of country spirit and *tari* and illicit possession of *tari*, cocaine, *madak* and *chandu*. A considerable number of arrests was made in Orissa for the possession and smuggling of Garhjat or indigenous *ganja*.

The Excise Commissioner again notices the want of co-operation on the part of daffadars and chaukidars in the prevention of Excise offences and says

that, generally speaking, the village police either actively abet or conveniently ignore illicit practices. Provision has been made in the Excise Bill as passed in Council imposing statutory obligation on village chaukidars and daffadars to report serious Excise offences and aid Excise officers.

The Excise Commissioner again brings to notice a number of instances in which the sentences passed by the trying magistrates appear to be *prima facie* inadequate. Under the existing laws the offence of illicit distillation is punishable with a fine which may amount to five hundred rupees, and illicit possession, transport or sale of opium, is punishable with imprisonment for a term which may extend to one year, or with fine which may extend to one thousand rupees, or with both. A small fine for the commission of such offences cannot deter offenders from repeating the offences. Attention of Magistrates has been drawn in past years to the principle that the penalties inflicted should be regulated with some reference to the value of revenue imperilled by the habitual commission of the offence.

No. 44E., dated Calcutta, the 31st July 1909.

From—The Hon'ble Mr. E. Geake, I.C.S., Commissioner of Excise and Salt, Bengal,

To—The Secretary to the Board of Revenue, L. P.

I have the honour to submit the following report on the administration of the Excise Department in the Province of Bengal for the year 1908-09. Mr. B. Foley was in charge of the Department from the 1st April 1908 to the 27th February 1909, on which date I resumed charge.

* * * * * * *

Total Revenue and charges.

4. The Excise revenue and charges of the Province for the last five years are shown below :—

Period.	Revenue.	Charges.	Net revenue.	Percentage of charges.
	Rs.	Rs.	Rs.	
1904-05 ...	1,41,98,334	6,80,021	1,35,18,313	4·78
1905-06 ...	1,53,18,436	6,90,480	1,46,27,956	4·50
1906-07 ...	1,60,79,779	7,35,356	1,53,44,423	4·57
1907-08 ...	1,70,78,073	7,76,514	1,63,01,559	4·54
1908-09 ...	1,70,00,787	7,97,679	1,62.03,108	4·69
Difference of the past two years	—77,286	+21,165	—98,451	+·15

The net revenue shows a decrease of Rs. 98,451 or ·6 per cent. as compared with that of the previous year.

Final estimates compared with total receipts and charges.

5. The receipts and the disbursements both fell short of the final estimates by Rs. 2,49,213 and Rs. 2,321 respectively.

* * * * * * *

Revenue under different heads.

9. Decreases occurred under the heads of country spirits, rum, *pachwai*, miscellaneous and denatured spirits. The largest increase was under *ganja*, being Rs. 1,54,767, opium comes next with an increase of Rs. 1,00,337 followed by *tari*, imported liquors, *siddhi* and beer which yielded increases of Rs. 57,175, Rs. 25,770, Rs 9,684 and Rs. 5,277, respectively. The largest decrease (Rs. 4,15,541) is to be found in country spirits. The fluctuations in the revenue from different exciseable articles are discussed in detail under each head.

* * * * * * *

Taking the population of Bengal according to the last census at 51 millions, and making an allowance of 7 per thousand per annum, which represents the average annual growth of population, the incidence of the excise revenue is 5 annas per head.

Result of settlements up to 31st May 1909.

11. There was a decrease of Rs. 6,57,667 which is shared by all the Divisions except Burdwan and Presidency.

SECTION II.—COUNTRY SPIRIT.

Systems.

12. The manufacture and sale of country spirit are carried on under three systems, viz., the contract supply system, the central distillery system and the outstill system. The central distillery system is now confined to Russa, whence the shops in Calcuttta and the immediate vicinity draw their supplies.

Consumption of contract and distillery spirits.

13. The total consumption of contract and distillery spirits was 996,519 gallons L. P. against 1,089,517 gallons L. P. in the previous year, showing a decrease of 92,998 gallons. The decrease was large in Calcutta (65,533 gallons L. P.), Patna (31,948 gallons L. P.), Sonthal Parganas (22,889 gallons L. P.), Gaya (18,973 gallons L. P.), Saran (9,468 gallons L. P.), 24-Parganas (4,656 gallons L. P.), Darbhanga (2,356 gallons L.P.), Sambalpur (1,938 gallons L. P.), Nadia (1,358 gallons L. P.), Hazaribagh (1,291 gallons L. P.), Howrah (1,256 gallons L. P.) and Murshidabad (1,093 gallons L. P.). Several causes have affected consumption in Calcutta. The trade has been disturbed by continuous enquiries and numerous administrative changes, such as the drastic reduction in the number of licenses, the reduction of the limit of retail sale and of the strength of liquor issued, and increase in the rate of duty. The long-continued high price of food-grains and general depression in trade and commerce have also affected the purchasing power of consumers. The principal cause, however, is the simple one of rise in price which has forced the consumer to restrict his consumption or resort to other intoxicants. The taxation on country spirit was Rs. 8·5 per gallon L.P., compared with Rs. 7·2 in the previous year. In addition to a rise in duty of 10 annas per L. P. gallon there was an increase of Rs. 26,313 in license fees. This made the taxation on country spirit quite equal to that on imported spirit. The enormous increase in the consumption of opium and the marked rise in ganja show how the demand for cheap intoxicants was met. Restrictions have now been placed on the consumption of opium and I do not think it will be rash to prophesy a marked rise in the consumption of ganja, and a considerable increase in the consumption of spirits during the current year. In Patna, Gaya, Saran and Darbhanga, the decrease was due to scarcity and also to the raising of duty in the urban areas. The only districts in which there was an increase of consumption were Manbhum and Burdwan. Here the increase was due to the opening up of new collieries with the consequent influx of labour and high wages. The apparent increase in Bhagalpur, Monghyr and Muzaffarpur is due to extension of distillery areas and abolition of outstills. In Ranchi the distillery system was introduced in a portion of the district during the year, and the consumption of distillery liquor amounted to 44,808 gallons L. P.

Revenue under the contract supply and distillery systems.

14. The total revenue under the contract and distillery systems was Rs. 56,95,309 against Rs. 54,31,642 in the previous year, showing an increase of Rs. 2,63,667. The increase was marked in Ranchi (Rs. 1,19,818), Manbhum (Rs. 1,07,248), Burdwan (Rs. 73,100), Bhagalpur (Rs. 47,839), Monghyr (Rs. 37,685), Darjeeling (Rs. 21,027), Purnea (Rs. 17,991), Hooghly (Rs. 14,473) and Muzaffarpur (Rs. 10,596). In Ranchi the increase was nominal, and was due to the substitution of distillery system for outstills in a portion of the district. In Bhagalpur, Monghyr and Muzaffarpur the distillery system was extended during the year. In Purnea outstills were abolished and contract

supply system has been introduced from 1st April 1909; Rs. 17,991 represent license fees and duty realized in March as advance under contract supply system. The increase in Manbhum and Burdwan was due to better settlement and increased consumption. In Darjeeling and Hooghly the increase was solely due to settlement of shops at enhanced fees. The decrease was heavy in Calcutta (Rs. 1,34,216), Patna (Rs. 41,703) and Gaya (Rs. 41,637). In Calcutta the decrease was due to decreased consumption noticed above. The decrease in Patna and Gaya was due to the settlement of shops at reduced fees on account of scarcity and also to decreased consumption.

Outstill revenue.

15. The outstill revenue was Rs. 32,90,225 against Rs. 39,69,433, showing a decrease of Rs. 6,79,208. The decrease was heavy in Gaya (Rs. 2,21,329), Palamau (Rs. 79,265), Hazaribagh (Rs. 47,992), Patna (Rs. 20,821), Angul (Rs. 17,074) and Darbhanga (Rs. 16,497). The decreases in other districts are mostly due to reduction in outstill areas and substitution of distillery systems. Scarcity, continuance of high prices, failure of the mahua crop, depression in the lac and mica trade are the reasons advanced for the falling off in revenue under this head. In Angul the decrease was due to a movement on the part of the Khonds to abstain from drink supplied by *Sunris*.

Total number of licenses.

16. The number of licenses for the sale of country spirit (contract, distillery and outstill liquor) was 2,997 against 3,039 in the previous year, showing a decrease of 42. In Sambalpur 21 outstills were abolished in pursuance of the policy of reducing the facilities for obtaining drink in this district. In Calcutta 11 country spirit shops were abolished in accordance with the recommendation of the local Excise Committee. In the Sonthal Parganas the number of country spirit shops was increased by 7 to check illicit practices and meet local demand.

Total country spirit revenue.

17. The total country spirit revenue was Rs. 89,85,534 against Rs. 94,01,075 in the previous year, showing a decrease of Rs. 4,15,541.

Local Excise Committee.

18. In accordance with Government Order No. 118S.R., dated the 9th February 1909, local committees were appointed in the following towns to consider and advise in the matter of licensing, number and situation of liquor shops:—

Burdwan.	Cuttack.	Chapra.
Bankura.	Balasore.	Bettiah.
Midnapore.	Puri.	Muzaffarpur.
Hooghly.	Ranchi.	Hajipur.
Baranagore.	Bankipur.	Darbhanga.
South Suburban Municipality.	Behar.	Monghyr.
	Dinapur.	Jamalpur.
Bhatpara.	Gaya.	Bhagalpur.
Santipur.	Arrah.	Darjeeling.
Krishnagore.	Sasaram.	..

These committees were largely composed of non-official members. Generally speaking no objection was taken to the existing state of affairs. In Midnapore there was a suggestion that all the excise shops should be grouped together so as to centralise all noise and disturbance. In accordance with the recommendations of the Committees, a new shop was opened in Santipur, one was closed in Patna and three in Bhagalpur. In a few instances the sites of country spirit shops were objected to and changed, but objections were principally directed against "tari" shops. These are exclusively frequented by the labouring classes who are apt to become excited and noisy on very slight provocation and are thus a nuisance to respectable neighbours. In several instances there was not sufficient local interest in the subject to induce the members to attend and form a meeting.

Sites.

19. The location of liquor shops continued to receive attention and although the rules on the subject may be admitted to represent counsels of perfection, still an earnest endeavour was made in most districts to furnish no ground for the reproach that no honest attempt had been made to enforce existing rules. Special attention was given to areas inhabited by aboriginal tribes.

In Hazaribagh, the sites of 30 outstills were changed on account of their proximity to bathing places, hâts, post offices and other public places.

In Ranchi, 32 outstills were removed during the year from roadsides or the proximity of hâts, and at the time of settlement for the current year new and unobjectionable sites to which 22 more outstills and 3 distillery liquor shops are to be removed have been notified.

In Manbhum, new sites were selected by the Special Excise Deputy Collector in consultation with local influential persons for many shops which had hitherto been opened in objectionable sites.

Calcutta Excise Committee.

20. The following action was taken on the report of the Calcutta Excise Committee with regard to country spirit shops:—

(*a*) Sixteen country spirit shops were abolished, viz., 3 from the 1st April 1908, 8 on the 1st July 1908 and 5 on the 31st March 1909.

(*b*) The limit of retail sale was reduced from two gallons to one gallon during the year and the hour of closure was directed to be conspicuously noted on the signboards put up in front of the shops.

(*c*) The issue strength was reduced from 17° U.P. to 20° U.P.

Revision of wholesale price.

21. The wholesale price of liquor was raised from annas 14 to Re. 1-8 per gallon L. P. in September 1908 in the rural area of the Asansol subdivision in Burdwan, in Birbhum and in the Rajmahal, Pakour, Deoghur and Jamtara subdivisions with a view to checking consumption. In the Dumka and Godda subdivisions, the wholesale price was raised from annas 13 and annas 14-6 to Re. 1-7 and Re. 1-8-6 respectively, or by annas 10 per L. P. gallon, as difficulty was experienced in keeping the two distilleries open at the existing rates on account of the high price of mohua.

Rates of duty.

22. The rate of duty in Calcutta was raised from Rs. 5 to Rs. 5-10 per gallon L. P. and in the Dumka and Godda subdivisions of the Sonthal Parganas from Rs. 2 to Rs. 2-8 a gallon L. P. from the 1st April 1908. In Patna, Gaya, Saran, Champaran, Muzaffarpur and Darbhanga, the rate of duty in the urban areas was raised from Rs. 2 to Rs. 2 8 per L. P. gallon, the existing rate of duty being retained in the rural areas.

In the Katwa and Tamluk subdivisions duty was raised from Rs. 3-12 to Rs. 4-6 per L. P. gallon with effect from the 15th October 1908. In Sambalpur the duty was raised from Re. 1-4 to Re. 1-14 per gallon L. P. from the 1st July 1908. The increase was intended to check increasing consumption.

Fixed strengths and maximum prices.

23. Consumption in the contract areas was carefully watched throughout the year. When the duty or wholesale price was raised, the maximum retail price was also raised in proportion. In Murshidabad, where there was an increase in license fees, the maximum prices were raised from Re. 1 and 9 annas to Re. 1-2 and annas 10, respectively, for 20° and 50° U.P. liquor from the 15th October 1908. In the Giridih subdivision a considerable increase in the issues of liquor of high strengths was observed accompanied by decreased issue of low strengths, and in order to remedy the displacement of weak liquor by strong the maximum prices were increased in the case of 20° and 50° U P. liquor from annas 12 and annas 6 to annas 14 and annas 8, respectively, from the 1st August 1908.

Minimum prices.

24. After discussion in Conference, it was decided that minimum prices for country liquor should be fixed in industrial centres and in towns where the competition of different vendors might lead to the undue lowering of prices and consequent increase of consumption. With the concurrence of the Collectors concerned, minimum prices were fixed with effect from the 1st April 1909 in the town shops in the districts of Burdwan, Muzaffarpur, Cuttack and the Sonthal Parganas and in the distillery area of Sambalpur.

Convictions for drunkenness and action taken against licensees for permitting it.

25. In Burdwan drunkenness is reported to have slightly increased, the number of convictions increasing from 247 to 262. In Sambalpur, where the consumption fell off largely during the year, convictions for drunkenness rose from 17 to 55. This shows how little connection there is between visible drunkenness and actual consumption. There was no occasion to take any action against licensed vendors for permitting drunkenness in their premises, except in Khulna, where a country spirit vendor was fined Rs. 15 for allowing drunkenness in his shop. In Ranchi, in a case in which a man had died near an outstill, presumably from excessive drinking there, the outstill was kept closed for one week as a punishment to the licensee.

* * * * * *

New private distilleries.

28. Two modern distilleries were opened—one in Saran and the other in Monghyr—by private parties for the supply of liquor under the contract system.

Extension of distillery and contract systems.

29. The distillery system has been extended to thana Fatwa of the Barh subdivision in the district of Patna and to an additional portion of the Ranchi district with effect from the 1st April 1909. The contract distillery system has also been introduced into the districts of Monghyr, Bhagalpur and Purnea from the same date.

Auction system of disposing of licenses.

30. Elsewhere in India this system has been attacked on the ground that the auction price of a shop is an absolutely ineffective weapon with which to fight increased indulgence in intoxicating drink, whereas an increase in direct duty is immediately and successfully operative. Whenever the latter method of taxation does not result in decreased consumption, it was urged that special causes must certainly account for the failure, but when increased license fees do not materially affect consumption or when consumption increases in spite of higher license fees, there appears to have been no attempt to search for such special causes. Experience in this province amply proves that higher license fees, if properly adjusted to local circumstances, will affect consumption just as infallibly as an increase in the fixed duty. It is merely a matter of imposing taxation in another form; the price is raised thereby and consumption decreased. Of course, if a shop with a low license fee is allowed to remain near, and in active competition with a shop that pays a high license fee, consumption may be stimulated instead of checked. The incidence of the license fees on consumption must be carefully assessed and bids accepted in accordance with the real value of the shop. It is thus essential that the officer who conducts the auction and settles the fees should know his business and use both discretion and common sense. An increase in consumption following an increase in license fees proves nothing except that the vendors speculated on increased custom owing to more favourable conditions and that their forecast proved correct. If the season fails to come up to their expectations they sustain a heavy loss, and license fees in the following year will show a corresponding fall. Taxation by means of auction thus adjusts itself automatically to the material condition of the people and is peculiarly suited to a country where prosperity so largely depends upon the character of the seasons. The only way in which a vendor can recover his increased outlay in license fees is by raising his prices or increasing his custom. It depends entirely upon comparative prosperity whether consumers pay the increased price or reduce their consumption In normal years consumption is determined by cost price and by that alone. Whatever may be said about pushing sales, hawking or advertisement in the case of exciseable articles, there is only one way of increasing consumption, and that is by lowering the price. No vendor will persist in selling at a loss; as his expenses rise, so much his prices, unless he can so increase his sales as to secure the same return from a smaller profit. One vendor might

succeed in doing this temporarily by attracting custom from other vendors, but this would not increase the total consumption. All the vendors cannot maintain a low level of prices in spite of an increase in license-fees. They have no option except to raise prices or reduce quality. The effect of license fees on consumption is susceptible of very easy proof. Reduce the license fees by one half in any district, retaining the same fixed duty, and see what the result will be. If such action results in a marked increase of consumption, surely the converse may be assumed, viz., that a rise in license fees will reduce consumption in the absence of extraneous causes. Reduction of fees during a famine will not cause an increase of consumption nor will the raising of fees in prosperous seasons bring about any marked fall in consumption. The * * figures show that enhanced taxation in the form of license fees cannot only reduce consumption just as effectually as a rise in direct duty, but if raised too high will practically extinguish licit consumption.

It may be conceded that when the article sold is issued to the vendor under Government supervision when prices and strengths are fixed and when the profit of the shop is thus susceptible of accurate calculation, the monopoly value can be secured without resort to auction. The difficulty lies in the selection of the vendor from among numerous candidates without creating any vested interest and without fostering improper practices and favouritism.

SECTION III.—COUNTRY RUM.

License-fees.

32. The receipts from license-fees amounted to Rs. 13,200 against Rs. 17,140 in the previous year, showing a decrease of Rs. 3,940. The decrease was due to resettlement at reduced fees and also to the fact that no advance collection was made in March last owing to the abolition of the four licenses.

Consumption and duty.

33. The consumption of Madras and Konnagar rum increased by 1,532 gallons and 210 gallons respectively while Shajehanpur rum declined by 1,063 gallons. The bulk of the Madras rum, *viz.*, 7,928 gallons L. P., was issued duty-free on account of Government. The revenue from duty shows a decrease of Rs. 5,389, due to the importation of larger quantities of duty-free rum for Government purposes.

SECTION IV.—IMPORTED LIQUOR.

Licenses.

36. The total number of licenses issued for the sale of imported liquor was 589 against 526 in the previous year, showing an increase of 63. The increase was mainly due to the issue of wholesale, retail and bar licenses to Messrs. Kellner and Co., Contractors of Railway Refreshment-rooms on the East Indian and Bengal-Nagpur Railways, to cover sales to outsiders, their Railway Refreshment-room licenses being restricted to sales to *bonâ-fide* passengers. In Calcutta 11 additional restaurant licenses were issued to those hotel-keepers who were carrying on a hotel and restaurant business combined, under the cover of the hotel license only.

Revenue.

37. The total receipts, which were derived from license fees alone, amounted to Rs. 2,94,058 against Rs. 2,68,288 in the previous year, showing an increase of Rs. 25,770. The increase was due to the issue of the additional licenses referred to above and also to the fact that in 1907-08 only ten months' fees were paid for subsidiary retail licenses in Calcutta, the remaining two months' fees having been paid previously in advance.

38. The fall in imports of better-class spirits is attributed to the general depression and also to the fact that the imports in the previous year were exceptionally large, and heavy stocks had accumulated. The imports of other sorts of spirits which include plain spirits, however, show an increase of 24,178 gallons. It is evident that inferior foreign liquor is displacing country spirit in Calcutta. In the 24-Parganas also the cheaper brands of imported liquor bottled and capsuled in Calcutta compete with country spirit. In Howrah and Hooghly also the *Bhadrolog* class and the better paid coolies in the Mills evince a decided preference for cheap German spirits bottled in Calcutta. These spirits are not only competing with country spirits but also with Shajahanpur rum. It is stated that the more prosperous among the mill-hands show a preference for these liquors on account of their gaudy labels and attractive capsules. At present, there are no figures available showing the actual consumption of imported liquor in Calcutta. The subject of compiling statistics to show the quantity of imported liquor consumed in Calcutta and the quantity exported is under consideration. It is reported from Jessore that contract spirit is displacing imported liquor to an appreciable extent.

Importation.

SECTION V.—METHYLATED SPIRIT.

42. The total quantity of methylated spirit passed out was 146,434 gallons against 161,377 in the previous year, showing a decrease of 14,943. The decrease is apparently due to decreased manufacture of shellac.

Statistics.

43. There was a decrease of 4,674 gallons in the sale of Madras spirit, while 3,400 gallons of Konnagar spirit were, for the first time, placed on the market. Spirit manufactured in this country cannot, however, compete in the matter of price with that manufactured in Java, which now practically monopolises the market for industrial purposes. The quantity of Java spirit issued was 132,188 gallons against 70,331 in the previous year. Only 53 gallons imported from the United Kingdom and 10,525 gallons from Hamburg were so issued. No spirit already methylated was imported during the year.

Fluctuations.

SECTION VI.—TARI.

46. The receipts were Rs. 12,39,376 against Rs. 11,82,201 in the previous year. There was a decrease of 1,032 in the number of licenses and an increase of Rs. 57,175 in revenue.

Statistics.

47. The number of licenses issued was 11,422 against 12,471 in the previous year, a decrease of 1,049. In Bihar a substantial reduction was made in the number of tari shops during the year. In Patna the number was reduced by 140, in Gaya by 273, in Shahabad by 167, in Saran by 99, in Champaran by 8, in Muzaffarpur by 254, in Darbhanga by 30, in Monghyr by 53 and in Bhagalpur by 18. The reduction had the effect of securing competition at the annual sales and there was an increase of revenue in almost all the districts. The increase is marked in Patna (Rs. 18,240), Gaya (Rs. 6,879), Shahabad (Rs. 5,698), Muzaffarpur (Rs. 5,012) and Bhagalpur (Rs. 5,301). Mr. Lang, Collector of Saran, writes as follows:—

Fermented tari.

"By reducing the number of licenses a keen competition is created among the pasis. The substantial pasis are growing into importance and insignificant ones are working under them as employés. On account of reduction of licenses during the last two years the

trees are not tapped so indiscriminately, hence the owners, who try to enhance the rents whenever a shop changes hands, cannot now insist upon the increase. Tari, however, is too cheap at present and is therefore drunk to excess. It is the exception to meet on the roads or in the shops men who have drunk too much country spirits, but intoxication from tari is unfortunately frequent."

This experience corroborates the view that much of the blame really due to tari is often wrongly imputed to the outstill in Bihar. With the abolition of outstills and consequent increase in price of country liquor, excessive indulgence in tari is likely to become still more noticeable. In the municipal towns of Muzaffarpur and Hajipur, where the population is more than 20,000, the number of tari shops has been reduced from 163 and 76 to 81 and 40, respectively, during the last two years. In the Bhagalpur town the number of tari shops has been reduced from 93 to 20 during the current year, at the instance of the local Excise Committee, which was convened to consider the number and location of liquor shops. Such drastic reduction seems to indicate that the consumers of tari and the pasis who sell it, being the poorest classes of the community, would receive but scant consideration if their interests were left at the mercy of influential local bodies. In Monghyr only 684 licenses have been settled during the current year, as against 792 in 1908 09, with an increase of Rs. 5,453 in demand. It is stated that applications for new shops in areas already congested were summarily rejected and the unsuccessful applicants generally found it to their interest to compete for existing shops rather than remain waiting for new ones. In Bihar the excessive number of tari shops was the subject of unfavourable comment by the Excise Committee, and since then a reduction of nearly two thousand licenses has been made The increase of Rs. 14,437 in Calcutta was mainly due to the realization of two months' fees as advance instead of one month's fee, with a view to check reckless bidding at the auction sales and subsequent surrender of licenses. In Darbhanga there was a decrease of Rs. 4,855. The tari vendors in this district were allowed time to pay their fees in consideration of famine.

Fresh tari.

48. Licenses for the sale of fresh tari were taken out in 14 districts against 17 districts in the previous year. The number of licenses, however, rose from 180 to 197, In Calcutta there was an increase of 17 licenses; this indicates a slight revival of the demand for fresh juice which has, for several years past, been on the decline.

SECTION VII.—PACHWAI.

Statistics.

51. The total number of licenses issued for the retail sale and home-brewing of pachwai was 10,712 against 10,878 in the previous year, showing a decrease of 166. The receipts fell from Rs. 6,15,945 to Rs. 6,08,408, or by Rs. 7,537.

License for retail sale and revenue.

52. The revenue decreased from Rs. 5,93,732 to Rs. 5,85,506 or by Rs. 8,226. The decrease was heavy in Burdwan (Rs. 4,110), Birbhum (Rs. 4,029), Murshidabad (Rs. 2,384) and the Sonthal Parganas (Rs. 7,440), and was due to the settlement of shops at reduced fees on account of the high price of food-grains. In the Sonthal Parganas a remission of 40 per cent. on the license-fees was granted to all pachwai vendors during the months of June to September 1908 on account of the high price of rice. There was an increase of Rs. 8,968 in Manbhum, due to the settlement of shops at increased fees in the colliery tract on account of keen competition. The districts of Burdwan and Birbhum contributed Rs. 3,82,511 or nearly 63 per cent. of the total revenue, the Sonthal Parganas Rs. 50,542, Darjeeling Rs. 44,049, Bankura Rs. 27,412 and Murshidabad Rs. 20,668.

SECTION IX.—GANJA.

Retail licenses.

58. The number of licenses issued for the retail sale of ganja was 2,045 against 2,040 in the previous year. The license-fees realised were Rs. 12,49,972 against Rs. 11,76,621 in the previous year, showing an increase of Rs. 73,351. A heavy fall in the wholesale price of ganja at Naugaon caused the vendors to anticipate larger profits and so to bid more freely for the licenses.

Consumption.

59. There was an increase of 98 maunds in the quantity of ganja consumed within the province.

SECTION X—SIDDHI, SABZI OR BHANG.

Collection of *bhang* under Government supervision.

66. *Bhang* grows wild in most of the districts which lie to the north of the Ganges and east of the Bhagirathi. It is, however, collected under Government supervision in Monghyr, Bhagalpur and Purnea only. Two Sub-Inspectors with four peons are temporarily deputed each year for two months to supervise the collection, which generally takes place in May and June. The total quantity collected was 1,078 maunds against 871 maunds in the previous year.

Licenses.

67. The total number of licenses issued was 572 (500 for retail sale and 72 druggists' permits) against 477 (448 for retail sale and 29 druggists' permits) in the previous year. Calcutta is responsible for nearly the whole of this increase. Any *ganja* vendor who so desired was allowed to take out a license for the sale of *siddhi* and all took advantage of the concession. By this means a vexatious monopoly was broken up and separate shops for the sale of this drug ceased to exist, but the number of licenses issued rose from 20 to 63.

Consumption.

68. The consumption of *bhang* within the Province was 1,350 maunds against 1,320 maunds in the previous year. * *

Revenue.

69. The receipts from license-fees and duty amounted to Rs. 1,07,512 against Rs. 97,828 in the previous year. The increase of Rs. 9,684 is contributed both by license fees Rs. 8,717) and duty (Rs. 967). In Calcutta there was an increase of Rs. 5,157 in license-fees. The increase is, however, nominal as the previous year's receipts comprised the fees for 10 months only, the fees for the remaining two months having been paid in advance three years ago at the time of the triennial settlement.

Enhancement of duty.

70. Duty on *bhang* has been raised from 8 annas to 12 annas per seer in Patna, Gaya, Shahabad, the Sonthal Parganas and the Chota Nagpur Division and from 12 annas to Re. 1 per seer in Calcutta, Howrah, Hooghly and the 24-Parganas, from the 1st April 1909. In Birbhum and Bankura duty has been raised from 8 annas to 12 annas per seer, from the 1st July 1909.

SECTION XI—CHARAS.

Licenses.

71. The number of licenses issued was 56 as in the previous year.

Imports.

72. The total quantity of *charas* imported during the year was 43 maunds 27 seers against 44 maunds 28 seers in the previous year. The drug was imported direct from the Punjab into Calcutta, the 24-Parganas, Birbhum and Gaya. Other districts obtained their supplies from these districts.

Consumption.

73. *Charas* is principally consumed in the districts of the Burdwan and Presidency Divisions. Of the 32 maunds in round figures imported into Calcutta, 19 maunds were consumed locally and 13 maunds were transported to other districts, the corresponding figures in the previous year being 21 maunds and 11 maunds, respectively. The consumption of *charas* depends largely upon the price of *ganja* and as the price of the latter fell, the consumption of *charas* correspondingly decreased.

SECTION XIII.—OPIUM.

Licenses for retail sale.

75. The total number of licenses issued for the retail vend of opium was 1,355 against 1,339 in the previous year, showing an increase of 16. Twenty-four new shops were opened in 13 districts to meet local demand and discourage illicit practices, while in six districts 8 shops which appeared unnecessary, or in which the sales were small, were closed.

License fees.

78. The revenue from license fees rose from Rs. 6,52,531 to Rs. 6,57,895 or by Rs. 35,364. The increase was largest in Calcutta (Rs. 9,586), where in spite of the restrictions imposed on the issues of opium to each shop, bids ran high at the last settlement.

Consumption and duty.

79. The consumption of opium within the Province was 2,333 maunds against 2,201 maunds in the previous year, showing an increase of 132 maunds. The increase was large in Calcutta (105 maunds 11 seers), the 24-Parganas (42 maunds 21 seers) and Patna (17 maunds 33 seers). The increase in Calcutta and the 24-Parganas was chiefly due to increased smuggling into Burma. The increase in Patna is attributed to the reduction in the retail price, but a case of smuggling of duty-paid opium from this district was detected. In Gaya there was an increase of 3 maunds 14 seers, which was due to some extent to smuggling of duty-paid opium into Burma. Three Chittagonians with 12 seers of Excise opium were arrested at the Gaya Railway Station by the Railway Police. With a view to check smuggling into Burma, the supply of opium to each shop in Calcutta and the adjoining districts of the 24-Parganas, Howrah and Hooghly has been limited to the estimated normal local demand. Power has been taken to cancel the license if there is reason to believe that it is used as a cloak for illicit sales, including sales to opium-smugglers. The register showing the quantity of opium issued to each shop is carefully examined every month and when any abnormal increase in any shop is noticed which cannot be satisfactorily explained, immediate action is taken. In Monghyr there was an increase of 1 maund 39 seers, due to the discontinuance of poppy cultivation in thana Kharagpur and portions of thanas Monghyr and Chakai. In Bhagalpur there was also an increase of 1 maund 38 seers, due to the abolition of poppy cultivation from the district.

There was a decrease of 7 maunds 33 seers in Midnapore, due to restriction of supply to border shops whence opium was smuggled into Orissa. The abnormal consumption of opium in the Orissa districts has been temporarily checked. But smuggling is reported and increased preventive establishments are demanded by the Collectors. There was a decrease of 6 maunds in Cuttack, 13 maunds in Balasore and 10 maunds in Puri. In Balasore 6 more shops have been abolished during the current year and the majority of *hát* shops removed to a distance from the market places. A condition has been inserted in all opium licenses forbidding the employment of hawkers for the sale of opium. In Purnea one of the reasons assigned for decrease of consumption which amounted to 1 maund 29 seers, is that a good many opium eaters and smokers have been sent to jail in connection with bad

livelihood cases. Indulgence in these habits is usually brought forward as a proof of bad character. Two hundred and one maunds of opium were issued to Foreign and Feudatory States against 229 maunds in the previous year.

The receipts from duty increased from Rs. 19,96,676 to Rs. 20,61,649 or by Rs. 64,973.

Total receipts.

80. The total receipts amounted to Rs. 27,19,544 against Rs. 26,19,207, showing an increase of Rs. 1,00,337, Rs. 35,364 from license fees and Rs. 64,973 from duty.

Madak and Chandu.

81. The habit of opium smoking is prevalent throughout Orissa, Midnapore and also in those large towns of the Province where the population is largely composed of low-class Muhammadans, especially in Patna, Bhagalpur and Murshidabad, inhabited by descendants and adherents of formerly illustrious families. Mr. Lyall, Collector of Bhagalpur, writes as follows :—

"The abolition of the system of licensing Madak and Chandu shops in this district does not appear to have resulted in a diminution of the pernicious habit of opium-smoking, as was fondly hoped for by the reformers. Apart from the consumption by individuals in their homes, no less than nine smoking dens are known to exist in the town of Bhagalpur alone and although four of them have been successfully raided during the past 8 months or so, and some of the culprits are undergoing rigorous imprisonment, there has been no perceptible decrease either in the number of smokers or in the smoking habit. Information of the existence of smoking dens in the Subdivisional towns has also been received although they could not be run down within the year for want of a sufficient number of trained detective officers"

A special report on the subject was submitted in this office letter No. 6T.E., dated the 18th April 1909. It was suggested that all gatherings for the purpose of smoking and all manufacture of Madak and Chandu, save by an individual of a small quantity for his own consumption, should be declared illegal.

SECTION XIV.—COCAINE.

Licenses.

85. The total number of licenses issued was 260 against 245 in the previous year. It is difficult to restrict the number of licenses, as every so called chemist, who may require to dispense a prescription, represents that he cannot carry on business without a cocaine license. It will probably be necessary to enforce limitation by demanding some professional qualification before granting a license.

Abuses.

86. The number of persons convicted of illicit sale and possession of cocaine was 157, *viz.*, 123 in Calcutta, 19 in Bhagalpur, 7 in Hooghly, 4 in Purnea, 2 in the Sonthal-Parganas and 1 in each of the districts of Patna and the 24-Parganas. In Calcutta the quantity of cocaine seized was 53 oz. of pure cocaine and 19½ oz. of admixture of cocaine against 293 oz. in the previous year. It is evident that indulgence in the drug has been rendered more difficult, as illicit supplies are now very restricted and the cost materially enhanced.

SECTION XV.—OFFENCES AGAINST THE EXCISE AND OPIUM LAWS.

Arrests and convictions.

89. There were 2,885 persons arrested against 3,045 in the previous year, a decrease of 160. The fall was most marked in Birbhum (106), 24-Parganas (109), and Sonthal Parganas (11).

Work of Excise and other officers.

90. The number of persons arrested by Excise officers fell from 2,365 to 2,133 or by 232 and those by other officers increased from 680 to 752 or by 72.

Number imprisoned.

91. The number of persons imprisoned during the year was 156 against 112 in the previous year.

Fines and rewards.

93. During the year the fines imposed and realized amounted respectively to Rs. 66,243 and Rs. 48,736 against Rs. 61,750 and Rs. 43,163 in the previous year, the percentage of realization being 73·6 against 69·9 in the previous year. * *

THE MYSORE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION, 1909

NOTIFICATION.

No. 3634.—The 28th August 1909.—The following prospectus and rules relating to the Industrial and Agricultural Exhibition to be held at Mysore in October 1909, are published for general information.

J. G. CUMMING,

Offg. Secy. to the Govt. of Bengal.

PROSPECTUS OF THE DASARA EXHIBITION OF 1909.

Introductory.—With the sanction of the Government of His Highness the Maharaja of Mysore, the Committee issue the following prospectus in connection with the exhibition of 1909.

2. *Opening of the Exhibition.*—This year the Exhibition will commence on Monday, 18th October 1909, and close on Sunday, 31st. The Cattle Show will begin on Monday, 25th October, and close on Thursday, 28th. It may be observed that the show generally offers a good opportunity for people desirous of purchasing good specimens of Mysore cattle.

3. *Object of the Exhibition.*—The primary aim of the Committee is to impart to the Exhibition an educative character and to bring together articles, machinery and processes, the use of which it is desirable to bring to the notice of the raiyat, the artizan and the manufacturer by actual demonstration. But as the Exhibition of a single specimen may not afford full information, and may not be sufficiently attractive to the visiting public, articles intended for sale will also be admitted.

Articles on sale versus *samples.*—Articles on a larger scale sent merely for sale will have to be kept in separate stalls and under the charge of the exhibitors or their agents. There is no objection to the sale of actual exhibits, but they will not be allowed to be removed from the Exhibition grounds till the termination of the show. Articles admitted for purposes of sale alone may be removed after purchase. No article will be allowed to leave the Exhibition grounds without a gate pass.

4. *Plan of the buildings.*—A plan of the Exhibition grounds showing buildings and the extent covered and open space available is appended to this prospectus. Those who desire to have special facilities for the sale of articles or demonstration of processes, are requested to place themselves in communication with the Secretary to the Exhibition Committee.

5. *Horticultural Show.*—The Horticultural Show comprising "class" and "group," etc., mentioned in the first section of the prospectus, will be held on the 25th October 1909, and kept open till the close of the following day.

6. *Lectures and demonstrations.*—Lectures will be delivered by competent persons in English and Kanarese on subjects connected with Industry, Agriculture, Health and Sanitation, the value of agricultural implements and machines, their cost, construction and repairs. Arrangements will also be made for holding a competition on the Exhibition grounds in Ploughing, Weaving and processes connected therewith. The exact time and the place of the lectures and demonstration will be announced later on by handbills and notices.

7. *Donations.*—The Committee would thankfully accept donations for awarding prizes or medals from individuals or associations desiring to give an impetus to any special branch of Agriculture or Industry.

8. *Classification of exhibits.*—The classification of exhibits will be according to the price-list subjoined to the prospectus and entries in several sections should be made in the application forms prescribed.

9. *Open to all India.*—The Committee invite exhibits from all the districts in the State as well as from outside. They also appeal to the various agricultural departments and associations in other parts of India, Burma and Ceylon to help them with exhibits and suggestions.

10. *Judges.*—Leading raiyats and non-official gentlemen will be invited to assist the Committee in judging the exhibits.

11. *Admission fees for visitors.*—An admission fee of annas two per head will be levied each time a person enters the Exhibition buildings. Season tickets will be issued at Re. 1 per head. These are not transferable, but books of eight single tickets may be had also at Re. 1 per book. If possible, return railway season tickets between Bangalore and Mysore at a reduced rate which will admit to the Exhibition for the whole season, will be arranged for.

RULES AND REGULATIONS.

1. *Noxious articles.*—Explosives or any substance noxious or dangerous will not be admitted by the Committee.

2. *Particulars re exhibits.*—Intending exhibitors are requested to send to the Secretary to the Exhibition Committee, particulars of exhibits they intend to forward and the amount of space which their exhibits may take up in the necessary entry form appended to this prospectus Forms may also be obtained from the District, Divisional and Taluk Officers or from the Secretary to the Committee; plain paper of foolscap size may also be used provided all the headings in the form are properly copied and filled up and separate sheets should be used for each section.

3. *Applications from exhibitors.*—Applications should reach the Secretary not later than 15th September 1909. Each application should contain a post-card on which the address and post town of the exhibitor are legibly written.

4. *Lists from taluks.*—Deputy Commissioners of districts with the District Committee, Subdivisional Officers and Amildars of Taluks are requested to convene, as early as possible, a meeting of the leading artizans, raiyats and merchants residing within their respective charges to explain to them fully the object and scope of the Exhibition, to carefully acquaint them with the rules and regulations drawing particular attention to such paragraphs as 2, 3, 10, etc., to distribute to them forms of applications to have them filled up by intending exhibitors compile them, and to forward them to the Secretary.

5. *Articles not enumerated.*—The classified list of prizes will show the nature of articles which can compete at the Exhibition. Articles not especially enumerated in the prize-list may, however, be admitted by the Committee at their discretion.

6. *No fees to be charged for exhibits.*—No fees will be charged for the admission or registration of exhibits or for the space allowed for them.

7. *Acceptance of exhibits.*—The Committee reserve to themselves absolute discretion as regards the acceptance or rejection of exhibits and the allotment of space covered or uncovered.

8. *Delivery of exhibits.*—Articles intended for the Exhibition may be brought by the exhibitor or his agent or servant and delivered at the Exhibition grounds or sent by post or railway, and all Taluk and District exhibits should be sent through the Deputy Commissioners of districts.

9. *Payment of freight and transport charges.*—No exhibits in respect of which the necessary freight or transport charges have not been paid by the exhibitor, will be accepted by the Committee.

10 *List of particulars.*—All packages received or delivered and all implements and machinery intended for the Exhibition must bear a label specifying name and number of exhibits and the registered number of the exhibitor and must be addressed to the Secretary. They must contain a list in duplicate showing the name or description of the article, its price, the place of production or manufacture, name of the manufacturer or exhibitor; in the case of exhibits in the agricultural section, essential particulars such as—

(1) The season of sowing.
(2) The soil on which they are grown.
(3) The quantity of seed per acre.
(4) The manure used.
(5) Whether any irrigation is required.
(6) The time required for the maturing of the crop.
(7) The average yield per acre.
(8) Any other interesting details regarding cultivation should be given.

11. *Exhibits which have already won prizes.*—Exhibits which have won prizes or medals in the Mysore Exhibitions of 1906, 1907 and 1908 shall be precluded from competing for prizes, though there is no objection to their being accepted for purposes of show or sale.

12. *Date of delivery of exhibits.*—Intending exhibitors are requested to send the exhibits so as to reach Mysore on the 25th September 1909, from which date the Committee will arrange to take charge of exhibits. BUT NO EXHIBITS WILL BE RECEIVED AFTER THE 5TH OCTOBER 1909.

13. *Belated exhibits.*—Articles that are not delivered at the Exhibition Hall in the time fixed may be admitted at the discretion of the Committee subsequent to the dates mentioned in paragraph 12, but shall not be entitled to compete for prizes.

14. *Perishable articles.*—Vegetables, fruits, and other perishable articles may, however, be delivered at the Exhibition Hall till 7 P.M., on the 24th October 1909.

15. *Admission of exhibits.*—No exhibits will be admitted without a pass signed by the Secretary or members of the Committee on duty at the Exhibition grounds.

16. *Responsibility of exhibitors.*—Exhibitors will have to pay every expense of transit, delivery, fixing and removing their exhibits and they must either personally or by their agents or servants superintend their reception and removal, in default of which, the

Committee reserve to themselves the right of doing whatever may be considered necessary at the expense of the exhibitor.

17. *Committee accept no responsibility.*—No responsibility will be accepted by the Committee as to any damage or loss howsoever occurring.

18. *Special facilities.*—Exhibitors are requested to mention in their applications whether they wish to illustrate practically any processes of manufacture or the working of any implement or machinery and, if so, to state briefly the nature of the demonstration and any special facilities they require.

19. *Special arrangement to be made at the exhibitors' expense.*—If the exhibitors require any special arrangements to be made (or have to mount their machinery) they must carry them out at their own expense, but the Committee will be glad to give such aid as may be possible in the shape of getting skilled or unskilled manual labour at the exhibitors' expense. The expenses of demonstrating machinery and implements should be borne by the exhibitor except where special arrangements have been made with the Committee.

20. *Valuable exhibits.*—All valuable exhibits must be forwarded under the charge of an attendant.

21. *Exhibits unaccompanied by men in charge.*—Exhibitors who are unable to attend personally or send their agents in charge of exhibits may make special arrangements with the Committee for the exhibition of their goods on payment in advance in full of the estimated expense.

22. *Weighing of exhibits.*—The Committee entrust the work of receiving the exhibits to responsible officials. But as the goods are landed near the Exhibition grounds by special arrangements, it is not possible to weigh every consignment before taking delivery of it. So exhibitors are requested to take every possible precaution in packing their exhibits and to send to the Committee in time an accurate list of exhibits sent by them. Exhibitors who wish that their consignments should be weighed at the Railway Station before delivery, should intimate their wish to the Secretary in time and remit in advance a special fee of Re. 1 on each consignment to be thus weighed,

23. *Acknowledgment of exhibits.*—Receipt of exhibits will be acknowledged by return of the duplicate list mentioned in paragraph 10 to the exhibitor duly signed by the Secretary. No other kind of receipt will be sent. Any differences between the list and the articles actually received will be noted in the duplicate list.

24. *Free pass to exhibitors.*—In cases in which the owners themselves are in charge of exhibits, the necessary free pass will be given.

25 *Free admission to* bonâ fide *raiyats and artizans.*—Raiyats and artizans unable to pay fees, belonging to the Mysore State or from outside, who produce certificates of identification signed by their respective Taluk Officers in Form B appended to this prospectus, will be admitted free.

26. *Space for exhibits on sale.*—Accommodation will be found within the Exhibition grounds, as far as possible, for articles intended for sale. But those who wish to send articles on a large scale would do well to have temporary booths put up at their own cost in the Exhibition grounds by previous arrangements with the Committee.

27. *Articles on sale.*—Articles on sale or those sold should in every case have cards attached to them notifying the same.

28. *Removal of exhibits.*—All exhibits must be removed within a week after the close of the Exhibition. Exhibits remaining after that time will be disposed of as the Committee deem fit. Perishable articles will be allowed to be removed at the option of the owner or purchasers within 24 hours after the opening of the Exhibition.

29. *Exhibits on loan.*—Works of art and articles of special merit including those of antiquarian interest will be thankfully received. Gentlemen willing to lend them are requested to place themselves in communication with the Secretary or any of the members of the Committee who will inform them of the acceptance of the offer and will make necessary arrangements in connection with the exhibition of articles.

30. *Exhibits belonging to departments of Government.*—Articles or cattle exhibited by any department of Government will not be eligible for money prizes or medals, but may be awarded certificates of merit. This rule does not preclude Government servants or pupils of Industrial Schools from competing for prizes if the exhibits are manufactured by themselves.

31. *Admission of live-stock.*—All cattle and sheep brought for this show will be located in a convenient place before the first selection and only such of the animals as are selected will be permitted to be picketed in the sheds provided at the show-yard according to breed, age and size, etc.

32. *Accommodation for cattle.*—Accommodation will be provided free of cost for about 150 head of cattle.

33. *Grant for fodder.*—A sum of 4 annas will be given for each head of cattle selected, per day, for the four days from 25th to 28th, both days inclusive.

34. *Admission to the show grounds.*—Only pass or ticket-holders will be allowed to the show grounds, while the cattle are judged.

35. *Practical test.*—Working cattle may, at the owners' option, be subjected to a practical test as to their powers of draught. They must be the *bonâ fide* property of the exhibitor.

Single bullocks will also be tested both for riding and draught purposes at the owners' option.

36. *Care-taker.*—Each animal or lot competing separately must be in charge of a care-taker who will remain in charge of the exhibit and must be ready to lead it out at any time as required by the Committee.

37. *Distribution of awards.*—Prizes and medals will be distributed at the close of the Exhibition. This year it is proposed to hold a distribution of prizes in the Exhibition grounds on or about the 30th October 1909.

38. *Number of Judges,*—The Judges in each class or group will not be less than three, but no prizes will be awarded unless in the opinion of the Judges the exhibits merit the reward. Judges cannot compete for prizes in classes or sections in which they are Judges.

39. *Photograph of articles exhibited.*—No article exhibited may be copied, photographed drawn or reproduced in any manner without the special permission of the exhibitor and the Committee. General photographs of the stalls may, however, be taken with the permission of the Committee.

40. *Committee's decision final.*—The Committee have full power to make rules for the conduct of the Exhibition under these Regulations and their decision is final in all cases.

41. *Acceptance of rules.*—All persons who become exhibitors shall be held to signify their assent to and acceptance of the foregoing rules and regulations and also of such other rules as the Committee may hereafter issue, not inconsistent with these regulations.

42. *Communications re the Exhibition.*—All communications regarding the Exhibition should be addressed to the Secretary to the Mysore Dasara Industrial and Agricultural Exhibition Committee, Mysore.

MYSORE,
The 28th April 1909.

G. SUBBUSWAMI IYER,

* The report is for the week ending 4th September 1909.

GENERAL SUMMARY.—Rain fell in all districts excepting Gaya, Monghyr and Palamau. In Puri the fall was heavy; in other districts light. More rain is wanted in parts of Shahabad, Saran, Purnea, Angul and Palamau for *aman* paddy. Harvesting of the autumn crops, including jute, is in progress. Transplantation of paddy continues in some districts. Winter paddy and sugarcane are doing well. Low-land crops have been considerably damaged by floods in parts of Burdwan, Hooghly, Howrah and Murshidabad. The price of common rice has risen in Hooghly, Saran, Puri and Sambalpur, and has fallen in Jessore, Shahabad, Champaran, Monghyr and Bhagalpur. The price of *makai* is falling owing to the full harvest already reaped in some districts. Rinderpest is reported from Murshidabad, Monghyr Balasore, and Sambalpur, and other cattle-diseases from Midnapore, Nadia, Khulna, Patna, Gaya, Saran, Champaran, Muzaffarpur, Angul, Puri, Hazaribagh, Ranchi and Palamau. Fodder is dear in parts of Burdwan owing to the recent floods. The water-supply is sufficient throughout the Province.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

d, drizzling rain; t, thundor; p, passing temporary showers; o, overcast.

DECLARATION.

No. 1887J.D.—The 16th September 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Jinagora Branch of the East Indian Railway as is edged with pink upon the plan. The Jinagora Branch leaves the Jharia-Pathurdih line at mile 176 feet 4,481, and whereas coal mines are situate under the said land, and whereas Messrs. Khimji Moorji & Co. have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 10 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Messrs. Khimji Moorji & Co. have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore the Lieutenant-Governor of Bengal is pleased to declare under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Messrs. Khimji Moorji & Co. in the manner and subject to the restrictions below specified, viz.:—

(*a*) No gallery shall be driven and no coal shall be extracted in any place where the distance from the natural surface to the top of the gallery, if driven, is less than 50 feet.

(*b*) Where the distance from the natural surface to the top of the gallery, if driven, is 50 feet or more, galleries not exceeding 12 feet in width by 12 feet in height may be driven with centres not less than 50 feet apart.

(*c*) In all cases the mixed coal and shale lying above the true coal of the seam shall be left as a roof.

(*d*) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act, 1901.

(*e*) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

(*f*) The above restrictions apply to No. 10 seam only and to the area edged with pink on the plan, and Messrs. Khimji Moorji & Co. shall give notice under section 4 of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked I. A. M. A. No. 140 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

IRRIGATION DEPARTMENT.

WATER-RATE RULES FOR TRIBENI CANAL.

The 21st September 1909.

No. 12.—Notification.—With reference to notification No. 5, dated 31st March 1908, which was published in the *Calcutta Gazette* of the 1st April 1908 at page 788, Part I, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Tribeni Canal, with effect from the 1st April 1910.

T. BUTLER,
Secy. to the Govt. of Bengal.

General Conditions.

1. The revenue administration of the Tribeni Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water rates.

2. The Collector of the district is responsible for the collection of water rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from an order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14 the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

On Applications.

5. Any person who requires a lease for water may apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These preliminary applications must be made in writing and may be on plain paper. The person receiving them shall enter on the back any further date required.

On Leases and Permits.

6. Leases for the supply of water for any crop may be granted, on application, by the Subdivisional Canal Officer.

7. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III and IV, and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and V.

On Water Rates.

8. The following rates will be charged for water supplied, whether taken by lift or flow:—

		Rs.	A.
I.	For leases for *kharif* crops, 1st June to 15th November ...	2	0
II.	For leases for *rabi* crops, 1st November to end of February ...	1	4
III.	For each watering supplied between 1st March and 1st June...	0	12

On Demand Statements.

9. The statement of the amounts due for the water rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative before the demand statement is sent to the Collector for realization. Persons charged under rule 21 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged.

10. The rates of water supplied on *kharif* leases shall be payable in two equal instalments falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied on *rabi* leases shall fall due on the 1st April following.

The rates for water supplied between 1st March and 1st June shall fall due on the 1st July following.

11. Water rates imposed under rule 8 shall fall due as soon as the assessment is made and shall be realised at once.

12. Objections to the demand statements must be presented within thirty days of the date on which the *parcha* was received by the *lambardar*, but the period shall be extended where reasonable cause for delay can be established.

On Remissions.

13. Remission of water rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

14. Remissions on other grounds than the above require the sanction of Superintending Canal Officer.

15. In cases where sums due on account of water rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

On Cultivators' Representators.

16. In all applications and permits the names of one or more persons shall be entered as *lambardar*, who will be responsible for discharging the duties mentioned below:—

(*i*) Obtaining signatures to applications and certifying to the correctness of the name.

(*ii*) Attending and giving assistance in measuring land irrigated, or proposed to be irrigated.

(*iii*) Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area, or any channel, is complete.

(*iv*) Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.

(*v*) Being present when complaints are investigated by a Canal Officer, or subordinate, and giving information required in connection with the same.

(*vi*) Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.

(*vii*) Reporting before the 15th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharif* season so that these cases may be investigated before water rates are demanded.

(*viii*) Assisting the Collector by pointing out the residences of the persons assessed and identifying them.

17. The remuneration for performing the duties mentioned in the rule immediately preceding shall be two per cent. on the assessment (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

18. The *lambardar* will be appointed by the Subdivisional Officer in consultation with the applicants for the lease, and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants or to two or more persons being jointly

appointed as *lambardars* on behalf of the whole of the applicants. In case the Subdivisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

19. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

20. The fees to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable for reasons to be recorded in writing.

On Unauthorised Irrigation.

21. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

22. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

23. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 21 and return the record to the Subdivisional Canal Officer who shall then complete the assessment. Water rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

24 Applications for leases may be subsequently received from villages in which unauthorised irrigation has occurred, and these villages may be granted leases; in such cases the persons assessed under rule 21 shall also pay the water rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 21. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 21.

On Penalties and Cancelling of Leases.

25. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to cease to issue permits for the irrigation of lands in villages where there have been constan difficulties in realising water rates until all the arrears of water rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

Miscellaneous.

26. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords and ferries and their approaches as have been provided for the purpose. Any person who after due warning breaks this rule may be proceeded against under section 93, caluse (9) of the Bengal Irrigation Act III of 1876.

27. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

28. Any Canal Officer may, in the case of pressing emergency, stop the supply of water to any canal or distributary. If such order is passed by an officer below the rank of a Divisional Canal Officer, it shall forthwith be reported to the Divisional Canal Officer, and if the stoppage exceeds five days in duration, to the Superintending Canal Officer.

29. No water shall be supplied nor shall any person be entitled to a supply of water until a permit signed by a Canal Officer authorised to sign a permit, has been signed and issued.

RESOLUTION.

No. 4410-A.—In the Resolution of this Department, No. 6181A., dated the 29th October 1908, certain instructions were given as to the procedure to be followed by local authorities desirous of floating sterling loans in the open market. It has now been brought to the notice of the Government of India that it would facilitate dealings in such stock in the London market if the firms or institutions connected with the issue of such loans were furnished with copies of Government orders conveying sanction to the raising of the money and authorising the form of the loans. In future, therefore, the borrowing body should as a rule arrange to supply to the firm through which the issue is made a certificated copy of such orders.

Ordered that a copy of this Resolution be forwarded to the Home and the Commerce and Industry Departments and to Local Governments and Administrations; and that the Resolution be published in the *Gazette of India* for general information.

TEST-EXAMINATION OF PRIVATE STUDENTS.

1. A student who has not attended any school, recognised by the Calcutta University, for at least one year previous to the Examination, or who has been transferred since the 1st September next preceding the examination, without the consent of the Inspector, to the school from which he appears, will be treated as a private student.

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test examination unless accompanied, for the purpose of identification, by some person known to the Head Master.

3. The first day of the test-examination in all zilla schools in the Bhagalpur Division will be the 13th December 1909.

4. Each private student will have to pay a fee of Rs. 2 for permission to appear at the test-examination to the head of the Institution at which he appears. The balance of fees, after payment of expenses (stationery, etc.), will go as remuneration to the examiners.

5. Candidates for the test-examination should apply to this office not later than the 20th November 1909. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who had failed at a previous Entrance Examination and did not join a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who had failed to pass the annual examination for promotion to the first class at the end of session 1908-1909 and then left the school cannot under any circumstances be allowed to appear at the Matriculation Examination that will be held on the 1st March 1910 and following days.

7. Each candidate should submit with this application a statement showing—

(1) Age. No candidate who has not completed or will not complete the age of 16 years on the first day of the Matriculation Examination will be allowed to appear at it.
(2) Residence.
(3) Father's name.
(4) Second language, besides English.
(5) Whether he appeared at any previous Entrance Examination.
(6) A certificate signed by a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline.

8. *Bonâ fide* teachers employed in any of the recognised schools in the Bhagalpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and character from their employers, or from the Deputy Inspector of the district concerned.

9. The forms of application for permission to appear at the Matriculation Examination will be signed by the Head Master of the Zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. Applications and fees (amounting to Rs. 12 in each case) for admission to the Matriculation Examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 17th January 1910.

INTERMEDIATE IN ARTS, B.A. AND B.Sc. EXAMINATIONS, 1910.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ-fide* teachers of recognised English schools in the Bhagalpur Division of two years' standing, *i.e.*, who have served as such for full two academical sessions, or for six months in the case of those who were admitted to a former examination of the same class will be admitted to the above examinations. These latter must have served for six months prior to the submission of their applications to the Inspector for countersignature. School-masters should produce certificates of character and length of service (with dates) from the managers of the schools in which they are employed. Their applications must reach this office not later than the 15th January 1910.

2. Candidates for the B.A. Examination must forward with the applications their F.A. certificates, and those for the F.A. Examination their Entrance certificates, *together with a letter, in original, from the Senate of the Calcutta University, permiting them to appear at the examination.*

3. Candidates should read carefully the certificate which this office will have to sign, and must be careful to supply all information and documents required, without which the Inspector must decline to sign it.

4. The F.A. and B.A. Examinations in 1910 will be held on the 10th March 1910 and following days.

5. Applications and fees for admission to the above examinations must be forwarded to the Registrar, Calcutta University, by the candidates themselves so as to reach his office on or before the 24th January 1910.

PROCLAMATION OF SALE.

(Section 287 of the Code of Civil Procedure.)

DISTRICT HOOGHLY.

In the Court of the Certificate Officer, Hooghly Collectorate at Chinsura.

EXECUTION CASE No. 255 OF 1902-03.

Secretary of State for India, decree-holder, against Quazi Bashir-ar-Rahman, of Govindapur, a pati of Furfura, thana Krishnanagar, judgment-debtor.

NOTICE is hereby given that, under section 284 of the Code of Civil Procedure, an order has been passed by this Court for the sale of the attached property mentioned in the annexed Schedule, in satisfaction of the claim of Rajapur Drainage, cost due to the decree-holder in the suit mentioned in the margin, amounting with costs and interest up to date of sale to the sum of Rs. 20,903-2-4 (Rupees twenty thousand, nine hundred and three, annas two and pies four only).

Suit No. 255 of 1902-03 decided by the Certificate Officer of Hooghly in which the Secretary of State for India was plaintiff, and Quazi Bashir-ar-Rahman was defendant.

The sale will be by public auction, and the property will be put up for sale in the lots specified in the sale Schedule. The sale will be of the property of the judgment-debtors above named, as mentioned in the Schedule below; and the liabilities and claims attaching to the said property, so far as they have been ascertained, are those specified in the Schedule against each lot.

In the absence of any order of postponement, the sale will be held by the Certificate Officer at the monthly sale commencing at 12 o'clock on the 23rd September 1909 at Chinsura Court. In the event, however, of the debt above specified and of the costs of the sale being tendered or paid before the knocking down of any lot, the sale will be stopped.

At the sale the public generally are invited to bid, either personally or by duly authorized agent. No bid by, or on behalf of, the judgment-creditors abovementioned, however, will be accepted; nor will any sale to them be valid without the express permission of the Court previously given. The following are the further

Conditions of sale.

1. The particulars specified in the Schedule below have been stated to the best of the information of the Court, but the Court will not be answerable for any error, mis-statement or omission in this proclamation.

2. The amount by which the biddings are to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount bid, or as to the bidder, the lot shall at once be again put up to auction.

3. The highest bidder shall be declared to be the purchaser of any lot, provided always that he is legally qualified to bid, and provided that it shall be in the discretion of the Court or officer holding the sale to decline acceptance of the highest bid when the price offered appears so clearly inadequate as to make it advisable to do so.

4 For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it, subject always to the provisions of section 291 of the Code of Civil Procedure.

5. In the case of moveable property, the price of each lot shall be paid for at the time of sale or as soon after as the officer holding the sale directs, and in default of payment the property shall forthwith be again put up and sold.

6. In the case of immoveable property, the person declared to be the purchaser shall pay immediately after such declaration a deposit of 25 per cent. on the amount of his purchase-money to the officer conducting the sale, and in default of such deposit the property shall forthwith be put up again and sold.

7. The full amount of the purchase-money shall be paid by the purchaser before the Court closes on the fifteenth day after the sale of the property, exclusive of such day, or if the fifteenth day be a Sunday or other holiday, then on the first office day after the fifteenth day.

8. In default of payment of the balance of purchase money within the period allowed, the property shall be re-sold after the issue of a fresh notification of sale. The deposit, after defraying the expenses of the sale, shall be forfeited to Government, and the defaulting purchaser shall forfeit all claim to the property, or to any part of the sum for which it may be subsequently sold.

Given under my hand and the seal of the Court, this 4th day of September 1909.

SYAMA KUMUD MUKERJEE, Certificate Officer.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 10th September, 1909 :

NO. 9 OF 1909.

A Bill to consolidate and amend the law relating to the Indian Museum.

WHEREAS it is expedient *to consolidate and amend the law relating to* the *Indian Museum* ; It is hereby enacted as follows :—

Preliminary.

1. (*1*) This Act may be called the Indian Museum Act, 1909.

Short title and commencement.

(*2*) *It shall come into force on such date as the Governor General in Council, by notification in the Gazette of India, may direct.*

Incorporation of the Trustees.

Constitution and incorporation of the Trustees of the Indian Museum.

2. (*1*) The Trustees of the Indian Museum (*hereinafter called the Trustees*) shall be—

[*Cf.* s. 3, Act XXII, 1876, inserted by s. 3, Act IV, 1887.]

(*a*) the *six* persons *for the time being performing the duties of the following offices, namely* :—

(i) the Accountant General of Bengal;

(ii) *the Principal, Government School of Art, Calcutta ;*

(iii) *the Director, Geological Survey of India ;*

(iv) *the Superintendent of the Zoological and Anthropological Section of the Museum ;*

(v) *the Director General of Archæology ; and*

(vi) *the Superintendent of the Industrial Section of the Museum ;*

(*b*) *one* other person to be nominated by the Governor General in Council ;

(*c*) *three* other persons to be nominated by the Lieutenant-Governor of Bengal ;

(*d*) *one* other person to be nominated by the Council of the Asiatic Society of Bengal ;

(*e*) *one other person to be nominated by the Bengal Chamber of Commerce ;*

(*f*) *one other person to be nominated by the British Indian Association, Calcutta ;*

(*g*) *one other person to be nominated by the Syndicate of the Calcutta University ; and*

(*h*) *three* other persons to be nominated by the Trustees.

(*2*) *The* Trustees shall be a body corporate, by the name of "The Trustees of the Indian Museum," *with* perpetual succession and a common seal, *and in that name shall sue and be sued, and shall have power to acquire and hold property, to enter into contracts, and to do all acts necessary for and consistent with the purposes of this Act.*

(*3*) *The nominated Trustees shall, save as herein otherwise provided, hold office for a period of three years :*

Provided that the authority nominating a Trustee may extend his term of office for one or more like periods.

3. (*1*) The powers of the said body corporate may *only* be exercised so long and so often as there are nine members thereof.

Quorum.

[*Cf.* s. Act XX 1876, Insert by s. 3, A IV, 1887.]

(*2*) *The quorum necessary for the transaction of business at a meeting of the Trustees shall not be less than six.*

[*Cf.* s. Act XX 1876.]

[*Cf.* s. 3 Act IV, 1887.]

Power to appoint new Trustees.

4. If a *nominated* Trustee—

(*a*) dies, or

(*b*) is absent from the meetings of the Trustees for more than twelve consecutive months, or

(*c*) desires to be discharged, or

(*d*) refuses or becomes incapable to act, or

(*e*) *is appointed to perform the duties of any* office *specified in* section 2, clause (*a*),

the authority which *nominated* the Trustee may *nominate* a new Trustee in his place.

Vacation of office by existing Trustees.

5. *From the commencement of this Act the term of office of all persons appointed to be Trustees under the In-*

XXII of 1876. *dian Museum Act, 1876, shall cease.*

Property and Powers of the Trustees.

[*Cf.* s. 6, Act XXII, 1876.]

Property vested in or placed under the control of the Trustees.

6. (*1*) *All the property, whether moveable or immoveable, which at the commencement of this Act is held by the Trustees of the Indian*

XXII of 1876. *Museum constituted by the Indian Museum Act, 1876, on trust for the purposes of the said Museum shall, together with any such property which may hereafter be given, bequeathed, transferred or acquired for the said purposes, vest in the Trustees of the Indian Museum constituted by this Act on trust for the purposes of the said Museum:*

Provided that the Trustees may expend the capital of any portion of such property which may consist of money on the maintenance, improvement and enlargement of the collections deposited in, presented to or purchased for the said Museum or otherwise for the purposes of the same as they may think fit.

(*2*) The Trustees shall have the exclusive possession, occupation and control, for the purposes of such trusts, of *the land specified in the schedule, including any buildings which may have been, or may hereafter be, erected thereon,* other than those portions thereof which have been set apart by the Trustees for the records and offices of the Geological Survey of India.

[*Cf.* s. 7, Act XXII, 1876.]

Power of Trustees to make bye-laws.

7. (*1*) The Trustees may from time to time, *with the previous sanction of the Governor General in Council,* make bye-laws consistent with this Act *for any purpose necessary for the execution of their trust.*

(*2*) *In particular and without prejudice to the generality of the foregoing power, such rules may provide for—*

(*a*) *the management of the said Museum;*

(*b*) the summoning, holding and adjournment of general and special meetings of the said Trustees;

(*c*) the securing the attendance *of Trustees* at such meetings;

(*d*) the provision and keeping of minute-books and account-books; and

(*e*) the compiling of catalogues.

[*Cf.* s. 8, Act XXII, 1876.]

Power of Trustees to appoint officers and servants.

8. Subject to such regulations and conditions *as may be prescribed by them in this behalf,* the Trustees shall appoint, and may remove or suspend, *so many* officers and servants *as may be necessary or proper for* the care or management of the trust-property, *and may assign to such officers and servants such pay as they may think fit:*

Provided that—

(*a*) no officer *shall* be appointed—

(i) if such officer is, at the date of his appointment, in India, without the approval of the Governor General in Council, or

(ii) if such officer is not then in India, without the approval of the Secretary of State for India in Council; *and*

(*b*) no new office *shall* be created, and no salaries of officers *shall* be altered, without the previous sanction of the Governor General in Council.

Power of Trustees to exchange, present or sell duplicates.

[*Cf.* s. 9, Act XXII, 1876.]

9. The said Trustees may from time to time—

(*a*) order any duplicates of printed books, medals, coins, specimens of natural history or other curiosities deposited in the Indian Museum to be exchanged for manuscripts, books or other objects of interest, *or to be presented to any other Museum in British India*; or

(*b*) may direct any such duplicates to be sold and the money to arise from such sale to be laid out in the purchase of manuscripts, books, maps, medals, coins, specimens of natural history or other curiosities that may be proper for the said Museum.

Duties of the Trustees.

[*Cf.* s. 11, Act XXII, 1876.]

Trustees to furnish annual reports and accounts.

10. (*1*) The Trustees shall furnish on or before the first day of December in each year—

(*a*) *to the Government of India* a report of their several proceedings for the past twelve months; and

(*b*) to such auditor as the Governor General in Council appoints in this behalf, accounts of all moneys expended by the Trustees during the past twelve months, supported by the necessary vouchers.

(*2*) The Trustees shall cause such report and accounts to be published annually for general information.

[*Cf.* s. 12, Act XXII, 1876.]

Collections of Asiatic Society to be kept distinguished in the Museum.

11. (*1*) The Trustees shall cause every article in the collections *in the said Indian Museum formerly* belonging to the Asiatic Society *of Bengal* and all additions that may hereafter be made thereto, otherwise than by purchase under section 6, to be marked and numbered and (subject to the provisions contained in sections 9 and 16) to be kept and preserved in the said Museum with such marks and numbers.

(2) *An* inventory of such additions shall be made by the said Society, one copy whereof shall be signed by the Trustees and delivered to the said Society, and another copy shall be signed by the Council of the said Society and delivered to the Trustees, and shall be kept by them along with the inventory delivered to the *predecessors in office of the* Trustees *when the said collections were deposited in the said Museum.*

[*Cf.* s. 13, Act XXII, 1876.]

Articles received in exchange or purchased and moneys paid on sale to be held on trust.

12. All objects taken in exchange under section 9 and all moneys payable on sale *or articles purchased in accordance with the terms of* the same section shall be held on trust and subject to powers and declarations corresponding as nearly as may be with the trusts, powers and declarations by this Act limited and declared.

Supplemental Provisions.

[*Cf.* s. 14, Act XXII, 1876.]

Officers under Act to be public servants and *subject to Civil Service Regulations.*

13. All officers and servants appointed under this Act shall be *deemed to be* public servants within the meaning of the Indian Penal Code; and, so far as regards their salaries, allowances and pensions and their leave of absence from duty, they shall be subject to the rules *which under the Civil Service Regulations for the time being in force would be applicable if their service was service under Government.*

XLV of 1860.

[*Cf.* s. 5, Act IV, 1887.]

Power of Trustees to keep collections not belonging to them.

14. Notwithstanding anything *hereinbefore contained*, the Trustees may, if they think fit, with the previous sanction of the Governor General in Council, and subject in each case to such conditions as he may approve and to such rules as he may prescribe, assume the custody and administration of collections which are not the property of the Trustees for the purposes of their trusts under this Act and keep and preserve *such* collections either in the Indian Museum or elsewhere:

Provided that if the trust constituted by this Act is at *any time* determined, *any such* collections shall not by reason of their then being in the Indian Museum become the property of *His Majesty.*

[*Cf.* s. IV, 18

Power of Trustees to part with certain property in their possession.

STATEMENT OF OBJECTS AND REASONS.

1. The principal object of this Bill is to alter the constitution of the Board of Trustees of the Indian Museum in order to assign to the chief executive officers of the Museum a position on the Trust. There are also various other amendments in the existing law as contained in the Indian Museum Acts, 1876 and 1887, which appear to be desirable, and in these circumstances it has been thought most convenient to repeal these two enactments and substitute a new Act consolidating their provisions with the necessary amendments. With this object the present Bill has been prepared.

2. The more important amendments of the existing law are explained in the subjoined *Notes on Clauses.*

The 4th September 1909. W. L. HARVEY.

Notes on Clauses.

Clause 2.—It is proposed, after due consideration of the interests affected, to reduce the number of Trustees, which was fixed by the Indian Museum Act, 1887, at 21, to 17. Of these six are to be appointed *ex officio*, five by virtue of their position as Superintendents of departments of the Museum. The sixth is the Accountant General of Bengal. The

remaining Trustees are to be nominated by the various bodies interested in the proper management of the Museum. It is further proposed [sub-clause (3)] that nominated Trustees shall hold office for a period of three years only, but that the nominating authority be given the option of extending the period.

Clause 3.—To lessen the possibility of the combined votes of the official members out-numbering those of the unofficial members, the quorum necessary for the transaction of business has been raised from three to six.

Clause 6.—The opportunity has been taken to define more accurately the position and powers of the Trustees in respect of all the property, whether moveable or immoveable, now held or hereafter to be acquired by them for the purposes of the Trust.

Clause 7.—In order to promote efficiency, it is intended that the officers in charge of certain sections of the Museum should have more voice than at present in the management of their own sections. This will be effected by means of bye-laws for the management of the Museum to be made by the Trustees with the previous sanction of the Governor General in Council.

Clause 9.—Power has been conferred on the Trustees to present duplicates to other Museums in British India as well as to exchange or sell them.

The Schedule.—A revised Schedule, specifying the lands and buildings of which the Trustees are now to have the exclusive possession, occupation and control for the purposes of their trust, has been substituted for the old one appended to the Indian Museum Act, 1887.

J. M. MACPHERSON,

Secretary to the Government of India.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 10th September 1909:

NO. 9 OF 1909.

A Bill to consolidate and amend the law relating to the Indian Museum.

WHEREAS it is expedient *to consolidate and amend the law relating to* the *Indian Museum;* It is hereby enacted as follows:—

Preliminary.

1. (*1*) This Act may be called the Indian Museum Act, 190 .

Short title.

(*2*) *It shall come into force on such date as the Governor General in Council, by notification in the Gazette of India, may direct.*

Incorporation of the Trustees.

[*Cf.* s. 3 (3), Act IV of 1887.]

Constitution and incorporation of the Trustees of the Indian Museum.

2. (*1*) The Trustees of the Indian Museum (*hereinafter called the Trustees*) shall be—

(*a*) the *six* persons *for the time being performing the duties of the following offices, namely:*—

(*i*) the Accountant General of Bengal;

(*ii*) *the Principal, Government School of Art, Calcutta;*

(*iii*) *the Director, Geological Survey of India;*

(*iv*) *the Superintendent of the Zoological and Anthropological Section of the Museum;*

(*v*) *the Director General of Archæology; and*

(*vi*) *the Officer in charge of the Industrial Section of the Museum;*

(*b*) *one* other person to be nominated by the Governor General in Council;

(*c*) *three* other persons to be nominated by the Lieutenant-Governor of Bengal;

(*d*) *one* other person to be nominated by the Council of the Asiatic Society of Bengal;

(*e*) *one other person to be nominated by the Bengal Chamber of Commerce;*

(*f*) *one other person to be nominated by the British Indian Association, Calcutta;*

(*g*) *one other person to be nominated by the Syndicate of the Calcutta University; and*

(*h*) *three* other persons to be nominated by the Trustees.

(*2*) *The* Trustees shall be a body corporate, by the name of "The Trustees of the Indian Museum," *with* perpetual succession and a common seal, *and in that name shall sue and be sued, and shall have power to acquire and hold property, to enter into contracts, and to do all acts necessary for and consistent with the purposes of this Act.*

(*3*) *The nominated Trustees shall, save as herein otherwise provided, hold office for a period of three years:*

Provided that the authority nominating a Trustee may extend his term of office for one or more like periods.

Minimum number of Trustees and quorum.

3. (*1*) The powers of the said body corporate may *only* be exercised so long and so often as there are nine members thereof. [*Cf.* s. 4, Act XXII of 1876, inserted by s. 3, Act IV of 1887.]

(*2*) *The quorum necessary for the transaction of business at a meeting of the Trustees shall not be less than six.* [*Cf.* s. 10, Act XXII of 1876.]

Power to appoint new Trustees.

4. If a *nominated Trustee* — [*Cf.* s. 3 (5), Act IV of 1887.]

(*a*) dies, or

(*b*) is absent from the meetings of the Trustees for more than twelve consecutive months, or

(*c*) desires to be discharged, or

(*d*) refuses or becomes incapable to act, or

(*e*) *is appointed to perform the duties of any* office *specified in* section 2, clause (*a*),

the authority which *nominated* the Trustee may *nominate* a new Trustee in his place.

Vacation of office by existing Trustees.

5. *From the commencement of this Act the term of office of all persons appointed to be Trustees under the Indian Museum Act, 1876, shall cease.* XXI of 1876.

Property and powers of the Trustees.

Property vested in or placed under the control of the Trustees.

6. (*1*) *All the property, whether moveable or immoveable, which at the commencement of this Act is held by the Trustees of the Indian Museum constituted by the Indian Museum Act, 1876, on trust for the purposes of the said Museum shall, together with any such property which may hereafter be given, bequeathed, transferred or acquired for the said purposes, vest in the Trustees of the Indian Museum constituted by this Act on trust for the purposes of the said Museum:* [*Cf.* s. 6, Act XXII of 1876. XXII of 1876.

Provided that the Trustees may expend the capital of any portion of such property which may consist of money on the maintenance, improvement and enlargement of the collections deposited in, presented to or purchased for the said Museum or otherwise for the purposes of the same as they may think fit.

(*2*) The Trustees shall have the exclusive possession, occupation and control, for the purposes of such trust, of *the land specified in the schedule, including any buildings which may have been, or may hereafter be, erected thereon,* other than those portions thereof which have been set apart by the Trustees for the records and offices of the Geological Survey of India.

Power to Trustees to exchange, sell and destroy articles in collections.

7. Subject to the provisions of any bye-laws made in this behalf, the Trustees may, from time to time,—

(*a*) *deliver, by way of loan, to any person the whole or any portion of, or any article contained in, any collection vested in them under this Act;*

[*Cf.* s. 9, Act XXII of 1876.]

(*b*) *exchange or sell duplicates of articles contained in any such collection and take or purchase, in the place of such duplicates, such articles as may in their opinion be worthy of preservation in the Museum;*

(*c*) *present duplicates of articles contained in any such collection to other Museums in British India; and*

[New.]

(*d*) *remove and destroy any article contained in any such collection.*

[*Cf.* s. 7 Act XXII of 1876.]

8. (*1*) The Trustees may from time to time, *with the previous sanction of the Governor General in Council*, make bye-laws consistent with this Act *for any purpose necessary for the execution of their trust.*

Power to Trustees to make bye-laws.

(*2*) *In particular, and without prejudice to the generality of the foregoing power, such rules may provide for—*

(*a*) the summoning, holding and adjournment of general and special meetings of the Trustees;

(*b*) the securing of the attendance *of Trustees* at such meetings;

(*c*) the provision and keeping of minute-books and account-books;

(*d*) the compiling of catalogues;

(*e*) *the lending of articles contained in the collections vested in the Trustees;*

(*f*) *the exchange and sale, and the presentation to other Museums in British India, of duplicates of articles contained in such collections;*

(*g*) *the removal and destruction of articles contained in such collections; and*

(*h*) *the general management of the Museum.*

[*Cf.* s. 8, Act XXII of 1876.]

9. Subject to such regulations and conditions *as may be prescribed by them in this behalf*, the Trustees shall appoint, and may remove or suspend, *so many* officers and servants *as may be necessary or proper for* the care or management of the trust-property, *and may assign to such officers and servants such pay as they may think fit*:

Power to Trustees to appoint officers and servants.

Provided that—

(*a*) no officer *shall* be appointed—

(i) if such officer is, at the date of his appointment, in India, without the approval of the Governor General in Council, or

(ii) if such officer is not then in India, without the approval of the Secretary of State for India in Council; *and*

(*b*) no new office *shall* be created, and no salaries of officers *shall* be altered, without the previous sanction of the Governor General in Council.

Duties of the Trustees.

[*Cf.* s. 11, Act XXII of 1876.]

10. (*1*) The Trustees shall furnish on or before the first day of December in each year—

Trustees to furnish annual reports and accounts.

(*a*) *to the Government of India* a report of their several proceedings for the past twelve months, and

(*b*) to such auditor as the Governor General in Council appoints in this behalf, accounts of all moneys expended by the Trustees during the past twelve months, supported by the necessary vouchers.

(*2*) The Trustees shall cause such report and accounts to be published annually for general information.

[*Cf.* s. 12, Act XXII of 1876.]

11. (*1*) The Trustees shall cause every article in the collections *in the said Indian Museum formerly* belonging to the Asiatic Society *of Bengal* and all additions that may hereafter be made thereto otherwise than by purchase under section 6, to be marked and numbered and (subject to the provisions contained in sections 7 and 16) to be kept and preserved in the said Museum with such marks and numbers.

Collections of Asiatic Society to be kept distinguished in the Museum.

(*2*) *An* inventory of such additions shall be made by the said Society, one copy whereof shall be signed by the Trustees and delivered to the said Society, and another copy shall be signed by the Council of the said Society and delivered to the Trustees, and shall be kept by them along with the inventory delivered to the *predecessors in office of the* Trustees *when the said collections were deposited in the said Museum.*

[*Cf.* s. 13, Act XXII of 1876.]

12. All objects taken in exchange under section 7 and all moneys payable on sale *or articles purchased in accordance with the terms of* the same section shall be held on trust and subject to powers and declarations corresponding as nearly as may be with the trusts, powers and declarations by this Act limited and declared.

Articles received in exchange or purchased and moneys paid on sale to be held on trust.

Supplemental Provisions.

[*Cf.* s. 14, Act XXII of 1876.]

13. All officers and servants appointed under this Act shall be *deemed to be* public servants within the meaning of the Indian Penal Code; and, so far as regards their salaries, allowances and pensions and their leave of absence from duty, they shall be subject to the rules *which under the Civil Service Regulations for the time being in force would be applicable if their service was service under Government.*

Officers under Act to be public servants and *subject to Civil Service Regulations.*

XLV of 1860

[*Cf.* s. Act IV of 1887.]

14. Notwithstanding anything *hereinbefore contained*, the Trustees may, if they think fit, with the previous sanction of the Governor General in Council and

Power to Trustees to keep collections not belonging to them

subject in each case to such conditions as he may approve and to such rules as he may prescribe, assume the custody and administration of collections which are not the property of the Trustees for the purposes of their trust under this Act and keep and preserve *such* collections either in the Indian Museum or elsewhere:

Provided that if the trust constituted by this Act is at *any time* determined, *any such* collections shall not by reason of their then being in the Indian Museum become the property of *His Majesty*.

[*Cf.* s. 6, Act IV of 1887.]

Power to Trustees to part with certain property in their possession.

15. The Trustees may, with the previous sanction of the Governor General in Council, and subject to such conditions as he may approve, deliver possession of the whole or any part of the property described in the schedule to such person as the Lieutenant-Governor of Bengal may appoint in that behalf.

[*Cf.* s. 15, Act XXII, of 1876.]

Property in collections on determination of trust.

16. If the trust constituted *by this Act is at any time* determined,—

(*a*) the collections and additions mentic in section 11 shall become the property of the said *Asiatic* Society or their assigns, *and*

(*b*) *all the other* collections then in the said Indian Museum shall, *save as otherwise provided by section 14*, become the property of *His Majesty*.

17. The Indian Museum Act, 1876, *and the Indian Museum Act, 1887*, are hereby repealed.

[*Cf.* s. 2, Act IV of 1887.]

THE INTERNATIONAL AGRICULTURAL EXHIBITION TO BE HELD AT PALERMO (BUENOS AIRES) IN 1910.

The 16th September 1909.—The following is republished for general information.

C. G. H. ALLEN,
Offg. Chief Secy. to the Govt. of Bengal.

No. 6640—6662—12, dated Simla, the 7th September 1909.

RESOLUTION—By the Govt. of India, Dept. of Commerce and Industry.

THE following papers relative to the International Agricultural Exhibition which is to be held at Palermo (Buenos Aires) in 1910 are published for general information. The Government of India have decided not to participate in the exhibition:—

GENERAL RULES AND REGULATIONS.

Article 1.—The International Agricultural Exhibition of 1910 to be held in the grounds of the Argentine Rural Society at Palermo (Buenos Aires) will be opened to the public on Friday, 3rd June 1910, and closed on Sunday, 31st July of the same year.

The show of breeding stock will be held from the 3rd to the 25th June; that of fat stock from the 9th to the 14th July. Dates for other competitions will be arranged by the Executive Committee.

Article 2.—The Exhibition will be divided as follows:—

1.—Live-stock Show.
2.—Agricultural Show.

The Live-stock Show will comprise four special classes of exhibits—

1.—Breeding stock.
2.—Fat stock.
3.—Dairy stock.
4.—Draft animals.

In addition, jumping and harness competitions, etc., will be held in accordance with the rules which the Executive Committee will publish in due course.

The Agricultural Show will be sub-divided into eight sections—

1.—Geology, Hydrology, Climatology and Geography in relation to Agriculture.
2.—Machinery and implements.
3.—Rural Engineering.
4.—Vegetable products.
5.—Animal products.
6.—Industrial products.
7.—Means of promoting agriculture.
8.—Special section for Seeds.

Article 3.—Exhibits of all classes of farm stock, bred in the Republic or abroad, included in the Schedule, will be received for the Live-stock Show subject to the regulations and restrictions imposed by the law of sanitary inspection of animals.

Article 4.—Exhibits will be received of all classes of agricultural products (seeds plants, products, etc.), and of their first processes of transformation and sub-products grown or prepared in the Republic or abroad and also of all classes of machinery, tools installations for rural industries, and other implements connected with same.

Article 5.—Exhibits will also be received of all classes of books or works relating to agriculture; plans, drawings, engravings, illustrations, photographs, meteorological charts, diagrams and statistical tables; studies, projects or models, connected with rural engineering work; material, documents and treatises on agricultural instruction; means of promoting same, legislation, rural economy, etc.

Article 6.—The live-stock show will be held in the large and commodious pavilions in the exhibition grounds of the Argentine Rural Society at Palermo and in others to be provided for the same purpose.

Article 7.—The show of agricultural products, machinery, etc., will be held in special pavilions to be erected for the purpose in the exhibition grounds. The pavilion for agricultural and industrial products will be furnished with show-cases in which the collections of samples may be arranged in accordance with the classification established in the general regulations.

Article 8.—Exhibitors may put up, at their own cost, special stands or fittings for a general display of different classes of products, subject to the rules established for such cases.

Article 9.—The space occupied by exhibitors in the general pavilions will be provided free of charge; but no work or fitting can be done by them in these pavilions or in the special sites assigned to them without previous submission to the Executive Committee of the plans, sketches or explanations regarding the work they propose to carry out.

ENTRIES AND APPLICATION FOR SPACE.

Article 10.—Entries and application for space may be written in Spanish, French, English, German or Italian, and should be addressed to the SECRETARIO DE LA EXPOSICIÓN INTERNACIONAL DE AGRICULTURA DE 1910. FLORIDA 316—BUENOS AIRES—REPÚBLICA ARGENTINA. These entries or applications for space must be made on the printed forms which the Secretariat of the Exhibition will furnish to all persons who may apply for them at the offices of the Rural Society at the address mentioned, or to the Argentine Legations and Consulates abroad. Entries and applications abroad can be presented at the Argentine Legations and Consulates General on the same dates and under the same conditions as any others.

Article 11.—Entries and applications for space will be received as follows:—

1.—(A) Live-stock from abroad up to 1st February 1910.
(B) Live-stock from the Argentine Republic up to 1st April 1910.
2.—(A) Other exhibits from abroad up to 1st November 1909.
(B) Other exhibits from the Argentine Republic up to 31st December 1909.

The Executive Committee may modify these dates with regard to the special section of jumping and harness competitions, etc., mentioned in Article 2.

Article 12.—For applications of space for agricultural and industrial products, machinery, etc., the following data must be furnished :—

(*a*) Country of production or manufacture ; (*b*) state, province or county ; (*c*) township or borough ; (*d*) locality ; (*e*) name of establishment where produced ; (*f*) name of proprietor or manufacturer ; (*g*) postal address ; (*h*) description of article ; (*i*) space required (square metres of floor or wall space) ; (*j*) date ; (*k*) signature of exhibitor ; (*l*) any other illustrative data referring to exhibit.

Article 13.—In the live-stock entries the following data must be furnished :—

(*a*) Country where bred ; (*b*) state, province or county ; (*c*) township or borough ; (*d*) locality ; (*e*) name of establishment ; (*f*) name of breeder ; (*g*) owner ; (*h*) species ; (*i*) breed ; (*j*) variety ; (*k*) name of animal ; (*l*) name or number of sire and dam ; (*m*) sex ; (*n*) colour ; (*o*) date of birth ; (*p*) number in private register and number in official register if entered ; (*q*) state if for sale, and if so, name of person encharged with same ; (*r*) date ; (*s*) signature of exhibitor ; (*t*) postal address.

Article 14.—It is absolutely necessary that the entry forms be filled in with the data required

Article 15.—The Executive Committee may refuse entries not made out on said forms or those in which some of the required data have been omitted, as also those sent after closing date or not in the conditions established in the Schedule. In no case is the Committee bound to give the reasons for its resolutions.

Article 16.—In granting space, the Executive Committee may establish limitations as to number or reduction of space requisitioned, should the area disposable require such limitations.

Article 17.—Should the entries of live-stock be in excess of the disposable stalls, the Executive Committee reserves the right to limit their number, even after the entry may have been accepted, distributing the stalls *pro rata*.

The *pro rata* established by this article does not alter the preference to occupy the stalls accorded to animals eligible for entry in the Registers of the Argentine Rural Society, and secondarily to those not eligible.

Article 18.—The General Commissioners, each in his respective division, are empowered to reject or to install in their corresponding places, any exhibits not presented in accordance with respective entry forms.

Article 19.—In the classes of live-stock where pure-bred animals are allowed to compete with grades or cross-breds, the breed whose characteristics predominate, in the opinion of the exhibitor, will serve as a basis for the entry in the register of acceptance

Article 20.—So soon as the entries of live-stock have been closed, the Executive Committee will establish, by lot, the order in the catalogue and also the sequence of the sales.

FORWARDING AN INSTALLATION OF EXHIBITS.

Article 21.—All packages intended for the Exhibition must bear as a distinguishing mark the following inscription : **Exposicion Internacional de Agricultura de 1910**—and under this—**Buenos Aires (Republica Argentina)**, and in addition on two sides of package, a mark showing to what *section* the exhibit belongs.

Article 22.—All exhibits from abroad should be consigned to the order of the GERENTE DE LA SOCIEDAD RURAL ARGENTINA, *Florida 316—Buenos Aires (Republica Argentina)*—all charges for freight, discharge, cartage, etc., being for account of exhibitor. Such exhibits will be admitted free of Custom duties, but should they be sold or require to be removed from the Exhibition, the corresponding duties must be paid beforehand. Exhibits reshipped for abroad will not be required to pay duty. In all cases the exhibits will be subject to the regulations of the Custom House authorities.

Article 23.—Representatives in Buenos Aires, named by foreign exhibitors, and by those of the interior of the Republic, must attend to the despatch, transport and reception of the packages, and also to the verification of the contents.

Exhibitors not having a representative or agent in Buenos Aires can send their exhibits to the Show consigned to the SENOR GERENTE DE LA SOCIEDAD RURAL ARGENTINA.

Article 24.—Samples of seeds and grain in general, flour, earths, fertilisers, etc., should be sent in quantities of not less than three kilogrammes of each class, and it is recommended that the samples of grain and flour be packed in tin or at least in small canvas bags made up in tin-lined boxes. Samples of plants, forage, ears and cobs, pods, etc, should be sent in sufficient quantity to allow of a due appreciation of the product.

Article 25.—Samples of timber should be sent in fair sized pieces, showing longitudinal and cut cross sections and, if possible, with bark in natural state.

In certain cases it would be well to send boards or planks at least of one metre in length showing part polished and part simply planed and smoothed.

Article 26.—Wines, spirits, and beverages in general should be sent in quantities of at least three bottles and in packages commonly used for such goods.

Article 27.—In each parcel, package or case, containing samples, a duplicate of the corresponding entry form should be sent. In addition each sample should contain a card or label with any particulars the exhibitor may consider convenient to add.

Article 28.—The Commissioners of the respective sections can order the removal of any exhibits which, from their nature or appearance, may be injurious or incompatible with the object and fitness of the Exhibition.

Article 29.—In the distribution of space in the pavilions the section Stewards will take into consideration for their arrangement the dates of the entries and the importance of the exhibits.

DATES FOR COMPLETION OF ARRANGEMENTS, ETC.

Article 30.—The arrangement of the exhibits in general, machinery, etc., must be completed in every detail ten days before the opening of the Exhibition.

Article 31.—Live-stock should be in their places, under their corresponding catalogue number, four days before that on which the judging for the respective sections shall have been arranged to commence, entry being allowed beforehand, but not more than ten days.

SHOW-CASES, VESSELS, SPECIAL BUILDINGS, STANDS, FITTINGS, ETC.

Article 32.—Jars, etc.,—for grain, flour and all other classes of exhibits that require to be shown in glass vessels—will be provided, free of charge, by the management of the Exhibition.

In the case of private buildings, stands or fittings, exhibitors must provide their own jars, etc.

Article 33.—The management of the Exhibition will furnish upright and horizontal glass cases in the pavilions provided for the general show of agricultural products in their natural and manufactured state, not intended to be shown in special stands or fittings.

Article 34.—In the machinery pavilion the management will hand over the ground space granted to each exhibitor, who will have to construct at his own risk and expense the stands, foundations for engines, etc., that may be required.

Article 35.—Exhibitors of apparatus, machinery or implements, who wish to show a collection of these in special buildings or stands, *apart from the obligatory exhibition in the corresponding pavilions*, may construct same, at their own cost, on the sites provided by the Executive Committee, should there be space disposable, subject to the prior intervention of the General Commissioner of the agricultural division. For this purpose the exhibitors, in their application for space, must state in detail the number and class of the machines, implements, etc., they intend to show, and also the type and power of the engines they will set up for the production of motive power.

ADMISSION AND REMOVAL OF GENERAL EXHIBITS.

Article 36.—The Executive Committee having granted the space it may have resolved to concede, a printed form will be given to the exhibitor in which the grant of space will be confirmed.

Said form will have its corresponding counterfoil in the book kept for the purpose by the Management of the Exhibition. This form will contain, in addition to the number of the grant, the name of the exhibitor, the exhibits to be shown, where produced, the division, section and class to which they correspond.

Article 37.—On arrival at the Exhibition, the form, named in Article 36, must be presented ; in default of same the exhibits will not be admitted. Should the form have been lost, the interested party should ask for a duplicate, at least 24 hours before sending in his exhibits.

Article 38.—The exhibits having been admitted, the exhibitor should apply to the respective Steward to be put in possession of the space allotted.

Article 39.—Machinery and other exhibits may be removed from the Exhibition after the withdrawal stamp shall have been placed on the necessary forms—checked and signed in conformity by the exhibitor or his representative.

Article 40.—The withdrawal forms will not be given until after the exhibitor or his representative shall have paid the amount he may be owing for any service or charge. With regard to exhibits on which duties have not been paid, these will not be allowed to be removed until the permit of the competent authorities shall have been presented.

Article 41.—No live-stock or other exhibit whatsoever will be allowed to be withdrawn until after the following dates.

Live-stock.—On the day after the closure of the show.

Other exhibits.—After the 1st August.

This does not apply to animals and any objects taking part in the jumping and harness competitions or any other special ones, such being allowed to come in and go out under the conditions to be expressly established hereafter.

Article 42.—The Exhibition having been closed, the live-stock and other exhibits should be removed with the least possible delay.

ADMISSION AND REMOVAL OF LIVE-STOCK.

Article 43.—The conductors of live-stock intended for the Exhibition must present at the entrance the admission form, which should be in conformity with the counterfoil in respect to number, species, breed, sex and age.

Should there be any disconformity, the General Commissioner of Live-stock will reject the exhibits presented.

Article 44.—The above formality having been complied with and before admission be granted the official veterinary surgeons will examine each animal presented and will reject all suffering from contagious disease, making a written report on same to the General Commissioner of the Live-stock division.

Article 45.—A special Committee named by the Executive will be encharged with the duty of rejecting or of withdrawing any animal that in its opinion is not worthy of being shown.

Article 46.—For the removal of live-stock, after the closure of their respective shows, the exhibitor or consignee will present a form signed by him, in which should be stated the number of the lot, species and number of animals to be withdrawn, name of purchaser and amount of sale: said form will be exchanged for a removal order, specifying the stock being withdrawn, which should be signed and delivered up in the act of retiring the animals.

The removal of the animals should be carried out by the owner or consignee, and the cattle and horses must be provided with headstalls and halters of any kind, but of sufficient strength.

CARETAKERS, FORAGE, ETC.

Article 47.—The exhibitors of live-stock must provide the necessary caretakers and shepherds, and also such articles as buckets, forks, curry-combs, etc., required for their use. The cost of feed will also be for their account. The care, cleansing, feed and risk of the animals, even in the case of their having been sold, will be for account of the exhibitors up to 22 days after opening of the corresponding section of the Show, if they should remain on the premises, and they must provide the necessary staff. From that date forward these charges will be for account of the purchaser.

If in the opinion of the General Commissioner of the Live-stock division the exhibitors do not provide a sufficient number of caretakers, they will be requested to increase same. In case of non-compliance with this disposition, the Executive Committee will take on the men required, for account of said exhibitors, at the rate of ten dollars national currency per day for each man.

The caretakers must wear the uniform which the Management of the Show will provide at the price of fifteen dollars national currency, except in the case of their having a special livery approved of by the General Commissioner of the Live-stock division.

SALES.

Article 48.—Any exhibit in the Show, either in the Live-stock division or in the Agricultural, may be sold privately or at auction.

As regards foreign exhibits—which, though subject to import duty, have not paid same on arrival,—sales will only be allowed after the Custom House authorities shall have assumed the corresponding intervention.

Article 49.—Exhibitors who shall have made sales, private or at auction, should give notice, on the day of sale, to the Management, of the exhibits sold, specifying class, catalogue number, prize and names of purchaser and vendor, and also—in the case of live-stock—the species, breed and sex of same.

Article 50.—The public sales of breeding stock will begin, simultaneously, on the day named by the Executive Committee, with the sheep, horses and other animals exhibited; these sales having come to an end, the auctions will continue with the breeding cattle.

The sales by public auction shall be commenced by the auctioneers on the second ringing of the bell as ordered by the General Commissioner of the Live-stock division and will be continued without any interval whatever during the hours and within the dates fixed by the Executive Committee.

Stock entered singly and sheep in groups will be sold according to order of breeders, beginning with the winners of the prizes as follows: the CHAMPIONSHIP—the GROUP prize—and then the winners of first, second and third prizes in the order of classes. The non-prize winners will be put up for sale after the above also in order of breeders as arranged by lot.

Article 51.—All sales made shall be subject to the condition that no animal disposed of shall be removed until the day after the closure of the section of the show to which it belongs.

JUDGING.

Article 52.—Live-stock and other exhibits entered for competition will be examined by Judges—named by the Executive Committee of the Exhibition—who will award the prizes that in their opinion they merit.

Exhibitors cannot act as Judges for classes in which they have entered animals for competition; should they accept the nomination, their stock can only be shown as *not* for competition.

Article 53.—In case of absence or non-attendance of any Judge, the Executive Committee may name a substitute.

Article 54.—The Judges of Breeding Stock will begin their duties three days before the opening of the Exhibition and should have made their awards at latest before noon of the day appointed for that event; said awards to be handed, under cover, to the General Commissioner of the Live-stock division, who will then proceed to put up the cards showing in the case of each animal the awards it may have received.

Article 55.—The Judges of other exhibits will act on the dates the Executive Committee may name and will hand their awards, under cover, to the Commissary General of the corresponding division.

Article 56.—The awards of the Judges are final.

Article 57.—In the case of impossibility to award a prize on account of equal merit in exhibits competing, the Judges may award the same prize to each, without altering the other prizes of the class.

Article 58.—The Judges will be guided in their appreciation of the exhibits by the rules established for each case.

Article 59.—The Judges will not take into consideration any data beyond those stated in the entry forms In the case of live-stock, they may have them weighed or shorn if they should think expedient to do so, and they may also request veterinary inspection.

Article 60.—All breeding stock, before being placed before the Judges, must be examined by the official veterinary surgeons and any found affected by hereditary disease or unsoundness due to ill-conformation will not be sent into the judging ring, but will be removed immediately from the Exhibition premises.

Article 61.—The Judges may, or may not, award the prizes named in the Schedule; in the case of no prize being awarded to any exhibit in a class, they will declare the fact and give in writing the reason for so acting: they may add to the prizes named in the Schedule honorary mentions, numbered in order of merit, but not exceeding five.

Article 62.—All disrespect shown towards any group of Judges or to any member of same will be considered a grave violation of the regulations, and the General Commissioner of the respective division shall insist on the withdrawal from the Exhibition of the exhibits belonging to the offender or offenders, with loss of their admission cards.

Should the offender be a member of the Argentine Rural Society, the Board of Directors of same may, by a vote of two-thirds of its members, remove his name from the list of members.

Article 63.—The Judges may not create any other classes beyond those enumerated in the Schedule, nor divide any of them; but in case of entries being received of exhibits, for competition, not included in any of the classes named in the Schedule, the Executive Committee may admit them, authorizing the Judges of the corresponding Section Class to award them the prizes they may merit.

Article 64.—Live-stock entered for competition must be presented in the ring punctually at the hour appointed for inspection by the Judges.

Those not presented immediately will not be taken into consideration.

Article 65.—The Judges of Live-stock will be provided with catalogues, by the General Commissioner of the division, in which only the age, colour and number of the order in the Exhibition corresponding to the animal or group will appear.

PRIZES.

Article 66.—The prizes to be awarded in the *Live-stock competitions* will consist of—

Special Prizes: offered by Governments, corporations and private persons (see details in the Live Stock Schedule).
Champion Prize: Gold medal.
First Prize: Silver medal and diploma.
Second Prize: Nickelled bronze medal and diploma.
Third Prize: Bronze medal and diploma.
Honorary mentions.
Prizes in cash, at option.

In the Diplomas of the reserves for *Championship* this distinction will be expressly stated.

Article 67.—In the *Agricultural Division* the following prizes will be awarded:—

Grand Prize, consisting of an engraved Silver Plate.
Grand Diploma of Honour.
First Prize: Silver medal and diploma.
Second Prize: Nickelled Bronze medal and diploma.
Third Prize: Bronze medal and diploma.
Honorary mentions.

Article 68.—The Medals will bear on the obverse the emblem of the Argentine Rural Society and the inscription: Sociedad Rural Argentina—Buenos Aires—and there will be a space in which the prize winning exhibitor may have his name engraved; on the reverse it will bear the following inscriptions: Exposición Internacional de Agricultura 1910—Centenario Revolución de Mayo 1810—Premio—

Article 69.—The complete list of awards will be published ten days before the closure of the Exhibition and the prizes will be delivered on the day of closing. This article does not apply to special competitions not included in the general Schedule.

Article 70.—In the case of awards to Live-stock or other exhibits of any class or kind, not shown by the breeder or maker, the prize will be given to the exhibitor, but on the diploma the name of the breeder or maker will be stated.

Article 71.—Breeding stock that in former shows of the Argentine Rural Society may have been awarded any of the prizes offered by private persons or associations cannot compete for the same prize in this show, but can do so for any of the others.

Article 72.—For the **Championship** in cattle and horses, only first-prize winners in their respective classes can compete.

For the **Pedro and Antonio Lanussee** prize, for Durhams, the Reserve Champion may compete.

In sheep, animals forming part of a non-prize winning group may compete for the Championship, if in the opinion of the Judges any of them are of sufficient merit to do so.

The **Champion** ram and the winner of the **Pedro and Antonio Lanussee** prize will, after the awards have been given, be shown separately.

Article 73.—Cattle not eligible for entry in the Herd Books of the Argentine Rural Society cannot compete for the **Championship Group and special prizes**, excepting those offered exclusively for grades or crosses. This rule does not apply to breeds for which the Argentine Rural Society has not opened a register.

SPECIAL COMPETITIONS.

Article 74.—The Executive Committee may establish and formulate the regulations for any special competitions they may think fit; and amongst them one of a literary character, with money prizes, for the best works sent in with relation to Agricultural and Live-stock subjects.

CATALOGUE.

Article 75.—The necessay data for making up the General Catalogue will be taken from the entry forms or requisitions for space, presented within the time stipulated in Article 11.

MANAGEMENT.

Article 76.—The Management of the Exhibition will exercise the greatest possible vigilance over the live-stock and other exhibits, but does not hold itself responsible for any loss or damage that may occur, through death, escapage or loss of stock or other exhibits, or through any other cause whatsoever.

Article 77.—The Management of the Exhibition will purchase, by tender approved of by the Executive Committee and subject to the conditions agreed on, the necessary supply of forage, and will furnish same at prices stated in a tariff which will be displayed in the most conspicuous sites on the Exhibition grounds; exhibitors being strictly prohibited from introducing feed similar to that provided by the Exhibition.

Article 78.—Exhibitors desirous of giving special feed to their stock should procure, from the General Commissioner of the Live-stock division, a permit for their introduction.

Article 79.—All members of the Argentine Rural Society will have free and general entrance to the Exhibition and should for that purpose be provided with a PERSONAL card.

Article 80.—The Executive Committee will grant free entrance to the Exhibition to persons or institutions that for special or public reasons may merit such distinction.

Article 81.—Exhibitors or their representatives will have free entry and will be provided with special cards, in no case to exceed two.

If the exhibitor be a member of the Argentine Rural Society he will only be entitled to one card for his representative.

Caretakers of live-stock, machinists and persons in charge of exhibits, will be furnished with a numbered plate, which they must wear in some visible place. Should they not comply with this regulation they are liable to expulsion from the Exhibition premises. These plates should be applied for at the ground office of the Exhibition before the opening day, leaving a deposit of five dollars national currency ($ 5) for each one, which will be returned only on redelivery of plates.

In case of loss of any special cards, the interested party can obtain others on payment, in advance, of two dollars national currency ($ 2) for each day up to the close of the Exhibition. The Exhibitor, employee or caretaker who may be detected giving or lending his card or plate to any person will be expelled from the Exhibition grounds and will forfeit deposit on same. Similar procedure will be carried out if said cards or plates be found in possession of persons to whom they do not belong.

Article 82.—When any live-stock exhibits are taken out of their boxes or stalls either for parade or judging, they must bear on them in a visible place their numbers according to catalogue.

The daily exhibition in the rings or in the boxes of all breeding cattle and horses, during the hours named by the General Commissioner of the Live-stock division, is obligatory.

Article 83.—One or more restaurants and bars will be opened; their tariffs being subject to the approval of the Executive Committee.

Article 84.—After the publication of the Schedule and Regulations no alterations can be made; nor can any plea of ignorance be accepted as to the dispositions therein contained.

Article 85.—Questions as to interpretation of Schedule or Regulations or of cases not provided for in them will be decided by the Executive Committee.

Article 86.—All exhibits must be accompanied by a note stating what should be done with them after the close of the Exhibition. If this regulation is not complied with, it will be understood that the exhibitor cedes his exhibits to the Argentine Rural Society.

Article 87.—All exhibits and also the prizes offered by the Argentine Rural Society, the Public Authorities, Institutions or private persons, remain subject in all particulars to the Regulations and Schedule and to the dispositions that the Executive Committee may adopt.

Article 88.—Every exhibitor becomes, from the sole fact of his being so, subject to the dispositions of the present regulations or of others which the authorities of the Exhibition may frame, these being incorporated to said regulations and having the same powers as the special dispositions named in the schedules of the various competitions.

PROHIBITIONS AND PENALTIES.

Article 89.—No exhibits will be allowed to enter into competition, concerning which the owners may have made false statements.

Article 90.—No inflammable matter or corrosive substances will be admitted to the Exhibition grounds without special permission from the Executive Committee.

Article 91.—No traction engines or other machines or vehicles of any kind will be allowed to run in the Exhibition grounds except by special permission of the Executive Committee.

Article 92.—The employees of exhibitors who do not comply with the orders of the authorities or the Regulations will be requested to withdraw, previous notice being given to the exhibitor, if the case should not require immediate expulsion.

Article 93.—The use of rosettes is strictly prohibited, such being reserved as a distinctive mark or sign of the prizes awarded by the Argentine Rural Society.

Article 94.—The removal or wilful defacement of posters and notices put up by the Stewards in any part of the Exhibition grounds or above any exhibit is strictly prohibited as also the substitution of others without authority from said Stewards.

Any one acting in opposition to above regulation is liable to a fine of ten dollars national currency.

Article 95.—The Executive Committee will make all necessary arrangements relating to sanitary matters and the decorations in the Exhibition and further will settle as to dimensions and due placing of placards and announcements of exhibitors.

Article 96.—All cases of infringement of these regulations will be submitted to the definite decision of the Executive Committee in case of appeal against decisions of the General Commissioners.

TAXES.

Article 97.—In all sales of live-stock by auction held within the Exhibition grounds, the purchasers will pay as sole contribution, and as a maximum, a commission of 6 °/₀, of which two-thirds correspond to the auctioner and the remaining third to the Argentine, Rural Society.

With regard to private sales of live-stock, the commission will be 2 °/₀ payable by the vendor to the Argentine Rural Society.

The Board of Directors will decide as to other cases in which sales made in the Exhibition should pay a commission ; in no case to exceed 2 °/₀ on account of same.

Article 98.—With regard to the buildings or stands that exhibitors may construct outside of the official pavilions of the Argentine Rural Society, rent for ground space will be charged by same according to the following tariff :—

NOTE.—The classes correspond to the importance of the sites according to their situation in the grounds of the Exhibition.

Article 99.—The Board of Directors will fix the ordinary and extraordinary prices of admission for the public to the Shows and Stands.

POWER AND LIGHT.

Article 100.—The Directors of the exhibition will provide, free, electric power for machinery and apparatus in movement, set up in the general pavilions ; but will charge according to tariff for power furnished to independent fittings and buildings, constructed by exhibitors. In making out their applications for space for machinery the interested parties should state the amount of power they will require to put their machinery in motion.

Article 101.—The general pavilions as also gardens, streets, etc., will be sufficiently lighted, but exhibitors may request an increase of illumination for their buildings, stands, etc., paying for it according to consumption.

PATENTS.

Article 102.—The National Government will be petitioned to issue a decree protecting exhibits intended for the exhibition—which at that time may not have been patented—so that the inventors or owners may not forfeit, through the fact of their being exhibited, the preferences and prerogatives accorded to them by law. The same action will be taken in reference to Trade Marks.

FINAL REPORT ON THE JUTE CROP OF BENGAL, SEPTEMBER 1909.

THE following report is published for general information.

W. R. GOURLAY,
for *Offg. Chief Secy. to the Govt. of Bengal.*

The 21st September 1909.

DEPARTMENT OF AGRICULTURE, BENGAL.

FINAL FORECAST OF THE JUTE CROP, 1909.

[On an average of the five years ending 1907-08, the area under jute in the territory to which the Bengal forecast relates has represented 21·1 per cent of the total area under jute in British India.]

Acreage.—The area under jute according to the final district returns now received amounts to 511,500 acres compared with 512,800 acres shown in the preliminary forecast. The reduction is chiefly due to a revision of figures by the District Officer of Darjeeling.

The acreage for each of the five years 1905 to 1909 is shown below :—

Year.	Acreage.
1905	569,300
1906	780,400
1907	931,200
1908	548,700
1909	511,500

The area under jute this year in the Cooch Behar State which is not included in the above figures is estimated at 20,000 acres, against 22,000 acres last year.

The decrease in the area sown with jute this year compared with the area sown in previous years is attributed largely to the fall in the price of jute.

2. *Weather conditions.*—In the winter months there was very little rain, so that in some districts ploughing and sowing were retarded. Since the end of April, however, the weather-conditions have been on the whole favourable. The Kissengunj subdivision of the Purnea district suffered severely from floods in June, and the crop in Darjeeling, Cooch Behar, and the Sonthal Parganas also suffered from excessive rain. The July rainfall was short in all the important jute-growing districts of this Province, but in August considerable damage was done to the crop in the low-lying tracts of the districts of Burdwan, Hooghly and Howrah.

3. *Outturn.*—The most important jute-growing district in this Province is Purnea, and the District Officer estimates a crop 74 per cent. of the normal. Only two other districts have an area of over 50,000 acres under jute—Hooghly and the 24-Parganas, where the outturn is estimated at 78 per cent. and 100 per cent. respectively.

According to the District Officers' estimate the total outturn of the Province of Bengal, including Cooch Behar, comes to 78 per cent. of a normal yield, against 62 per cent.,

the estimate made by this Department last year. Since the district returns were received, the Director has caused special enquiries to be made, and these show that the outturn in some districts had been underestimated. After careful calculations based on these enquiries, the Director estimates a crop yielding 1,329,380 bales, or 84 per cent. of a normal crop.

From the reports of the District Officers, it appears there is little of last year's crop held over in the districts, except perhaps in Cooch Behar.

4. *Consolidated Forecast.*—The Director of Agriculture of Eastern Bengal and Assam estimates the area under jute in his Province to be 2,201,200 acres, and the outturn, 5,877,204 bales. The total outturn for the two Provinces is, therefore, 7,206,584 bales, or 88 per cent of the normal. A consolidated note is appended.

5. Statistics for Nepal, Upper India and Madras, not included in these figures, are given below:—

Nepal	... 81,800 bales.
Upper India *vid* E. I. R.	... 6,100 ,,
Madras *vid* B.-N. R. ...	... 900 ,,

From a note kindly furnished by the Bengal Chamber of Commerce, it appears that exports from 1st July 1908 to 30th June 1909 amounted to 4,630,611 bales, and that the quantity purchased during last year by local mills amounted to 3,649,845 bales; allowing as usual 500,000 for country consumption, the total comes to 8,780,456. The 1908 crop (including the above figures for Nepal, &c.) was estimated by the Departments at 6,399,600 bales. The large discrepancy between these figures is attributed partly to an underestimate of the surplus jute from the crop of 1907, and partly to the unexpected heaviness of the crop due to the late harvest. It was anticipated that a portion of the crop would be lost through an insufficiency of water for retting, but the rivers rose unexpectedly, and filled the khals after the figures for the forecast had been collected.

W. R. GOURLAY,
Director of Agriculture, Bengal.

CONSOLIDATED NOTE ON THE FINAL FORECASTS OF THE JUTE CROP, 1909, FOR BENGAL AND EASTERN BENGAL AND ASSAM.

Acreage.—The area under jute is now estimated at 2,732,700 acres—an increase of 4,600 acres over the figures in the Preliminary Forecast. This is mainly due to a revision of figures in Dacca and Faridpur.

The acreage for each of the five years 1905-09 including the figures for Cooch Behar is shown below:—

Year.	Acreage.	Year.	Acreage.
1905	3,128,300	1908	2,856,700
1906	3,482,900	1909	2,732,700
1907	3,974,300		

The decrease in the acreage this year compared with the previous year is largely attributed to unfavourable weather in many districts at the time of sowing and to the fall in price of jute.

Weather conditions.—Owing to the almost entire absence of rain in the cold weather the soil was deficient in moisture and unfit for ploughing and sowing of jute until late in April. Towards the end of April good rain fell and conditions improved. Since May the season

has been favourable, but heavy floods in June, July and August materially damaged the crop on low-lying tracts, particularly in the districts, of Dacca, Faridpur, Dinajpur, Rangpur, Bogra, and the Kissengunj subdivision of the district of Purnea. In some districts there was an apprehension of scarcity of water for retting, but recent enquiries show that the supply is sufficient.

Outturn.—Thirteen districts have each an area of over 50,000 acres under jute; the District Officers of Mymensingh, Tippera, Pabna and the 24-Parganas report a normal crop. In Jalpaiguri the District Officer reports the crop 90 per cent. of the normal, in Faridpur 87 per cent., in Hooghly 78 per cent., in Purnea 74 per cent., in Rangpur 73 per cent., in Dacca 66 per cent., in Dinajpur 65 per cent., in Rajshahi 61 per cent., and in Bogra 60 per cent.

According to the estimates of the District Officers the total outturn of the two Provinces will be 84 5 of a normal crop. Since the district returns were received both Directors have had special enquiries made and they are of opinion that some of the estimates are unduly pessimistic. After careful calculation on the basis of these inquiries the Directors estimate a crop yielding 7,206,584, or 88 per cent. of a normal crop.

From the reports of District Officers it appears that very little of last year's jute crop remains in the districts, except perhaps in Cooch Behar.

Statistics for Nepal, Upper India and Madras, not included in these figures, are given below:—

Nepal	...	81,800 bales.
Upper India *vid* E. I. R.	...	6,100 „
Madras *vid* B.-N. R.	...	900 „

From a note kindly furnished by the Bengal Chamber of Commerce it appears that exports from 1st July 1908 to 30th June 1909 amounted to 4,630,611 bales, and the quantity purchased during last year by local mills amounted to 3,649,845 bales; allowing as usual 500,000 for country consumption, the total comes to 8,780,456. The 1908 crop (including the above figures for Nepal, etc.) was estimated by the Department at 6,399,600 bales. The large discrepancy between these figures is attributed partly to an underestimate of the surplus jute from the crop of 1907 and partly by the unexpected heaviness of the crop due to the late harvest. It was anticipated that a portion of the crop would be lost through an insufficiency of water for retting, but rivers rose unexpectedly and filled the khals after the figures for the forecast had been collected.

The general prospects of the crop were good. The recent heavy rainfall and floods have done considerable damage to the crop and the outturn is therefore below the normal. The increase in the area sown is due to favourable weather at the sowing season. But for the abnormal rainfall and the floods at the end of August, the crop would have been a bumper one.	
	Midnapore ...	3,319,040	2,190,600	10,400	10,760	65	76	Little ...	35,342	1893 to 1898.	29	July in Sadar and August in Contai, Tamluk and Ghatal.	The weather conditions were fair and the general prospect of the crop is fair. The rainfall was favourable at the time of sowing, but heavy rain afterwards hampered the growth of the plants. In Ghatal, the recent floods have caused damage to the standing crops and the actual outturn is likely to prove much less than what is now estimated. The increase in area has taken place in Contai owing to timely rainfall at the sowing season.

First week of August	The weather was not favourable at the sowing season owing to scanty rainfall The general prospect of the crop in the Sadar subdivision is reported to be good, while at Uluberia it is fair. The fall in the price of jute induced cultivators to sow paddy and this accounts for the decrease in the area sown this year. The outturn of the crop is better than that of last year, as the subsequent rainfall was well distributed.

The weather was generally favourable, but want of sufficient rain in July and excessive rain in August affected the crop injuriously. Insect-pests also did some damage in Ranaghat and Meherpur The general prospect of the crop is fair. The decrease in the area sown is due to the prevailing low prices of jute and high prices of paddy The increase in the estimated outturn is due to more favourable weather conditions than in the previous year.

The decrease in the area sown this year is due to the fall in the price of jute and to the increase in that of paddy Jute cultivation has consequently been neglected The outturn of the crop is expected to be better in comparison with that of last year. The outturn is estimated to be a little below the normal owing to the slight damage caused by excessive rain in some parts of the district, especially in the Sadar subdivision.

The general condition of the crop is good. The area shown under the crop this year amounts to 6,600 acres, against 6,700 acres estimated to have been sown last year. This is due to revision of the acreage under the crop by the Subdivisional Officer of Banka on the basis of cadastral survey figures The outturn of the crop this year is estimated at the normal and is double of that of last year owing to favourable weather and rainfall conditions.	
	Purnea ...	3,196,153	1,694,400	212,500	175,000	55	74	Very little They keep jute sufficient for domestic consumption.	2,506,346	1901-02 and 1904-05	98,903	August ...	The Subdivisional Officer of Kishanganj has estimated an outturn of 50 per cent as the crop was damaged to some extent by excessive rain and floods in his subdivision, elsewhere the prospect of the crop is good. Weather conditions were favourable in the Sadar and Araria subdivisions on the whole, where a 14-anna crop is expected. In both the Sadar and Kishanganj subdivisions, the area under this crop has decreased. Owing to the scarcity prevailing for the past three years, the cultivators sowed paddy on jute lands. The heavy fall in the price of jute for the past two years has discouraged the cultivators who thought that jute would be cheaper this year than last year	
	Darjeeling ...	744,956	164,500	3,100	1,500	60	50	No jute in stock	200,519	1897-98 and 1901-02.	2,339	1st week of August.	The weather was not favourable The general prospect of the crop is not satisfactory owing to untimely heavy rainfall The outturn expected this year is less than that of last year. The area which is shown in Column 6 appears to have been actually sown this year. The figure reported in the preliminary forecast was not correct.	

	Sonthal Parganas.	3,500,800	1,545,300	1,200	600	58	52	Very little	3,272,009	1889 to 1903-04.	1,245	Middle of August.	The weather was unfavourable for cultivation. The prospects of the crop are not good. The area under cultivation diminished owing to want of rain at the time of sowing. Moreover, the low prices last year induced many cultivators to abandon jute for other crops. The decrease in the outturn is the result of damage caused to the crop by heavy rains.

The weather was favourable. The general prospects of the crop are fair. The cause of decrease in the area is due to the low price of jute as explained in the first forecast. MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR AUGUST 1909.

Character of the Season.—The rainfall during August was general all over the Province. It was very heavy in South-West Bengal where the fall recorded ranged from 15·17 to 29·89 inches. The fall recorded in Jessore was 19 inches above the normal, and in Burdwan, Birbhum and Nadia it was 12 inches in excess. In Bihar and Chota Nagpur, it was also generally above the normal, Shahabad, Purnea and Palamau excepted. In those three districts and in Orissa, the rain was in defect. A table is appended showing the normal and actual rainfall during the month in each district.

II. Progress of agricultural operations.—Transplantation of winter rice was in progress in most districts, though want of rain was felt in the early part of the month in parts of Burdwan, Purnea, Angul and Hazaribagh. Harvesting of autumn crops and steeping and washing of jute were well in hand.

III. State of standing crops.—The condition of transplanted *aman* paddy and sugarcane was satisfactory. Damage was done by excessive rain and floods in the end of August in parts of Burdwan, Midnapore, Hooghly, Howrah and Murshidabad.

IV. Prospects and probable outturn of harvests.—Prospects of autumn crops are fair. Their outturn for the whole Province is estimated at 85 per cent. of the normal. Prospects of winter rice for the Province as a whole were not unfavourable.

V. Damage to crops.—Damage has been done to *aman* paddy by excessive rain and floods in Burdwan, Hooghly, Howrah and Murshidabad, and to autumn crops especially to maize in Patna, Shahabad, Saran, Champaran, Muzaffarpur, Monghyr and Bhagalpur. In Sambalpur, autumn paddy suffered from the attacks of insects as well as from want of moisture. Injury to jute by insects was reported from Nadia.

VI. Condition of agricultural stock.—The condition of cattle was on the whole fair. Rinderpest was reported from Sambalpur only. Reports of ordinary cattle-diseases were received from Burdwan, Bankura, Midnapore, Nadia, Murshidabad, Jessore, Angul, Puri, Ranchi and Palamau and from Bihar, Darbhanga and Monghyr excepted.

VII. Failure of pasturage and fodder.—No difficulty was experienced in the supply of fodder and water. It was sufficient throughout the Province.

VIII. Price of food-grains.—During the second fortnight of the month, the price of common rice rose in 4 and fell in 19 districts. The expectation of a good harvest has made prices easier. The prices of staple food-grains are lower than in the corresponding period of last year.

IX. Condition of labouring classes and the agricultural population.—The returns of the District Officers give indication of a satisfactory condition of the agricultural population. Relief operations were finally closed in all parts of Bengal.

* The report is for the week ending the 11th September 1909.

GENERAL SUMMARY.—Rainfall during the week was general; it was heavy in Manbhum and also in Hazaribagh, moderate in the 24-Parganas, Darjeeling and Ranchi and light elsewhere. More rain is wanted for *aman* paddy in Bhagalpur, Purnea, Angul and Sambalpur. Damage has been done to standing crops by the recent floods on low-lying tracts in Burdwan, Midnapore, Hooghly, Howrah, Murshidabad and Khulna. Insect-pests are doing injury to autumn rice in Sambalpur. Harvesting of autumn crops is in progress. Prospects are on the whole fair. The price of common rice has risen slightly in Nadia and Balasore and has fallen in the 24-Parganas, Murshidabad, Jessore, Khulna, Patna, Gaya, Saran, Champaran, Muzaffarpur, Angul, Puri, Hazaribagh, Ranchi and Singhbhum. Cattle-disease is reported from Midnapore, Hooghly, Nadia, Jessore, Khulna, Patna, Gaya, Shahabad, Champaran, Monghyr, Bhagalpur, Purnea, Angul, Sambalpur, Hazaribagh, Ranchi and Palamau. Fodder and water supply is sufficient throughout the Province.

SUMMARY OF RAINFALL OBSERVATIONS TAKEN IN BENGAL DURING THE MONTH OF AUGUST 1909.

During August, South-West Bengal was marked by heavy rain. In every district, the fall was well above the average. The excess was greatest in Jessore, where the departure from the normal was +19·22 inches. In Bihar and Chota Nagpur the fall was in excess excepting in Shahabad, Palamau and Purnea. In Orissa, the fall was in defect. On an average, South-West Bengal received 21·19 inches, Bihar 13·20 inches, Orissa 9·84 inches and Chota Nagpur 12·64 inches of rain.

Expressed in percentage figures, the rainfall of the first eight months in South-West Bengal was 123 per cent., in Bihar 111 per cent., in Orissa 119 per cent. and in Chota Nagpur 91 per cent. of the normal.

The following table compares the rainfall in the four divisions during the month of August with the normal fall, the actual being given as a percentage of the normal. The table also shows the actual falls for each of the previous months of the year expressed in the same way, and the last column of the table shows the total rainfall of the past eight months of the year 1909:—

Meteorological Divisions.	January.	February.	March.	April.	May.	June.	July.	August.	Actual rainfall of first eight months of 1909 expressed as a percentage of the normal fall for the period.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; t, thunder; p, passing temporary showers; g, gloomy; < lightning.

The draft will be taken into consideration on the 27th October 1909, and any objection or suggestion which may be received by the undersigned before that date will be duly considered:—

DRAFT

In exercise of the power conferred by clause (*viii*) of section 264 of the Chota Nagpur Tenancy Act, 1908, and in supersession of Notification No. 25L.R., dated the 5th January 1909, the Lieutenant-Governor is pleased to make the following rules as to appeals from decisions and orders passed by Revenue officers under Chapter XIV of that Act:—

1. Appeals from decisions of Revenue-officers acting under section 119 shall lie in the manner and to the officer prescribed by the rules made in respect of appeals from decisions passed under section 85.

2. (1) Appeals from orders of Revenue-officers acting under section 121 shall lie—

(*a*) if the Revenue-officer be a Deputy Commissioner—to the Commissioner and

(*b*) in any other case—to the Deputy Commissioner.

(2) When any such appeal has been heard by the Deputy Commissioner, a second appeal shall lie to the Commissioner.

(3) The decision of the Commissioner on any appeal referred to in this rule shall be final.

(4) Every appeal referred to in this rule must be presented within thirty days from the date of the order appealed against.

(5) The provisions of sections 220 to 223 shall, so far as they may be applicable, apply to such appeals.

No. 841T.Medl.—The 25th September 1909.—It is hereby notified for general information that the Lieutenant-Governor is pleased to make the following modifications in the Rules for the management of Charitable Hospitals and Dispensaries in Bengal, published under Government Notification No. 2497Medl., dated the 31st December 1908, at pages 3—192, Part IB of the *Calcutta Gazette* of the 13th January 1909:—

1. Substitute the following rule for rule 28.

"*Rule 28.*—Dispensaries in Class III are subdivided for purposes of account into two classes: Class IIIA—Dispensaries for which separate banking accounts are allowed to be opened in the treasury with the sanction of Government; and Class IIIB—Dispensaries for which separate accounts are not allowed at the treasury, but the funds of which are kept under the direct control of the local authority."

Subdivision for purposes of accounts of Local Funds Dispensaries.

(*a*) CLASS IIIA.—DISPENSARIES.

(1) (*a*) The Managing Committee shall annually prepare a budget estimate of the probable income and expenditure of the dispensary for the ensuing financial year arranged according to the headings given in Statement H of the Annual Return Form No. XXV, and submit it to the Commissioner of the Division through the local authority on a date fixed by that authority. The local authority will check the figures against the heads 'Local Fund Contribution' or Municipal Fund Contributions, as the case may be, and 'Interest on Investments' and, if the figures are correct, forward the estimate to the Commissioner. On receipt of the Commissioner's orders approving the estimates, the local authority will incorporate the figures in its own budget estimate under appropriate headings. In the case of Municipalities the fixed annual contribution should be shown against the head 'Charges to be met from the General Fund and Endowments,' and the total estimated expenditure less that amount under the head 'Charges to be met from Special Receipts.'

Preparation of dispensary budgets.

(*b*) No expenditure under any head in excess of the amount sanctioned by the Commissioner of the Division in the budget estimates shall be incurred by the Dispensary Committee. If it is found necessary to meet excess expenditure under any one head either from anticipated savings under another, or from increased receipts from subscriptions or other special sources or the accumulated balance, an application for re-appropriation or an additional budget grant, as the case may be, with a clear explanation of the necessity for additional expenditure shall be submitted to the Commissioner direct; but the expenditure proposed should not be incurred before receipt of the Commissioner's orders.

(2) All subscriptions and donations shall be collected by the Managing Committee, and shall be paid into the treasury for credit to the Dispensary Fund. The income from endowments and investments shall, however, be realised by the local authority, and shall be remitted by it to the treasury for credit to the Dispensary Fund, an advice being sent at the same time to the Managing Committee. If any cheques for remittance orders are received, they should be sent intact to the treasury for *per contra* credit to the Dispensary Fund.

Method of keeping accounts where separate banking account is opened in treasury.

(3) All claims should be discharged either by payments from the imprest placed by the Committee in the hands of the medical officer in charge, or by cheques drawn by the Secretary or the President upon the treasury in favour of the actual payees. The imprest in the hands of the medical officer shall not ordinarily exceed Rs. 50 in the case of sadar dispensaries, and Rs. 25 in the case of other dispensaries.

If it is necessary for the local authority to make a contribution to supplement the dispensary funds, such contribution should be paid in quarterly instalments on the first day of each quarter by cheques which should be made payable by transfer to the credit of the dispensary account in the treasury, failure to do which should be brought to the notice of the District Magistrate by the Managing Committee. These amounts will be credited in the cash-book of the Managing Committee as contribution from the local authority by *per contra* debit as remitted to the treasury.

(4) The Managing Committee shall keep a cash-book in Form No. XXX (Appendix C) in which shall be entered all receipts and payments with necessary details as soon as the transactions occur. The cheque on which the imprest in the hands of the Medical Officer is drawn, should be charged off as an advance, and the imprest should be recouped from time to time by presentations of bills supported by the payees' receipts to the Secretary. The amount of each recoupment should always exceed Rs. 10. The cash-book should be closed every month, and a memorandum recorded reconciling the balance with that shown in the pass-book. A copy of the monthly account signed by the President of the Committee shall be forwarded

to the office of the local authority before the 5th of the succeeding month for incorporation in their accounts. Care should be taken not to mix up final payments with advances which should be clearly shown as such. The payment vouchers should be carefully preserved for production at the time of audit.

The transactions of the Dispensary Fund with the treasury will be shown in a pass-book, which will be supplied gratis by the treasury. The pass-book shall be closed and balanced at the end of every month. It should be examined by the Secretary of the Committee every time that it is received back from the treasury, to see that all the transactions have been duly entered therein. At the close of every month the treasury officer will prepare a memorandum showing the opening balances monthly receipts and payments and the closing balances of the several dispensary funds banking with the treasury, and enter this memorandum in the pass-books of the local authority to which the dispensaries belong to enable it to verify the balances.

(5) Dispensary establishments paid from funds vested in the local authority should be sanctioned in the same way as other establishments under that authority, but temporary appointments or other special charges if paid out of subscriptions and donations may be created by the Managing Committee without such sanction, provided there is provision in the budget.

(6) The dispensary accounts will be annually audited by the Examiner of Local Accounts.

(*b*) CLASS IIIB.—DISPENSARIES.

Preparation of dispensary budgets.

(1) The Managing Committee shall annually prepare a budget estimate of the probable income and expenditure of the dispensary for the ensuing financial year arranged according to the headings given in Form XXV, and submit it to the local authority on a date fixed by that authority for the sanction of the Commissioner of the Division. No expenditure shall be incurred in excess of the amounts sanctioned by the Commissioner, unless his previous sanction has been obtained to either a re-appropriation of grants or an additional grant obtained through the local authority.

Method of keeping accounts where funds are under direct control of local authority.

(2) As regards these dispensaries, the interest on the investments will be accounted for by the local authority direct. But all donations and subscriptions will be collected by the Managing Committee and paid into the office of the local authority, and there accounted for in the usual way.

(3) All claims in respect of these institutions shall be either paid from the imprest in the hands of the medical officer in charge or discharged by the local authority concerned on bills duly passed by the Managing Committee by issue of cheques upon the treasury. The Medical Officer shall from time to time present bills in recoupment of his imprest supported by payees' receipts.

(4) The Managing Committee shall keep a monthly account in Form XXIX, showing all transactions of the dispensary, including the contributions payable by the local authority, and forward a copy of this account to the local authority at the end of every month for comparison with the accounts kept at the office of the local authority concerned."

2. Cancel Form XXVIII in Appendix C; and

3. Substitute the following form for Form No. XXX in Appendix C.

No. 844T.Medl.—The 25th September 1909.—It is hereby notified for general information that under section 82 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor intends to make the following modifications in the rules issued under the said section of the Act for keeping the accounts of the Municipalities, and for the audit of such accounts which were published under Government Notification No. 5472M., dated the 13th December 1897, at pages 297—358, Part I-B of the *Calcutta Gazette* of the 15th idem:—

These rules will be taken into consideration with a view to their final adoption on the 1st November 1909, when any objection or suggestion which may be made by any person and received before that date will be considered.

(1) Substitute the following rules for Rules 104 and 104A (as amended by Notification No. 2018M., dated the 29th July 1903):—

"*Rule 104.*—All cash receipts of Municipal hospitals and dispensaries in Class III-B shall be deposited in the Treasury to the credit of the Municipal Fund, and all charges shall be drawn from that fund. But, for each institution vested in the Commissioners, a subsidiary balanced account shall be kept in Form XXIX (of the rules for the management of Charitable Hospitals and Dispensaries) in which shall be credited—(*a*) all endowments, funds, and contributions received by the Commissioners on its behalf; and (*b*) all sums allotted in the budget estimates for its establishment and maintenance which are chargeable to the general revenues of the Municipal Fund, and in which all expenditure incurred shall be charged. The balance of this account, which shall be struck at the close of each month, shall not be appropriated to any object other than the establishment and maintenance of the institution to which it belongs.

A copy of the monthly statement of accounts in Form XXV of the rules for the management of hospitals and dispensaries, which is prepared by the Managing Committee, shall be sent to the Municipal office for comparison with the balanced account kept by the Commissioners.

Rule 104A.—For hospitals and dispensaries in Class III-A, a separate banking account is allowed at the Treasury. All receipts of these institutions will be paid into the Treasury direct by the Managing Committee, and all payments on account of them will also be made by the Committee direct without the intervention of the Municipal office, either from the imprest in the hands of the Medical Officer, or by cheques drawn by the Secretary

or President upon the Treasury. The income from the endowments and investments will, however, be realised by the Municipality and remitted to the Treasury for credit to the account of the Dispensary Fund, an intimation being at the same time sent to the Managing Committee.

Before the 5th of the following month, the Managing Committee will furnish the Municipal office with an account showing all the receipts and charges of the Dispensary Fund, and a memorandum reconciling the closing balance of the account with that shown at credit of the fund in the pass-book. On receipt of this account, the transactions will be incorporated in the accounts of the Municipality under the proper heads. In incorporating the dispensary figures, the Accountant should charge off monthly the full proportionate amount of the Municipal contribution, including income from endowments, under the head 'Charges to be met from General Fund and Endowments,' and the balance only under the head 'Charges to be met from Special Receipts.' If in any month the dispensary expenditure falls short of the above monthly proportion, the whole of the expenditure should be debited as above, the difference being charged off when the expenditure is in excess in a subsequent month.

The credits shown in the accounts of the Committee on account of contributions paid by the Municipality should be taken under the head 'Advances,' to which the corresponding payments in the Municipal accounts should also be debited."

(2) Substitute the following under the head of Expenditure 'C (4)' in the Municipal Account Form No. 1—Budget Estimate :—

"*C*(*4*).—Hospitals and Dispensaries*—

Charges to be met from General Fund and Endowments.
Charges to be met from Special Receipts."

H. WHEELER,
Secy. to the Govt. of Bengal.

* In Forms XIII, XVIII and XIX the charges should be shown under the one head "Hospitals and Dispensaries."

IRRIGATION DEPARTMENT.

WATER-RATE RULES FOR TRIBENI CANAL.

The 21st September 1909.

No. 12.—Notification.—With reference to notification No. 5, dated 31st March 1908, which was published in the *Calcutta Gazette* of the 1st April 1908 at page 788, Part I, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Tribeni Canal, with effect from the 1st April 1910.

T. BUTLER,
Secy. to the Govt. of Bengal.

General Conditions.

1. The revenue administration of the Tribeni Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water rates.

2. The Collector of the district is responsible for the collection of water rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from an order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14 the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

On Applications.

5. Any person who requires a lease for water may apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These preliminary applications must be made in writing and may be on plain paper. The person receiving them shall enter on the back any further data required.

On Leases and Permits.

6. Leases for the supply of water for any crop may be granted, on application, by the Subdivisional Canal Officer.

7. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III and IV, and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and V.

On Water Rates.

8. The following rates will be charged for water supplied, whether taken by lift or flow :—

		Rs.	A.
I.	For leases for *kharif* crops, 1st June to 15th November ...	2	0
II.	For leases for *rabi* crops, 1st November to end of February ...	1	4
III.	For each watering supplied between 1st March and 1st June...	0	12

On Demand Statements.

9. The statement of the amounts due for the water rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative before the demand statement is sent to the Collector for realization. Persons charged under rule 21 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged.

10. The rates of water supplied on *kharif* leases shall be payable in two equal instalments falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied on *rabi* leases shall fall due on the 1st April following.

The rates for water supplied between 1st March and 1st June shall fall due on the 1st July following.

11. Water rates imposed under rule 8 shall fall due as soon as the assessment is made and shall be realised at once.

12. Objections to the demand statements must be presented within thirty days of the date on which the *parcha* was received by the *lambardar*, but the period shall be extended where reasonable cause for delay can be established.

On Remissions.

13. Remission of water rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

14. Remissions on other grounds than the above require the sanction of Superintending Canal Officer.

15. In cases where sums due on account of water rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

On Cultivators' Representatives.

16. In all applications and permits the names of one or more persons shall be entered as *lambardar*, who will be responsible for discharging the duties mentioned below:—

(*i*) Obtaining signatures to applications and certifying to the correctness of the name.

(*ii*) Attending and giving assistance in measuring land irrigated, or proposed to be irrigated.

(*iii*) Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area, or any channel, is complete.

(*iv*) Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.

(*v*) Being present when complaints are investigated by a Canal Officer, or subordinate, and giving information required in connection with the same.

(*vi*) Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.

(*vii*) Reporting before the 15th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharif* season so that these cases may be investigated before water rates are demanded.

(*viii*) Assisting the Collector by pointing out the residences of the persons assessed and identifying them.

17. The remuneration for performing the duties mentioned in the rule immediately preceding shall be two per cent. on the assessment (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

18. The *lambardar* will be appointed by the Subdivisional Officer in consultation with the applicants for the lease, and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants or to two or more persons being jointly

appointed as *lambardars* on behalf of the whole of the applicants. In case the Subdivisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

19. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

20. The fees to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable for reasons to be recorded in writing.

On Unauthorised Irrigation.

21. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

22. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

23. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 21 and return the record to the Subdivisional Canal Officer who shall then complete the assessment. Water rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

24 Applications for leases may be subsequently received from villages in which unauthorised irrigation has occurred, and these villages may be granted leases; in such cases the persons assessed under rule 21 shall also pay the water rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 21. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 21.

On Penalties and Cancelling of Leases.

25. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water rates until all the arrears of water rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

Miscellaneous.

26. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords and ferries and their approaches as have been provided for the purpose. Any person who after due warning breaks this rule may be proceeded against under section 93, caluse (9) of the Bengal Irrigation Act III of 1876.

27. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

28. Any Canal Officer may, in the case of pressing emergency, stop the supply of water to any canal or distributary. If such order is passed by an officer below the rank of a Divisional Canal Officer, it shall forthwith be reported to the Divisional Canal Officer, and if the stoppage exceeds five days in duration, to the Superintending Canal Officer.

29. No water shall be supplied nor shall any person be entitled to a supply of water until a permit signed by a Canal Officer authorised to sign a permit, has been signed and issued.

RAILWAY DEPARTMENT.

The 24th September 1909.

No. 38R.—The following notification, issued by the Government of India in the Department of Commerce and Industry, is republished for general information :—

No. 6513-94, dated 2nd September 1909.—In exercise of the power conferred by the proviso to article 60 of Schedule IV to the Indian Traffic Act, 1894 (VIII of 1894), the Governor-General in Council is pleased to declare that the Bihar-Silao extension of the Bukhtiarpur-Bihar Light Railway shall be deemed to be included in the article.

T. BUTLER,
Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 21st September 1909.

No. 82Marine.—In exercise of the powers conferred on him by section 6, sub-section (1), clause (*p*) of the Indian Ports Act, 1908 (XV of 1908), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules in respect of "sleeping sickness" occurring on vessels arriving in the Port of Calcutta, or for the time being in that Port.

The notification of this Department No. 26Marine, dated the 13th April 1909, is hereby cancelled.

1. In these rules

(1) "Health Officer" means any person appointed by the Lieutenant-Governor, either by name or by virtue of his office, to be Health Officer of a port, and includes any person appointed by the Lieutenant-Governor, either by name or by virtue of his office, to perform any of the duties of a Health Officer of a port;

(2) "Master," when used with reference to a vessel, means any person (except a pilot or harbour master) having for the time being charge or control of the vessel;

(3) "Port Officer" includes any person acting under the authority of the Lieutenant-Governor in charge of port discipline;

(4) "Sleeping sickness" includes the stage of the disease known as trypanosomiasis.

2. The master of every vessel arriving at the Pilot Station at the Sandheads from a port beyond India shall

(*a*) if the vessel has on board any person suffering or suspected to be suffering from sleeping sickness, or

(*b*) if any case or suspected case of sleeping sickness has occurred, or if any person has died or is suspected to have died from sleeping sickness on board within the twelve days immediately preceding the arrival of the vessel,

report every such case or death to the pilot at the earliest opportunity, and shall also comply, on arrival at the quarantine mooring at Garden Reach, with such regulations as may be made by the Lieutenant-Governor, in regard to—

(i) stopping at a particular place,
(ii) refraining from communication with the shore, and
(iii) taking measures for giving effect to the present rules.

3. If the vessel be at anchor within port limits when such disease first breaks out or such death occurs, the Master shall promptly give information to the Port Officer.

4. The pilot on receiving the report mentioned in rule 2 shall promptly report, from the Sandheads, if possible, or on arrival at Saugor Island, to the Port Officer and to the Health Officer the circumstances of the case brought to his notice.

5. Whenever the Health Officer receives the notice referred to in rule 4, he shall without unnecessary delay proceed on board and examine the vessel, and the Master shall give him every facility for the examination of the passengers and crew. The inspection by the Health Officer will ordinarily take place between sunrise and sunset.

6. On the completion of the inspection prescribed by rule 5, such of the passengers and crew as are found to be free from sleeping sickness shall be allowed to land.

7. If a case of sleeping sickness occurs on any vessel after she has entered dock or has been moored at a wharf, the Master shall forthwith cause information thereof to be given to the Dock Master or Superintendent of the Wharf, who shall communicate the information to the Health Officer and to the Superintendent of Police, and shall be responsible that the sick person shall be isolated as much as possible, and that free communication with the wharf is stopped until the Health Officer has inspected the vessel.

8. The Health Officer shall remove to the Campbell Hospital every person found on board suffering from, or suspected to be suffering from, sleeping sickness, and every such person shall be detained for observation and treatment in the said hospital and shall be isolated in such a manner as will prevent, as far as possible, the communication of the disease to other persons by the agency of biting flies, and shall continue to be so detained and isolated until a medical officer authorised on this behalf by the Lieutenant-Governor certifies that he is not suffering from sleeping sickness or that having suffered from the disease he has been cured:

Provided that in the case of a European suffering or suspected to be suffering from sleeping sickness, arrangements shall be made for his isolation and treatment at the Presidency General Hospital, Calcutta.

9. The Health Officer shall inform the Health Officer of the Calcutta Corporation in every case in which a person suffering or suspected to be suffering from sleeping sickness is removed under his orders to either of the hospitals referred to in rule 8, and in cases in which the disease has not been definitely diagnosed at the time of removal, shall also report to the Health Officer of the Corporation whether the diagnosis is confirmed or not.

10. All persons removed to either of the hospitals referred to in rules 8 and 9 shall obey and conform to the rules, regulations and orders for the time being in force at such hospital.

T. BUTLER,
Secy. to the Govt. of Bengal.

The 21st September 1909.

No. 83Marine.—In accordance with rule 2 of the rules sanctioned in the notification of this Department, No. 82Marine, of this date, the Lieutenant-Governor, with the previous sanction of the Governor-General in Council, is pleased to make the following regulations to be observed by Masters of vessels in the Port of Calcutta having on board any person suffering or suspected to be suffering from "sleeping sickness": —

The notification of this Department, No. 27Marine, dated the 13th April 1909, is hereby cancelled.

1. If the number of deaths or cases of sleeping sickness does not exceed two, the vessel will not be prohibited from taking up the usual place of anchorage in the port, except that she may not enter the Docks without the written permission of the Port Health Officer and the passengers or crew not suspected of having sleeping sickness need not be detained on board pending the inspection of the Port Health Officer, but the Master of the vessel will be held responsible that no one of the passengers or crew having, or suspected of having, sleeping sickness is allowed to depart before inspection.

2. If the number of deaths within the previous twelve days has exceeded two, or the cases are, or have been during the previous twelve days, more numerous than two and when for other special reasons, further precautions may be deemed advisable, the Master shall hoist a signal which shall be during the day, flag L* of the commercial code at the main, and during the night two white lights one above the other and six feet apart at the fore. He shall not allow any of the passengers or crew to leave the vessel until the Port Health Officer has made his inspection.

* This is a square flag of yellow and black borne quarterly.

3. Nothing in these rules shall be deemed to prevent a vessel, whose master is unwilling to submit to the regulations, from proceeding to sea provided that there has been no communication between such vessel and the shore or with other vessels in the port.

4. If a death occurs on board a vessel after passing Saugor and the vessel is not reaching Calcutta the same day, the body shall, with the permission of the Magistrate of Diamond Harbour, be buried at that place; if the vessel is arriving at Calcutta the same day the body shall be kept on board until the Port Health Officer has made arrangements for burial or cremation on shore.

T. BUTLER,
Secy. to the Govt. of Bengal.

The 23rd September 1909.

No. 84Marine.—It is hereby notified for general information that Mr. W. R. Steele, of Messrs. Burn & Co., who has been nominated by the Bengal Chamber of Commerce to represent that body in the Smoke-nuisances Commission in place of Mr. John Taylor, is appointed, under section 4, sub-section (4) of the Smoke-nuisances Act, 1905, to be a member of that Commission, with effect from the 1st October 1909, the date on which Mr. Taylor resigns.

T. BUTLER,
Secy. to the Govt. of Bengal.

CIVIL,
The 19th September 1909.

A. W. WATSON,

Offg. Registrar.

NOTIFICATION.

THE following Rule having been framed by the High Court of Judicature at Fort William in Bengal in the exercise of the power vested in it by the Statute 24 and 25 Victoria, Cap. 104, section 15, is published for general information.

HIGH COURT, CIVIL AND CRIMINAL,
The 19th September 1909.

By order of the High Court,
A. W. WATSON,
Offg. Registrar.

1. Cancel Rule §, Chapter IV, page $\frac{98}{104}$, of the High Court's General Rules and Circular Orders, Civil and Criminal, and *substitute* therefor the following :—

§. All applications for *information* or for *copies* of papers or documents, other than those on which expedition fees are paid, shall be made at a place and to the officer designated by the $\frac{\text{District Judge}}{\text{District Magistrate}}$ for that purpose between the hours of 11 and 1, or 6-30 and 8-30, as the case may be.

2. *Insert* the following as Rule $\frac{16A}{13A}$, $\frac{16B}{13B}$, $\frac{16C}{13C}$, $\frac{16D}{13D}$, and $\frac{16E}{13E}$ in the same Chapter, at page $\frac{101}{107}$ *ibid* :—

$\frac{16A}{13A}$. Each clerk through whose hands an application for copies passes shall put his initials and date of receipt and passing on by him on the back of the application.

These entries should be made one below the other (the first to be about two inches from the top and three inches from the left-hand side of the reverse of the application), and must be legibly written.

When a clerk receives and passes the application on the same date, that day's date and his initials will suffice. When, however, he retains the application over the day, he must enter both the dates of receipt and passing on, thus 1-7.

$\frac{16B}{13B}$. When any information is given to the applicant in connection with extra Court-fees or extra folios for urgent copies, the fact should be briefly noted on the reverse of the application and signed and dated by the applicant and the clerk giving him the information.

$\frac{16C}{13C}$. When the applicant complies with rule $\frac{16B}{13B}$, a note should be made on the reverse of the application showing the date and number of the extra folios and the date and number of the value of the extra Court-fees filed. This note shall be signed both by the applicant and by the comparing clerk who receives them.

$\frac{16D}{13D}$. Similar procedure should be followed with regard to the number and amount of Court-fee stamps for certified copies.

$\frac{16E}{13E}$. When the copy is delivered to the applicant his signature therefor and the date should be taken on the reverse of the application.

3. *Cancel* Rule $\frac{3}{3}$, Chapter $\frac{XII}{X}$, page $\frac{295}{229}$ *ibid*, and *substitute* therefor the following :—

$\frac{3}{3}$. In future no distinction shall be made between English and vernacular copyists, and no person shall be appointed a copyist unless he can copy both English and the Vernacular efficiently. Further, no appointment shall be made until all the copyists (both English and Vernacular) and typists at present entertained earn on an average Rs. 30 a month in the case of ordinary copyists and Rs. 50 a month in the case of typists who provide their own typewriting machines.

$\frac{3A}{3A}$. All persons appointed hereafter as copyists or typists shall be given to understand that that the rate for preparing copies is likely to be raised in the near future, and that their services will not in that case be retained, if their retention reduces the average fees at the new rate below the standards mentioned above.

$\frac{3B}{3B}$. Copyists and typists shall be given to understand that, after they have earned the minimum above stated, their spare time will be at the disposal of the presiding officer of the Court for such unremunerative copying as has frequently to be done in Courts, as, for example, the copying of judgments or orders for appellants in jail, etc.

$\frac{3C}{3C}$. The monthly "detail bill of remuneration to copyists" shows the $\frac{\text{Judge}}{\text{District Magistrate}}$ at a glance, the amount earned by each copyist or typist, and will enable him hereafter to regulate the establishment and to take measures, if necessary, for the reduction of the number of copyists or typists. Once the limit required by Rule $\frac{3}{3}$ has been reached, but not before, the number of copyists should be so reduced as to bring the earnings of each at least up to the prescribed minimum.

NOTIFICATIONS.

THE following rule having been framed by the High Court of Judicature at Fort William in Bengal in the exercise of the power vested in it by the Statute 24 and 25 Vic. Cap. 104, section 15 and by section 8 of Act III of 1879, confirmed by the Governments of Bengal and Eastern Bengal and Assam and sanctioned by the Governor-General in Council, is published for general information.

By order of the High Court,

HIGH COURT;
CIVIL,
The 19th September 1909.

A. W. WATSON,
Offg. Registrar.

1. *Cancel* Rules 1 to 54 and the headings and amendments thereto, Chapter II, pages 69 to 87 of the High Court's General Rules and Circular Orders, Civil, and *substitute* therefor the following:—

Rules for the Classification, Arrangement, Preservation, Destruction and Custody of the Records of Civil Proceedings.

PART I.[1]

RECORDS OF ALL CIVIL COURTS OTHER THAN SMALL CAUSE COURTS.[2]

Section I.

THE CLASSIFICATION OF RECORDS OF JUDICIAL PROCEEDINGS.

1. The records of judicial proceedings, whether suits or cases, are divided into four classes. This classification relates only to the preparation and the preservation or destruction of the record, and does not affect any other classification of suits or cases for the purpose of returns or statements.

2. *Class I* includes records of—

(*a*) Suits for or affecting immoveable property, including suits under Act IV of 1882 for foreclosure, redemption, or sale.

NOTE.—Suits under section 9 of the Specific Relief Act (I of 1877) should be included, not in this class, but in class III.

(*b*) Suits in respect of the succession to an office, or to establish or set aside an adoption, or otherwise determine the status of an individual.

(*c*) Suits relating to public trusts, charities or endowments.

(*d*) Suits between landlord and tenant to determine the rate of rent, or in which a question of right to enhance or vary the rent of a tenant, or any question relating to a title to land or to some interest in land as between parties having conflicting claims thereto is in issue.

(*e*) Cases under section 158 of Act VIII of 1885 to determine the incidents of a tenancy.

3. *Class II* includes records of—

(*a*) Contested and uncontested suits and cases for probate and letters of administration and for the revocation of the same.

(NOTE.—*The custody and preservation of a Will itself is provided for by Chapter VIII post and consequently a Will is not a part of the record within the meaning of this rule.*)

(*b*) Cases under Act VIII of 1890 relating to the guardianship of minors and the administration of their property.

(*c*) Cases under Act XXXV of 1858 relating to the guardianship of lunatics and the cases of their estate.

(NOTE.—*An application by an executor or administrator or by the guardian of a minor or lunatic, to sell, mortgage, etc., property belonging to the estate, is an application in the case, and together with all the proceedings connected with it, must form part of the record of the case.*)

(*d*) Cases under Act VII of 1889 (Succession Certificate).

---

[1] The Rules in Part I of this Chapter are generally inapplicable to the records of cases instituted before 1st January 1891.

[2] The rules specially applicable to records of Small Cause Courts will be found in Part II. The Rules in Part I and Part III should be carried out by those Courts so far as they may be applicable.

4. *Class III* includes records of—

(*a*) All suits which do not come under Class I or Class II, excluding suits of the Small Cause Court class which are tried in the Regular Civil Courts under the procedure prescribed for Small Cause Courts.

(*b*) Cases under Act XIX of 1841.

„ Act X of 1870, or Act I of 1894 (Land Acquisition Act), Parts III and IV.
„ Act VII (B.C.) of 1876 (Land Registration Act), section 59.
„ Act IV of 1882, section 83, regarding the redemption and foreclosure of Mortgages.
„ Act XVIII of 1879 (Legal Practitioners Act), section 14.
„ Act VIII of 1885 (Bengal Tenancy Act), sections 91 to 93.
„ the Civil Procedure Code for a declaration of insolvency, or Act III of 1907 (Provincial Insolvency Act).
„ the Civil Procedure Code to transfer a decree when no application for execution is pending.
„ Regulation V of 1799, section 7, regarding the property of intestates in which a claimant appears.

(*c*) Applications to sue or appeal in *forma pauperis*, if rejected.

(*d*) Such other cases as the High Court may from time to time direct to be included.

(NOTE.—*Proceedings under the Civil Procedure Code for the transfer, or for the restoration of a suit or appeal, or for a review of judgment, are proceedings in the suit or appeal, and must form part of the record relating thereto.*)

5. *Class IV* includes—

Proceedings on an application to execute a decree.

(NOTE.—*Under the law all such proceedings are proceedings in the suit, and they must be entitled as such; but for the purpose of the arrangement and ultimate disposal of the record, each application for execution shall be treated as a separate case, the record of which shall include the papers on all matters connected with the execution from the date on which the application was presented until it is finally disposed of, excepting only proceedings under Order XXI, Rule 99 of the Procedure Code which are suits and come under Class I.*)

6. Records of suits of the Small Causes Court class tried under the Small Cause Court Procedure by Judicial Officers empowered under section 25, Act XII of 1887, shall be disposed of in accordance with the rules hereinafter provided for the records of Courts of Small Causes (Part II).

Section II.

The arrangement of the record during the trial.

THE TITLE-PAGE.

7. To each file of every record under Class I, II, or III, there shall be prefixed a title-page in Forms Nos. (M) 165 to (M) 168, (*a*) Volume II, pages 222 and 225.

8. To each file of every record under Class IV, there shall be prefixed a title-page in Forms Nos. (M) 169 and (M) 170, Volume II, pages 226 and 227.

9. The title-pages shall be of different colours :—

The colour of the A file being white.
„ „ B „ red.
„ „ C, C1, C2 files being yellow.
„ „ D file in cases decided *ex parte* being blue.
„ „ D file in other cases being green.

THE TABLE OF CONTENTS.

10. Prefixed to every file there shall be a table of contents in Form No. (M) 171 Volume II, page 228.

11. The table of contents (except column 2 thereof) shall be written up at the close of each day as the trial proceeds, and, except as otherwise provided, shall show the papers in the order in which they are filed. Column 1 will give the consecutive number of the different papers in the file, irrespective of the number of pages which they contain. The pages in the file (exhibits excepted) shall be numbered consecutively, and column 2 which should be kept blank until, and filled in after, the file is complete, will give the consecutive numbers of the pages.

If a paper attached to one file is, in accordance with the subsequent rules, transferred to another, a note to this effect will be entered opposite to it in the column of remarks in the table of contents of the former file, and the paper will be entered in the table of the file to which it is transferred, with a new number.

12. Exhibits are not to be shown in the table of contents. The list which is attached to them under the following rules will alone be shown in this table, and will bear serial and sheet numbers.

13. The lists and the documents referred to in them shall not be attached to any file while the trial is proceeding. When the trial is over, the lists shall be numbered with their proper serial and sheet numbers, and shall be affixed to the file to which they belong, being in every case the last papers which are attached to it. The necessary entries in connection with such lists shall then be made in the table of contents.

THE ORDER-SHEET.

14. The Order-sheet in Civil Proceedings shall be in Form No. (M) 164, Volume II, page 221, and shall be written in English.

15. The practice of writing orders on petitions, reports, etc., is strictly prohibited. Such orders shall be written on the Order-sheet which shall be attached to the record of each suit or case.

On every petition, return, or report requiring an order to be made upon it, there shall be entered at the head thereof a note of the serial number (corresponding with the serial number in the Order-sheet) and the date of the order made, and no more; the order and reasons for making it (if any) will, except as provided below, appear only in the Order-sheet.

16. The Order-sheet, being intended to show the course of a suit or case from first to last, shall also contain a note of every order made in the suit or case, and shall show the date of, and the proceedings at, every hearing. It shall show, among other matters, the dates on which the plaint and written statement were filed, issues were recorded or amended, witnesses examined and the names of such witnesses, of the delivery of judgment, of the signing of the decree, and of any application for review of judgment or amendment of the decree. It shall also contain a note of proceedings, such as the reading of the deposition of a witness examined by commission, the reading of a Commissioner's report, and of the fact of any objection being made thereto, and if witnesses are in attendance when a case is adjourned, the fact shall be noted.

NOTE.—*Orders in proceedings referred to in the Note to Rule 4 should be entered in the Order-sheet of the main suit or appeal. A separate Order-sheet should not be prepared.*

17. Orders, the reasons for which require to be recorded at length, shall not be written on the Order-sheet but a note of the order and of the date on which it was made, shall be entered in it.

18. Orders fixing dates or adjourned dates for hearing or directing anything to be done by the parties or their Pleaders, shall be signed then and there by the parties or their pleaders.

19. The Order-sheet may be written by a officer of the Court at the dictation of the presiding Judge, who, however, shall sign and be responsible for the correctness of the entries in it.

THE RECORD.

20. All plaints, written statements, applications, and depositions shall be written on paper of foolscap size, and on one side only.

21. The pleadings, applications, and proceedings in every suit or case shall, as far as possible, be attached to the file to which they belong as the trial proceeds, and shall be arranged in the order in which they are brought before the Court.

22. The depositions of witnesses shall be arranged in the order in which they are given.

DOCUMENTS.

NOTE.—Although these Rules, as they stand, do not apply to proceedings before Commissioners appointed under Part III of the Code of Civil Procedure, it is desirable that Commissioners should be directed by the Courts issuing the commissions, to follow them as far as practicable, and always to submit, along with their reports, lists of the documents produced before, and made use of by, them.

23. All documents produced with the plaint or at the first hearing, shall be accompanied by a list in Form No. (M) 172, Volume II, page 229.

24. When a document, included in the list referred to above, is tendered in evidence, it must, if rejected, be at once endorsed as prescribed by Order XIII, Rule 6, and returned to the person tendering it, who shall give a receipt in column 7 of the list. If admitted in evidence, it shall be detached from the said list, and after being enclosed in accordance with the provisions of Order XIII, Rule 4, shall be annexed to the list referred to in the following rule.

NOTE.—All subordinate Courts should take special care to prevent the unnecessary production in Court of public documents as defined in section 74 of the Evidence Act. When, however, the Collector or other public officer has been summoned under Order VII, Rule 14 or Order XVI, Rule 6 of the Code of Civil Procedure to produce in Court a certain document, it will be his duty to send such document to the Court; but such officer may at the same time, in person or by letter addressed to the Court, object to the production of the document, stating the grounds of such objection, and thereupon it will be the duty of the Court to consider the objection, and to decide, after hearing parties, if necessary, whether it should compel the production of such document.

25. A separate list of the documents admitted in evidence on behalf of each party shall be prepared by the officer in charge of the record in Form No. (M) 173, Volume II,

page 230, and signed by the presiding Judge. The documents shall be entered in these lists in the order in which they are admitted and marked.

26. The Court shall mark the documents which are admitted on behalf of the plaintiff or plaintiffs with figures in the order in which they are admitted, thus—1, 2, 3, etc., and the documents admitted on behalf of the defendant with capital letters, thus—A, B, C, etc.

When there are two or more parties defendants, the documents of the first party defendant may be marked A1, B1, C1, etc., and those of the second A2, B2, C2, etc.

NOTE.—Exhibits must not be defaced in any way by Judicial Officers except in so far as the law permits, that is to say, by marking them as Exhibits filed in a specified course.

27. When a number of documents of the same nature are admitted, as for example, a series of receipts for rent, the whole series should bear one number or capital letter, a small number or small letter being added to distinguish each paper of the series.

28. When an original document after being marked for the purpose of identification, is returned and a copy thereof substituted under the provisions of Order VII, Rule 17 or Order XIII, Rule 5, a note of the return of the original shall be made in the lists referred to in the preceding rules.

NOTE.—When any public document (not being the record of a suit or of a judicial proceeding) or a document in public custody has been produced in Court in compliance with a summons, and the officer from whose custody it has been produced, desires its prompt return, the Court shall, after the document has been inspected or put in evidence, as the case may be, cause it to be returned with the least practicable delay to such officer, after the preparation of such copy as the Court may require under Order XIII, Rule 5 (2) of the Code of Civil Procedure. The expense of preparing such copy shall be borne by the party adducing the particular document as evidence.

29. Documents produced, but not tendered in evidence shall, at the conclusion of the trial, be returned to the person producing them or his Pleader. A Pleader is bound to take back any document produced by his client which the Court, under this rule, orders to be returned, and to sign a receipt for the same in the proper column of the list.

30. To every copy of a decree given to the parties to a suit or case, there shall be annexed a printed notice in Form No. (M) 174, Volume II, page 231, calling upon them to withdraw their exhibits as soon as the decree shall have become final.

31. An interval of four months should ordinarily be allowed to intervene from the date of decree before the documents filed in a case are returned to the parties who produced them, and an application for the return of documents within that period should not be complied with without first giving notice of the same to the pleader of the opposite party. No fee for giving notice in this connection should be levied.

THE DIVISION OF THE RECORD INTO FILES.

32. Every record under CLASS I shall consist of four files, to be styled and marked, respectively, File A, File C1, File C2, File D.

33. *File A* shall contain—

(*a*) Table of contents.
(*b*) The order-sheet.
(*c*) The plaint or application, together with any schedule annexed thereto.
(*d*) The written statement of the defendant or the counter-petition.
(*e*) Memorandum of the issues.
(*f*) Award of arbitrators or petitions of compromise, if given effect to in the decree; also the return or report and the map and field-book (if any) of a Commissioner in matters relating to immoveable property, if referred to or given effect to in the decree, but not any portion of the evidence taken by such Commissioner; also, in the case of Minors or Lunatics, any order of the Court sanctioning a compromise as beneficial to the Minor or Lunatic.
(*g*) The order (if any) for administration, or for partition, or for accounts or enquiry, with the directions given and the judgment upon which such order is founded.
(*h*) The judgment.
(*i*) The final decree, and in mortgage suits the decree or order absolute after decree.
(*j*) The copy of the judgment and decree of the Appellate Court or Courts (if any).

34. *File C1* shall contain—

(*a*) Table of contents.
(*b*) All the evidence, oral and documentary, upon which the subject-matter of the suit is decided.
(*c*) Lists of documents admitted in evidence.

35. *File C2* shall contain—

(*a*) Table of contents.
(*b*) All petitions and papers, including those relating to proceedings incidental to the suit, not specified as included in any other file.

36. *File D* shall contain—

(*a*) Table of contents.

(*b*) All summonses, process, returns thereto, lists of witnesses, petitions relating to the attendance of witnesses or adjournments, *roobakaries* calling for or sending papers or records, and affidavits relating to matters mentioned in this Rule and in Rules 33 to 35 above.

37. Every record under Class II shall consist of one file, to be styled and marked File B, which shall contain all the papers relating to the case.

38. Every record under Class III shall consist of one or two files, according as the presiding Judge shall, in each instance, direct. If there is one file it shall be styled and marked File C; if there are two files they shall be styled and marked respectively File C and File D.

When there is only one file it shall contain all the papers relating to the case. When there are two files, File C shall contain the papers specified as included in Files A, C1, and C2, of Class I. File D shall contain the papers specified as included in File D of Class I.

NOTE.—In deciding whether there shall be one or two files the Judge shall have regard to the nature of the case and the size which the record is likely to attain.

39. Every record under CLASS IV shall, except in the cases specified in the following Rule, consist of one file, to be styled and marked File C, which shall contain all the papers relating to the case.

40. If the application is to execute a decree in a suit included in Class I, and a question is determined as to the construction of the decree, or its effect as regards all or any of the parties thereto, or if possession is given of immoveable property in pursuance of the decree, the record shall, as soon as the application is finally disposed of, be divided into two files, to be styled and marked respectively, File A and File C.

In that case, *File A* shall contain—

(*a*) Table of contents.
(*b*) The order-sheet.
(*c*) The application for execution.
When a question as to the construction, effect, or scope of the decree is raised and determined:
(*d*) The petition raising any question as to the construction or effect of the decree, and any counter-petition.
(*e*) The judgment of the Court on such question.
(*f*) The copy of the judgment of the Appellate Court or Courts (if any).
When possession of immoveable property is given in pursuance of the decree:
(*g*) The Nazir's return of delivery of possession.

File C shall contain all other papers.

41. The record of the Appellate Court shall be arranged in the same way as that of the Court of Original Jurisdiction, except that there shall be no D File, the papers which would belong to the D File being attached to the C File.

The files shall be marked A, B or C, as in the Court of First Instance according to the nature of the suit or case.

NOTE.—The copies of the judgment and decree which accompany a memorandum of appeal should be placed with File C.

42. The distribution of the papers into the proper files must in all cases be made before the record is deposited in the record-room, the object being to avoid the necessity of sorting the papers in the record-room and to enable the record-keeper to know at once, by reference to the letter on the file and without opening any file, what files can be destroyed at any given time.

Section III.

THE TRANSMISSION OF RECORDS TO THE DISTRICT RECORD-ROOM.

43. The records of decided contested suits and cases of Classes I, II and III, and the records of disposed of cases of Class IV, shall be forwarded to the District Record-room by Judicial Officers at head-quarters in the course of the month, and by Judicial Officers at out-stations in the course of the quarter next succeeding that in which they were decided or disposed of.

44. The records of uncontested suits and cases of Classes I, II and III, and the records of Miscellaneous Non-Judicial Cases, including cases relating to the deposit of rent, etc., shall be forwarded to the District Record-room by Judicial Officers at head-quarters in the course of the quarter, and by Judicial Officers at out-stations in the course of the half-year next succeeding that in which they were decided.

NOTE 1.—A suit for foreclosure should be regarded as finally disposed of when the decree is made under section 86 of the Transfer of Property Act, IV of 1882. The suit, however, continues before the Court in which it was determined until the order absolute is passed; accordingly the record of the suit should be be retained by that Court and not transmitted to the District Record-room until the order absolute has been passed, the proceedings for which should be taken upon the original record. These instructions apply also to suits under sections 88 and 92 of the Act.

NOTE 2.—If no order absolute has been passed, the record should be retained in the Lower Court for three years from the expiry of the period fixed by the Court for the payment of the decretal amount. It should then be transmitted to the District Record room.

NOTE 3.—The date of disposal of an application to deposit rent shall be deemed to be that on which the deposit has been paid away, or, if it has not been paid, that on which the notice prescribed by clause (2) of section 63 of the Tenancy Act has been served.

45. District Judges shall fix the dates in the course of the month, quarter or half-year on which the records from each Court at Head-quarters and out-stations, respectively, shall be despatched to the district Record-room. They should endeavour so to fix the dates that too many records shall not reach the record-room at one and the same time.

46. Lists in Form No. (M) 70, Volume II, page 92, shall accompany the records. Separate lists shall be prepared for the records of each of the four classes into which suits have been classified. These lists should be uniform in size and shape and will be bound up so as to constitute a catalogue of records in the record-room to be preserved for the same period as the records to which they relate.

47. The cost of carriages shall be met by payment from the District Judge's contingent allowance, and the Judge will give all necessary orders as to the mode of transmission.

48. On the arrival of the records in the district Record-room the Record-keeper shall ascertain that the records correspond with those in the despatch list, that the contents of each file correspond with the table of contents, that the papers bear the Court-fee stamps shown in such table, and that the stamps have been duly cancelled. He shall also cause the stamps to be punched a second time with the punch provided for the purpose.

49. The Record-keeper shall bring to the notice of the Judge any irregularities that may have occurred in connection with the arrangement or punctual despatch of the records in accordance with the order passed under Rule 45 or in regard to the cancellation of the stamps.

Section IV.

THE DESTRUCTION OF RECORDS.

50. The A Files shall be preserved for ever.

The B Files shall be destroyed at the end of 25 years.
The C Files shall be destroyed at the end of 12 years.
The D Files shall be destroyed at the end of 3 years, except when the case has been decided *ex parte*, in which case the D File shall be preserved until 12 years have elapsed from the date of the decree.

51. The above periods shall be calculated as regards suits or cases of Classes I, II and III from the date of the final decree or order.

52. In cases of Class IV, the period shall be reckoned from the date on which the application for execution was finally disposed of by the Court executing the decree or by a Court of Appeal, whichever is the later date. For the purposes of this rule, each execution record shall be dealt with separately, irrespective of any other application to execute the same decree or order.

53. The preservation or destruction of the records of the Appellate Courts will be regulated by the rules laid down above in respect of the records of original suits and cases. The periods referred to in Rule 50 above shall be calculated from the date of the final decree or order of the Appellate Court.

54. The records of Miscellaneous Non-Judicial Cases shall be destroyed at the end of three years from the date on which the cases were disposed of.

55. Exhibits which can be conveniently preserved with the records of the trials they have been used in shall not be destroyed, but shall be preserved until the period for the destruction of the B and C Files, viz., 25 and 12 years, respectively, shall have arrived, when they shall be destroyed along with their files.

56. Cumbrous and bulky exhibits, *e.g.*, account books, khatas, zamindari papers, and the like, which cannot be conveniently put up with the records of the trials in which they have been used, but which have to be prescribed separately, *e.g.*, in almirahs, boxes, and bundles may be destroyed under the orders of the District Judge after the expiry of the period of one year from the date of the decree in each case becoming final, and of the service of the notice referred to below, provided that every endeavour has been made to induce the parties to take them back and a notice has been served on them, warning them that, if they do not take them back within the period of one year, they will be destroyed.

57. The destruction of all papers shall be carried into effect by burning in the presence of the Record-keeper.

PART II.

RECORDS OF COURTS OF SMALL CAUSES.

58. In contested Small Cause Court cases, when the hearing extends for more than one day, order-sheets as in suits tried under the ordinary procedure should be kept. In other Small Cause Court cases no order-sheet is necessary.

59. The record shall consist of only one file, including proceedings in connection with the execution of the decree.

60. The records of suits decided by Judges of Small Cause Courts when presiding in such Courts shall not be forwarded to the District Record-room, but shall be retained in the Court to which they belong until the period for their destruction shall arrive.

61. The records of suits decided by officers vested with the powers of a Small Cause Court Judge shall be deposited in the District Record room at head-quarter stations, and in the Record-room of the Munsifi at outlying Munsifis, until such time as they are destroyed in accordance with the following rule.

62. If there is a decree under which any one is entitled to recover anything, the record shall be destroyed at the end of one year from the date on which the decree has been fully satisfied. If no attempt is made to take out execution, the record should be destroyed after the expiry of three years from the date of the decree. In the case of a decree in which no body is entitled to recover anything, the record shall be destroyed at the end of one year from the date of the decree.

NOTE.—The records of cases in which the decree is for the payment of money in instalments, and in which execution of the decree is taken out, but the decree is not fully satisfied, should be destroyed when no attempt has been made to take out execution for a period of three years from the date on which the last execution application was disposed of.

FEES.

Elementary Department and Industrial Arts Department.—Rs. 3 per month; entrance fee, Rs. 3.

Sons of artizans are admitted at a reduced fee of Re. 1 per month and an entrance fee of Re. 1.

Draftsmen's Department, Teachers' Department, and Fine Arts Department.—Rs. 5 per month; entrance fee, Rs. 5.

All fees are due on the first day of each month and must be paid in advance. Any student whose fees remain unpaid beyond the tenth day of the month for which they are due will be considered to have left the school. In order to be re-admitted, he must again send in a form of application and pay a fresh entrance fee.

ADMISSION.

Every student will be considered a probationer for the first six months from the date of his entering; at the end of that time, if it should be found that he does not possess sufficient aptitude for the study upon which he has entered to ensure his success in it as a profession, notice to that effect will be given to his parents or guardians, in order that he may enter upon some other pursuit for which his abilities may be better fitted.

FREE STUDENTSHIPS AND SCHOLARSHIPS.

Free admission is given to a limited number of deserving students, preference being given to the sons of artizans who intend to become art craftsmen. Scholarships to the total amount of Rs 75 per month are allowed by Government. These will be awarded mainly on the results of the annual examinations. Free studentships and scholarships will be principally given in the Elementary and Industrial Arts Departments; in the other Departments they will not be awarded except in very special cases of students with small means who show marked talent.

EXAMINATIONS AND CERTIFICATES.

Examinations in all Departments will be held annually, and certificates will be granted to successful students. A special diploma, stating the student's qualifications and other information, will be awarded to each candidate who completes successfully the full course of any one Department of the School.

OFFICE MEMO. OF THE INSPECTOR OF SCHOOLS, BHAGALPUR DIVISION.

UNIVERSITY MATRICULATION EXAMINATION, 1910.

TEST-EXAMINATION OF PRIVATE STUDENTS.

1. A student who has not attended any school, recognised by the Calcutta University, for at least one year previous to the Examination, or who has been transferred since the 1st September next preceding the examination, without the consent of the Inspector, to the school from which he appears, will be treated as a private student.

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test examination unless accompanied, for the purpose of identification, by some person known to the Head Master.

3. The first day of the test-examination in all zilla schools in the Bhagalpur Division will be the 13th December 1909.

4. Each private student will have to pay a fee of Rs. 2 for permission to appear at the test-examination to the head of the Institution at which he appears. The balance of fees, after payment of expenses (stationery, etc.), will go as remuneration to the examiners.

5. Candidates for the test-examination should apply to this office not later than the 20th November 1909. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who had failed at a previous Entrance Examination and did not join a school

afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who had failed to pass the annual examination for promotion to the first class at the end of session 1908-1909 and then left the school cannot under any circumstances be allowed to appear at the Matriculation Examination that will be held on the 1st March 1910 and following days.

7. Each candidate should submit with this application a statement showing—

(1) Age. No candidate who has not completed or will not complete the age of 16 years on the first day of the Matriculation Examination will be allowed to appear at it.
(2) Residence.
(3) Father's name.
(4) Second language, besides English.
(5) Whether he appeared at any previous Entrance Examination.
(6) A certificate signed by a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline.

8. *Bonâ-fide* teachers employed in any of the recognised schools in the Bhagalpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and character from their employers, or from the Deputy Inspector of the district concerned.

9. The forms of application for permission to appear at the Matriculation Examination will be signed by the Head Master of the Zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. Applications and fees (amounting to Rs. 12 in each case) for admission to the Matriculation Examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 17th January 1910.

INTERMEDIATE IN ARTS, B.A. AND B.Sc. EXAMINATIONS, 1910.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ-fide* teachers of recognised English schools in the Bhagalpur Division of two years' standing, *i.e.*, who have served as such for full two academical sessions, or for six months in the case of those who were admitted to a former examination of the same class will be admitted to the above examinations. These latter must have served for six months prior to the submission of their applications to the Inspector for countersignature. School-masters should produce certificates of character and length of service (with dates) from the managers of the schools in which they are employed. Their applications must reach this office not later than the 15th January 1910.

2. Candidates for the B.A. Examination must forward with the applications their F.A. certificates, and those for the F.A. Examination their Entrance certificates, *together with a letter, in original, from the Senate of the Calcutta University, permiting them to appear at the examination.*

3. Candidates should read carefully the certificate which this office will have to sign, and must be careful to supply all information and documents required, without which the Inspector must decline to sign it.

4. The F.A. and B.A. Examinations in 1910 will be held on the 10th March 1910 and following days.

5. Applications and fees for admission to the above examinations must be forwarded to the Registrar, Calcutta University, by the candidates themselves so as to reach his office on or before the 24th January 1910.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad?

Administrator-General of Bengal.

The 30th June 1909.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, SEPTEMBER 29, 1909.

NOTICES TO MARINERS.

THE following Notices are published for general information.

T. BUTLER,
Secy. to the Govt. of Bengal.

CALCUTTA, *the 23rd September 1909.*

CHINA, EAST COAST—WUSUNG RIVER.

Astraea (Junk) channel—Beacons and buoys established—Directions.

No. 367 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1228 of 1909), are republished:—

Subject.—Astraea channel southward of Gough island, formerly known as Junk channel, is open *during daylight* to vessels wishing to use it. The undermentioned beacons and buoys have been established, and the directions given below should be followed:—

Position.—High Bar mark, lat. 31° 21½′ N., long. 121° 31¾′ E.

1. Beacon established:

(*a*) *Position.*—Situated at the end of the works at the south-eastern end of Gough island with High Bar mark bearing N. 39° W., distant 18½ cables.

Description.—Pile beacon, surmounted by a ball, painted black.

2. Leading beacons established:

(*a*) Front beacon—

Position.—Situated at the south-eastern end of Gough island, with High Bar mark bearing N. 37° W., distant $14\frac{4}{10}$ cables.

Description.—Pole beacon, surmounted by a triangle, point upwards, painted black.

(*b*) Rear beacon—

Position.—Situated at a distance of $\frac{9}{10}$ cables, S. 81° E., from front beacon.

Description.—Pole beacon, surmounted by a triangle, point downwards, painted black.

Remarks.—These two beacons in line, S. 81° E., indicate the centre of the Astraea channel.

3. Buoys established:

(*a*) *Position.*—Moored on the southern side of the channel, with Limit beacon bearing S. 24° W., distant $1\frac{1}{10}$ cables.

(*b*) *Position.*—Moored on the southern side of the channel, with Limit beacon bearing N. 73° W., distant $4\frac{1}{2}$ cables.

(*c*) *Position.*—Moored on the southern side of the channel, with Limit beacon bearing N. 77° W., distant $13\frac{1}{2}$ cables.

Description.—The above buoys are conical buoys, painted red, and numbered Nos. 1, 2, and 3, respectively.

4. Directions:

Vessels inward bound should, after having passed the Wusung inner bar signal station, keep $1\frac{1}{2}$ cables from the embankment on the left bank of the river and pass No. 1 buoy, moored off Limit beacon, on the starboard hand and at a distance of half a cable; continuing up river, pass No. 2 buoy on the same hand and at the same distance. When abreast No. 2 buoy, follow up the line of leading marks until abreast No. 3 buoy, where divert from the line and keep about half a cable from the Conservancy works on Gough island until having passed the upper end of such works, which is marked by a pile beacon, surmounted by a ball, painted black.

The difference between the depth of water in the Astraea channel and that on the Wusung inner bar, as indicated by the signals at the inner bar signal station, will be shown at the Wusung lighthouse and from the higher of the two leading marks on Gough island, as under:

Difference, in feet.	Symbols.
1	▼
2	●
3	◆
4	■
5	▲
6	⧗

When the depth of water in the Astraea channel is more than on the Wusung inner bar, symbols as above will be shown on the southern yard-arm, and when less, on the northern yard-arm; if the depth be the same as on the Wusung inner bar, no symbols will be shown.

In order to avoid accidents, vessels intending to pass through the Astraea channel must hoist a black ball at the fore truck when abreast the Wusung lighthouse on vessels inward bound, and when abreast Black point, or as soon as the signals at the Wusung inner bar signal station can be seen, on board vessels outward bound.

Caution.—Mariners are cautioned that they must go dead slow when passing the barges engaged in dropping "zinkstuks" in the Ship channel and when passing any other Conservancy works in course of construction.

When dredgers are at work in the Astraea channel, steam vessels should, when approaching them, sound their whistles and slow down, to give the dredgers time to slacken their moorings.

Variation.—3° W.

LIBERALITY OF RAJA RAO JOGENDRA NARAYAN RAY BAHADUR OF LALGOLA.

No. 824T.-Medl., dated Darjeeling, the 24th September 1909.

From—H. WHEELER, Esq., Secretary to the Govt. of Bengal, Municipal Dept.,
To—The Inspector-General of Civil Hospitals, Bengal.

I AM directed to acknowledge the receipt of your letter No. 2322D., dated the $\frac{4th}{8th}$ instant, reporting the generous offer of Raja Rao Jogendra Narayan Ray Bahadur of Lalgola in the district of Murshidabad to erect and equip an eye hospital at the Berhampur dispensary, at a cost of Rs. 18,000, and to create an endowment of Rs. 24,000 for its future maintenance. These gifts are in addition to the endowment of Rs. 40,000 for the same purpose already given by the Raja, and acknowledged in Mr. Oldham's letter No. 205T.-Medl., dated the 19th of May 1908. The ward will be known as the "Rao Mahesh Narayan Ray Eye Hospital."

2. I am to request you to convey to the Raja the high appreciation of the Lieutenant-Governor of his munificence, and to thank him for the liberality which he has displayed in the matter.

REPORT ON THE WORKING OF THE LICENSED JUTE WARE-HOUSE AND FIRE-BRIGADE ACT, 1908-09.

NOTIFICATION.

No. 1338M.—The 11th September 1909.—The following is published for general information.

H. WHEELER,
Secy. to the Govt. of Bengal.

No. 48J., dated Calcutta, the 5th July 1909.

From—The Hon'ble Sir Charles Allen, Kt., I.C.S., Chairman of the Corporation of Calcutta,

To—The Secretary to the Government of Bengal, Municipal Department.

I have the honour to submit the following report under section 41 of Act I (B.C.) of 1893 for the year 1908-09.

2. The amount to be realised by fees during the year, as estimated by the Commissioner of Police, was Rs. 35,382, against Rs. 28,266 of the last year. But, as the year opened with a balance of Rs. 12,957, the amount of the fees to be realised under section 10 of the Act was reduced to Rs. 26,082, and the rate was in consequence lowered from 6½ to 5½ per cent. on the annual valuation of warehouses.

3. The work of assessment under the Act was done, as heretofore, by the general assessing staff of the License Department.

4. During the year, 108 new licenses were sanctioned and 13 refused, the corresponding figures for 1907-08 being 132 sanctioned and 18 refused.

The following statement gives the result of applications for licenses:—

Nature of application.	Applications.		Total.	Number sanctioned.	Number refused.	Number pending.
	Pending since last year.	Received during the year.

Wood, &c.	3	93	96	76	2	18
Total ...	4	135	139	108	13	18

5. During the year under review 60 licenses were issued for 1907-08 and 718 for 1908-09. The following is a statement of the aggregate amount of receipts:—

	Rs.	A.
License fees for 1907-08	705	8
Ditto 1908-09	27,613	0
Mutation fee	20	0
Fines, &c.	946	0
Total ...	29,284	8

6. Of the 763 licenses for warehouses issued in 1907-08, 623 were renewed, 57 were cancelled, as the premises were reported vacant or not assessable under the Act, while the fees in respect of 83 remained unrealised at the close of the year.

7. The following statement shows the receipts and disbursements of the License Warhouses Fund during the year 1908-09 :—

C. MITRA,
License Officer.

The 5th July 1909.

No. 660M.—2-1—30, dated Chinsura, the 3rd July 1909.

From—The Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Municipal Department.

I HAVE the honour to submit herewith a copy of the Annual Report on the working of the Licensed Warehouse and Fire-Brigade Act in the Howrah Municipality during the year 1908-09, submitted by the Chairman of the Municipality.

2. There was an increase during the year in the number of licensed warehouses from 309 to 328 and also in the income from license fees from Rs. 6,977 to Rs. 7,248.

* * * * * *

No. 544, dated Howrah, the 21st June 1909.

From—H. T. S. FORREST, Esq., I.C.S., Chairman of the Howrah Municipality,
To—The Magistrate of Howrah.

I HAVE the honour to report that 328 warehouses were licensed in 1908-09 out of 361 registered during the year, against 309 out of 347 registered in 1907-08; the details are as follows:—

Years.		Jute.	Cotton.	Hay.	Straw.	Wood.	Resin.	Waste paper.	Varnish.	Total.
Registered	1907-08 ...	43	41	1	33	223	1	3	2	347
	1908-09 ...	41	40	1	34	240	2	1	2	361
Licensed	1907-08 ...	38	28	1	29	209	1	1	2	309
	1908-09 ...	31	28	1	33	230	2	1	2	328

2. The income from license-fees during the year under report amounted to Rs. 7,247-12, of which Rs. 40-2-6 were collected on account of arrears on account of the year 1907-08, but realised in 1908-09.

3. The demand, collection, remission and balance for 1908-09 are shewn in Appendix A, and the details of licenses granted in this year to jute and cotton warehouses are entered in Appendix B. Owing to the comparative unimportance of the 269 licenses granted for the storage of straw, wood, hay, resin, waste paper and varnish in 1908-09, against 243 in the previous year, they have not been entered in Appendix B, and it may be noted that such license-fees have only been levied under the Fire-Brigade Act since July 1893, prior to which they were levied under section 261 of the Bengal Municipal Act.

4. There were 44 prosecutions in the year under review, which realized Rs. 117-8 against 60 in the previous year, which produced Rs. 164.

5. The expenditure incurred in assessing and collecting license-fees amounted to Rs. 868, as detailed below:—

	Rs.
Salary of General Supervisor and Assessor ...	600
Ditto Inspector	130
Commission of Inspector	24
Salary of clerk	63
Ditto peon	51
Contingencies	...
Total ...	868

6. The Fire-Brigade establishment continued under the control of the Commissioner of Police, Calcutta. The Fire-Brigade station in Howrah stands in a very central position north of the Municipal market, and from a wooden stage raised over it the whole town is overlooked. There were seven fires during the year, the details of which are given in Appendix C. Besides these there were nine other petty fires: the Fire-Brigade turned out to all of these fires and extinguished them. The seven large fires above mentioned were all extinguished by the Fire-Brigade.

8. The Commissioner of Police demanded Rs. 11,120 for the maintenance of Fire-Brigade in 1908-09, and this amount was remitted by him during the year.

APPENDIX A.

Statement shewing the demand, collection, remission and balance in Howrah on account of contributions for the Fire-Brigade during the official year 1908-09.

In addition to the above fires, nine other petty fires occurred, the Brigade turned out to all of these fires and extinguished them. The seven large fires above mentioned were all extinguished by the Fire-Brigade.

No. 8706, dated Calcutta, the 21st July 1909.

From—The Hon'ble Mr. F. L. Halliday, C.I.E., M.V.O., Commissioner of Police, Calcutta,

To—The Secretary to the Government of Bengal, Municipal Department.

I have the honour to submit, in accordance with section 41 Act I of 1893, the following report on the working of the Fire Brigade, in the Town and Suburbs of Calcutta and in Howrah during the year 1908-09.

2. The force at the close of the year under review is shown in Appendix I attached. There has been no alteration in the strength of the Fire Brigade during the year under review.

3. A statement showing receipts and expenditure of the Fire Brigade for 1908-09 is enclosed.

The year opened with a balance of Rs. 8,091-8, the receipts amounted to Rs. 1,09,638, and the total expenditure to Rs. 92,679-8-3, leaving a balance of Rs. 25,049-15-9 at the close of the year.

Receipts.

Fees under the Petroleum Act were less than the estimate by Rs. 227. No judicial fines were realized under the Act, and the sale-proceeds of unserviceable stores show a decrease of Rs. 130. The proceeds derived from hire of fire-engines, however, were greater than the estimate by Rs. 7,453, the net result being an actual increase in receipts over the estimate by Rs. 6,876.

Expenditure.

(*a*) Under the head "Establishment" there was a decrease of Rs. 1,067-4-3 as compared with the estimate, due to ordinary leave vacancies.

(*b*) The net decrease as compared with the estimate under head "Contingencies" is Rs. 12,273-11-6. This was due to the fact that the pair-horse turn-table fire ladder sanctioned by Government and ordered from England last year was not delivered during the year under review, and could not therefore be paid for.

A quantity of canvas delivery hose ordered last year was found on receipt to be of incorrect size, and had to be returned. Payment for this was, therefore, also not made during the year 1908-09.

(*c*) Under the head "Other charges" there was a decrease of Rs. 741-8, mainly under the head of "Smaller payments for water pressure," due to the fact that the majority of the large fires occurred outside the area served by the Corporation unfiltered water-supply.

4. One hundred and seventy fires of all degrees occurred during the year 1908-09.

Thirty-six serious fires in Town, River and Docks, 39 in the Suburbs and 7 in Howrah, and further two fires at which the Fire Brigade attended, outside the jurisdiction, in the Baranagore North Jute Mill (24-Parganas) and the National Jute Mill, Rajganj (Howrah district).

There were also 86 petty fires—36 in the Town, on the River and in the Docks, 41 in the Suburbs, and 9 in Howrah.

Twenty-two of the total number of fires occurred in buildings licensed under the Licensed Warehouse and Fire Brigade Act I of 1893.

Petty fires.

Eighty-six petty fires occurred during the year—36 in Town, River and Docks, 41 in the Suburbs and 9 in Howrah :—

58 were extinguished by neighbours or occupiers, etc.
10 were extinguished by Fire Brigade.
18 were partly extinguished before arrival of Fire Brigade by neighbours or occupiers.

86

The total estimated value of the property destroyed by fire was Rs. 20,76,151-2-6 against Rs. 12,15,521-13-6 in 1907-08 and Rs. 20,74,993-6 in 1906-07.

Fires outside the jurisdiction of the Fire Brigade.

2nd December 1908.—A large fire occurred at the Barnagore North Jute Mill, 2 miles beyond the jurisdiction, in which buildings containing jute and machinery to the value of Rs. 50,000 were destroyed. The property was insured.

16th February 1909.—A serious fire occurred at the National Jute Mill, Rajganj, Howrah district, 7 miles beyond jurisdiction, in which two buildings containing jute were destroyed. The value of property destroyed was Rs. 9,25,000, the majority of which was insured. The inadvisability of partly utilising buildings used for the storage of jute, as quarters for European assistants was exemplified on this occasion, where, had the fire broken out at night, loss of life might have occurred. The practice is forbidden within the jurisdiction covered by Act I of 1893 under section 20.

The most serious fires were as follows :—

(1) *29th April.*—At the Union Jute Press, Chitpur, two large double-storied godowns containing jute and wool, Rs. 2,00,000. Fire lasted 26 hours.

(2) *8th May.*—At the Central Jute Mills, Howrah, two large corrugated iron godowns containing jute, Rs. 3,00,000. Fire lasted 171 hours.

(3) *9th May.*—At Hooghly Hydraulic Jute Press, Chitpur, a double-storied godown containing jute, Rs. 1,50,000. Fire lasted 22¾ hours.

(4) *14th May.*—At Chitpur Hydraulic Jute Press, Chitpur, a two-storied building containing jute, Rs. 50,000. Fire lasted 8 hours and 5 minutes.

(5) *15th May.*—At Ashcroft Jute Press, Chitpur, a double-storied godown containing jute, gunny and machinery, Rs. 2,50,000. Fire lasted 41 hours 25 minutes.

(6) *17th May.*—At Ganges Jute Press, Chitpur, a double-storied godown containing jute, Rs. 1,50,000. Fire lasted 32 hours 20 minutes.

(7) *20th May.*—At Clive Jute Mill, Garden Reach, a "peel" of jute and the cooly lines attached to mill, Rs. 1,90,000. Fire lasted 56 hours.

The fire originated in the cooly lines which are outside the Calcutta Fire Brigade jurisdiction. It spread from there to the stack of jute in the mill compound.

(8) *18th September.*—At 242-1, Upper Circular Road, a four-storied building containing flour and machinery, Rs. 1,20,000. Fire lasted 5 hours and 30 minutes.

(9) *4th November.*—At 43, Canal East Road, a corrugated iron godown containing seeds of kinds, Rs. 1,00,000. Fire lasted 6 hours and 45 minutes.

(10) *23rd November.*—Munshi Saderuddins Lane, a portion of a two storied building, containing muslins, clothes, chudders, etc., Rs. 50,500. Fire lasted 3 hours and 15 minutes.

(11) *26th November.*—26, Kangraputty Street, Burra Bazar, a two storied building, containing cotton and woollen goods, Rs. 89,000. Fire lasted 2 hours and 30 minutes.

(12) *30th November.*—At Strand Bank Jute Press, Chitpur, two godowns containing jute, Rs. 1,30,000. Fire lasted 15 hours and 45 minutes.

(13) *12th December.*—At 8, Noyan Sur's Lane, a godown containing jute, Rs. 15,500. Fire lasted 15 hours and 15 minutes.

(14) *4th January.*—At Soorah Jute Mill, Belliaghatta, a godown containing jute and machinery, Rs. 17,500. Fire lasted 4 hours.

5. *Repairs.*—During the year under review no important repair work to the engines has been necessary. All petty repairs were done by the Fire Brigade staff.

6. Two turn-outs consisting of two fire-engines, two hose-carts, two brakes, ten horses and all necessary hose and gear are always kept in readiness at head-quarters in case of a call.

7. *Payments by Municipalities.*—In the year under report the percentages fixed by Government as payable by the several Municipalities concerned were as follows:—

	Area in sq. miles.	Percentage.	Contribution for 1908-09.
			Rs.
City of Calcutta	20·267	70 per cent.	70,764

9. *Prosecutions.*—Three licenses were granted under section 36, [illegible] of 1893, for letting off fireworks, rockets, etc. None of them were [illegible]nded under section 37 of the Act during the year. Five persons were [illegible]cuted, all of whom were convicted and fined for letting off firew[illegible] under section 66, Act IV of 1866.

Eight licenses for the sale of fireworks were cancelled during th[illegible]ar.

10. *Water-supply.*—The water used by the Brigade is obtai[illegible]rom the street mains, wherever the unfiltered water-supply has been exte[illegible] It is, however, necessary, as soon as the Brigade leaves the station, for [illegible]umping Station to be rung up on the telephone and a request made to put [illegible]ssure.

Where there are no street mains available, water is obtain[illegible]m any tank, and, in some cases, when the tide allows, from the river Hoo[illegible] direct.

In Howrah the supply of water from tanks is very scanty; getting less and less every year, there is no other source of supply exc[illegible]om the river Hooghly.

Howrah, Chitpur, Garden Reach, and a portion of the added area are not supplied with unfiltered water. Mains, however, are being laid down in the added area.

The East Indian Railway goods sheds have a supply of water of their own for the protection of their goods sheds. They also keep two manual engines and a supply of hose and a staff of men to work their appliances. All their hose is now fitted with instantaneous couplings.

11. *Telephones and Fire alarms.*—At the head-quarters, Lal Bazar, there is a telephone exchange with 58 connections (and space for 42 more) to all police-stations.

Communication can also be obtained through the Head Telephone Office and Government Telegraph Office with any subscriber on the General Telephone Exchange.

The direct communication from head-quarters is principally with thanas and Pumping Stations and also to the Port Commissioner's Fire-Float stationed off Fort Point.

The East Indian Railway goods sheds are in direct telephonic communication with Howrah Fire station and also have a Fire alarm (the only one in Calcutta) at the Howrah Fire Station. Besides the telephone for the purpose of reporting fires, there are look-outs at all Fire Stations where steam or manual engines are kept.

At head-quarters and Howrah, Tell-tale clocks have been introduced on the Look-out Towers and have proved a useful check.

The Port Commissioners have called for tenders for the supply of hose and fire appliances (including instantaneous couplings) for the whole of the Docks and the Fire floats.

12. *New Fire Appliances.*—The 65-foot combined Water-Tower and Fire Escape ordered last year is expected to reach Calcutta shortly. Although the majority of buildings in Calcutta are so built that escape from them on the outbreak of a fire is easy, still a large number of very tall structures are being put up in Calcutta, for instance, Chowringhee Mansions, Bengal Club and the Chartered Bank in Clive Street, where an escape might be necessary.

Water-Tower and Escape.

But the principal use to which it is intended to put this Water-Tower will be at large Jute and Cotton fires when the walls are in an unsafe condition and it is not possible to pump water direct on to the fire from them.

By means of the Tower, a stream of water can be driven right into the heart of the flames.

13. *Calls.*—Calls to the number of 170 were recorded during the year, being an increase of 22 over the previous year. The above figures include 16 River and mill fires attended by the Brigade assisted by the Port Commissioners' Fire Floats. The distance travelled to and from fires by the Brigade was 211 miles. Eighty-two fires were attended by the Brigade during the year. The average distance travelled per fire was 2·57 miles. One horse died during the year.

14. *Fatalities.*—From the 1st of April 1908 to the 31st of March 1909, 13 fatalities occurred at fires:—

(1) On the 16th April, a blind old woman, named Nizaban Bibi, aged about 50 years, was burnt to death in her *goleputta* hut.

(2) On the 9th October, an old man, named Ram Lal Sakina, aged about 60 years, was burnt to death on Strand Road whilst endeavouring to rescue some of his property from the interior of the house.

(3) At Lukshmi Narain Chukerbutty's Lane, Howrah, an old woman, named Gonesh Bewa, aged about 65 years, was burnt to death while trying to rescue her cow from a burning hut.

(4) On the 28th February 1909, at Bola Ram Mozumdar's Street, 23 persons suffering from, more or less, serious burns received at a fire in a *hogla* shed erected for Puja purposes, were removed to the hospital: seven of them succumbed subsequently to the injuries received.

(5) At Rustomjee Parsee Bazar, Belliaghatta, two Muhammadans, named Shaik Bhakoo and Shaik Reazuddin, respectively, were burnt to death. The former received severe burns whilst escaping from his room through the flames. He was removed to hospital, where he died soon after admission. The body of latter was found among the burnt jute the morning after the fire.

15. *Accidents to fireman.*—One European fireman was injured at a fire at the Union Press on the 29th April 1908 by a falling cornice. He was removed to hospital and detained ten days.

At the Rajganj fire on the 20th February 1909 a khalasi was burnt by falling between two burning bales of jute. He was removed to hospital and detained 31 days.

16. *Miscellaneous.*—There is a forge attached to the Brigade which does most useful work, not only in shoeing the horses, but in making up a great deal of iron work.

17. Chief Engineer J. Holmes was granted combined leave for 23 months on 30th August 1907. His leave will expire on the 30th July, when he will retire.

The Brigade suffered a severe loss during the year by the death of the acting Chief Engineer, Mr. J. G. Fulthorpe, on the 21st February 1909, from small-pox. This officer had done much during the brief period he had been in charge to increase the efficiency and utility of the Brigade.

18. The desirability of purchasing a motor fire engine for Calcutta has been engaging the serious attention of the Corporation. The utility of such a fire engine in an oriental city, where climatic conditions tell heavily against horse traction, is self-evident.

Financial reasons alone have, up to now, militated against the addition of a motor fire engine to the Calcutta Fire Brigade. It is hoped, however, that these may be overcome.

* This station is immediately under the Assistant Engineer in charge of Howrah Fire Station.
This force is augmented by a permanent stand-by of 12 European Police Sergeants in two shifts.
These men are paid Rs. 5 per each fire they attend.
Hose reels with 350 feet of hose and necessary gear are posted at Fenwick Bazar, Taltolla, Sukea Street Jorabagan, Kumartoli, Burtola, Ballygunj, Muchipara and Alipur thanas. These reels are used by local police in case of fire, but can only work during the hours when water pressure is on, the supply being interrupted.

With reference to your letter No. M $\frac{176}{1}$ of 1909-10, dated the 26th May 1909, calling for a report on the working of the Licensed Jute Ware-houses and Fire-Brigade Act in this Municipality for the year 1908-09, I have the honour to report that the share of expenditure allotted to this Municipality by the Commissioner of Police was Rs. 1,516, which was discharged by two instalments.

2. The revenue during the year under review amounted to Rs. 2,501-4-3.

3. The annexed statement will show the number of warehouses and licenses issued during the year under review.

4. License fees were levied on jute warehouses at 4 and 6 per cent. on the annual value and at 10 per cent. on trades of other descriptions mentioned in the statement and the fees were duly paid.

5. The jute godowns, firewood, packing case, hay and straw depôts are mostly situated near the Circular Canal which forms the northern, western and southern boundaries of this Municipality. Soorah Jute Mill and Messrs. W. M. Briggs & Co's. jute mill are the two mills within this Municipality situated in the north of Narikeldanga Main Road.

6. The decrease of revenue during the year 1908-09 is due to the abolition of almost all the jute godowns situated at Canal Circular Road and some in the Canal East Road.

No. 100G.M., dated the 10th June 1909.

From—H. M. PEAT, Esq., Chairman, Garden Reach Municipality,

To—The Magistrate of the 24-Parganas.

WITH reference to your No. $\frac{176}{1}$M. of 1909-10, dated the 26th ultimo, I have the honour to submit the following report on the working of the Licensed Jute Warehouse and Fire-Brigade Act in the Municipality for the year 1908-09.

2. During the year under review the receipts from jute warehouse fees were Rs. 1,267. A sum of Rs. 92-4 was also realized under section 25 (*b*) of the Fire-Brigade Act in respect of the Kapidanga, the Batical and the Kasaipara *bustees*. The total revenue, therefore, was Rs. 1,359-4. The share of expenditure allotted to this Municipality by the Commissioner of Police which was discharged by two instalments was Rs 2,528. There was thus a deficit of Rs. 1,168-12, which was met from the general funds of the Municipality. In levying the jute warehouse fees the limitations prescribed by the provisos to section 10 of the Fire-Brigade Act were strictly observed. The rates at which the fees were levied were 2½ per cent. on the annual valuation of all large warehouses, Rs. 5 per cottah on all straw and wood depôts and Re. 1-2 on the annual value of *bustee* lands.

3. During the year of report two fires of a serious nature broke out in two of the *bustees* and properties worth about Rs. 25,000 were destroyed.

4. A list of warehouses to which licenses were granted during the year is submitted below:—

PROSPECTUS OF THE INDUSTRIAL AND AGRICULTURAL EXHIBITION OF THE PUNJAB, NORTH-WEST FRONTIER PROVINCE AND KASHMIR, 1909.

NOTIFICATION.

No. 3780.—The 21st September 1909.—The following is published for general information.

J. G. CUMMING,
Secy. to the Govt. of Bengal.

[2nd Edition.]

SUBJECT TO AMENDMENT.

PROSPECTUS.

THE INDUSTRIAL AND AGRICULTURAL EXHIBITION OF THE PUNJAB, NORTH-WEST FRONTIER PROVINCE AND KASHMIR, 1909.

THE Indian Industrial and Agricultural Exhibition will be held this year at Lahore in the month of November.

The Indian Industrial Exhibitions held since 1901 have served greatly to popularise and encourage the Indian arts and industries, and their usefulness has been recognised by all sections of the Press and the public.

The first of these Exhibitions was organised and held at Calcutta in December 1901, and similar Exhibitions have since then been held at Ahmedabad in 1902, at Madras in 1903, at Bombay in 1904, at Benares in 1905, at Calcutta in 1906, and at Nagpur in 1907-08.

The management and organisation of the Exhibition have, since its inception, been entrusted to Committees fully representative of all sections of the public. The same practice has been followed in the Punjab, and a Committee, which is fully representative of all classes (officials as well as non-officials)—Europeans, Hindus, Sikhs and Muhammadans—has been appointed. An Executive Committee has also been formed to carry out, under the general supervision of the General Committee, the various arrangements connected with the Exhibition. Both these Committees have power to add to their number. The Executive Committee has appointed Sub-Committees to look after the several branches into which the work connected with the Exhibition has been divided.

The Government of the Punjab, fully recognising the industrial and educational value of such Exhibitions, has very kindly agreed not only to give special facilities for the exhibition of all such articles by its Agricultural, Art, Forest, Sanitary and other Departments as may prove useful or instructive to the public, but also to help in several other ways the organisation of the Exhibition. His Honour Sir Louis Dane, whose keen solicitude to promote the industrial and agricultural development of the country is well known, and who as Resident in Kashmir substantially furthered the development of the material resources of that State, has been pleased to become a Patron of the Exhibition. The Hon'ble Sir George Roos-Keppel has also been pleased to become a Patron, and has extended the help and co-operation of his Administration to the scheme.

The last Exhibition held in the Punjab was in 1893. It was, however, confined to the products of industrial arts and manufactures belonging to the Punjab, and did not include agriculture and agricultural machinery. Of the Exhibition now to be held, the Agricultural section is intended to form one of the most prominent branches. The agricultural possibilities of this Province are immense, and during the past five years the Government Department of Agriculture has done a good deal to improve agriculture on scientific lines, by making available a considerable amount of instructive and useful information regarding seeds, the diseases of crops, various kinds of manures, and the use of modern implements and machinery for economising labour and increasing production. In the development of commerce and industry, Punjab has advanced with rapid strides during the past 18 years. The Capital invested in industrial, banking and other commercial concerns that have come into existence in the Punjab during this period amounts to several crores of rupees.

Although the scope of the Exhibition is confined largely to articles of indigenous growth and manufacture, arrangements are being made for the exhibition of machinery and appliances of foreign manufacture which are likely to help and develop Indian industries.

Facilities will be afforded to the exhibitors to keep stocks of their exhibits for ready sale.

Copies of the Rules and Regulations relating to the Exhibition and of a synopsis of classification of exhibits are attached.

The Committee feel that an undertaking of this nature can only succeed with the active co-operation of all sections of the people, and they hope that all will join hands to make the Exhibition a success and in every way worthy of the Punjab and its Capital. The Committee confidently appeal to the Princes, noblemen and gentlemen of the Province, to the District and Tahsil authorities, to the District and Municipal Boards and to public Associations of all kinds—Anjumans, Sabhas and Samajes, and all who have the interests of the country at heart and are willing to assist in the development of its material resources for assistance and co-operation in bringing their labours to a happy and successful issue.

Assistance can be rendered to the objects of the Exhibition, among others, in the following ways:—*First*, by actually furnishing articles for exhibition either on loan or for sale; *second*, by subscriptions towards the funds of the Exhibition for specific purposes or to meet general expenses; *third*, by giving inducement and encouragement to skilful craftsmen on appropriate conditions in order to enable them to prepare objects for exhibition or by giving prizes; *fourth*, by display of general interest in the objects of the Exhibition by spreading information, by encouraging clever but obscure or diffident workmen, and generally by co-operating in every possible way with the efforts made by the General and the Executive Committees. The Committee cannot imagine a single patriotic Indian who takes an intelligent interest in the welfare of the country who cannot further the objects of the Exhibition in some way or other.

All communications should be addressed to the General Secretary, Industrial and Agricultural Exhibition of the Punjab, N.-W. F. Province and Kashmir, Bharat Buildings, Lahore.

COMPLETE LISTS OF PATRONS, VICE-PATRONS, PRESIDENTS, VICE-PRESIDENTS, THE GENERAL AND THE EXECUTIVE COMMITTEES, SECRETARIES, etc., WILL BE GIVEN IN THE NEXT EDITION.

THE INDUSTRIAL AND AGRICULTURAL EXHIBITION OF THE PUNJAB, N.-W. F. PROVINCE AND KASHMIR, 1909.

RULES AND REGULATIONS.

1. Articles of indigenous Art or Manufacture, as well as natural, mineral or agricultural products from any part of India and adjacent British Possessions, will, as a rule, be accepted for the Exhibition. Implements or machines of foreign manufacture, which, in the opinion of the Exhibition Authorities, are likely to promote or develop Indian industries, Agriculture and resources will also be accepted.

2. No explosives or any substance which, in the opinion of the Exhibition Authorities, is noxious or dangerous, will be admitted.

3. Intending Exhibitors should refer to the printed lists (attached herewith) of the Sections and Divisions into which it is intended to classify the Exhibits. The classified list is meant only to serve for general guidance, and will not prevent Exhibitors from sending articles not specifically enumerated therein. Such articles will, however, be admitted at the discretion of the Exhibition Authorities.

4. Works of Art and articles of special merit, including those of antiquarian interest, will be thankfully received from gentlemen who do not aim at any commercial advantage or benefit. All arrangements for the display of the Exhibits lent will be made by the Exhibition Authorities at their own expense.

Gentlemen desirous of sending Exhibits on loan should write, giving all the necessary particulars about their Exhibits, to the Secretaries, who will inform them of the acceptance of their offer and make with them all the necessary arrangements in connection with the exhibition of the offered articles.

5. Applications for space in the Exhibition grounds specifying their requirements should be made at once in the form annexed, and should be accompanied by a fee of Rs 5.

(It will be at the option of the Exhibition Authorities to reduce or remit the above-mentioned fee in such cases as they think fit.)

6. Intending Exhibitors are requested to send in to the Secretaries, as soon as possible, a list of their proposed Exhibits, in the printed form attached herewith. These lists should reach the Exhibition Office *at the latest by the 1st of September* 1909.

7. Exhibitors are requested to mention in their application whether they intend to illustrate practically the process or processes of the manufacture of their exhibits, and if they do, to describe the nature of the demonstration. In the form attached and referred to in Rule 5 provision is made for such description.

Steam or any other power required may be supplied by the Exhibition Authorities, if there is sufficient demand, on such terms as may be agreed upon.

8. The Exhibition Authorities will inform the applicants whether they are registered as Exhibitors, and will state the number allotted to them.

9. Each Registered Exhibitor will be allowed a covered space of 5 ft. by 5 ft. free of charge in each section; but additional covered space may be obtained at the rate of four annas per square foot, subject to a minimum charge of Rs. 2.

10. Exhibitors may obtain, on such special terms as may be agreed upon, open space for the exhibition or practical demonstration of machinery, etc. They will be allowed to erect the necessary structures at their own expense, but according to plans approved of by the Exhibition Authorities.

Other Exhibitors may also be permitted to erect their own stalls on plans to be submitted to and approved of by the Exhibition Authorities on such terms as may be agreed upon. All applications for the space required for stalls or sheds should reach the Exhibition Office not later than the 1st August.

11. The Exhibition Authorities will have absolute discretion as regards the acceptance or rejection of Exhibits and the allotment of space, covered or uncovered

12. Exhibits will be received, from the 1st of October 1909 to the 15th of November 1909. They may be sent by Railway as "Parcel" or "Goods," or through Post, or may be delivered personally, or through agents between the hours of 10 A.M. and 4 P.M. at the Exhibition grounds and to authorised persons who will be in attendance there. Receipts will be granted for the articles so delivered. In the case of goods forwarded by Railway, or Post, the freight must be prepaid and the parcels preferably insured. Exhibits forwarded "unpaid" will be refused.

13. All packages received or delivered must bear a label on the upper covering, specifying the name and number of the Exhibitor, and addressed to the Joint General Secretary in charge of Exhibits. They must contain inside a list in duplicate with all particulars required under Rule 19 in regard to the Exhibits in the package. A formal receipt will be given to the Exhibitor for the articles found in good condition.

14. Exhibitors failing to send their goods and occupy the space allotted to them by the 15th of November 1909 shall forfeit all right to exhibit, and shall not receive any refund of the payments made by them. No refund also will be given for occupying less space than that applied and paid for and allotted; and the unoccupied space will be disposed of as the Exhibition Authorities deem fit.

15. Every reasonable facility will be afforded to the Exhibitors or their agents in connection with the transport, display, sale and care of their Exhibits.

16. Exhibitors must bear all expenses incidental to the transport and the delivery of their Exhibits, as well as their removal after the Exhibition is closed. If the Exhibitors require for the display of their Exhibits in the grounds any *special* arrangement or structure, stands, cases, tables, shelves, etc., or have to mount their machinery and apparatus, they must carry out all these themselves, and at their own cost, and in accordance with the plans approved by the Exhibition authorities.

17. Exhibitors and such assistants, servants, or other attendants as Exhibitors may require for service at their stalls may be allowed to enter the Exhibition grounds on obtaining a pass from the Exhibition Authorities. All such pass-holders shall have to obey the orders of the Exhibition Authorities and the supervising staff appointed by them. The number of passes to be allowed to an Exhibitor will be determined by the Exhibition Authorities.

18. All reasonable precautions will be taken to guard the premises of the Exhibition and secure the safety of the Exhibits. The Exhibition Authorities, however, do not at all hold themselves responsible for any damage or loss, howsoever occurring. Exhibitors wishing to insure against fire their articles may apply to the General Secretary, who will arrange for the same on payment of the necessary charges. All valuable Exhibits, such as jewelry, gold and silver plate, must be forwarded under the charge of an attendant.

19. Every Exhibit must bear a label showing the name or description of the article, its price, the place and the date of its production or manufacture, the names of the manufacturer and the Exhibitor, and if purchased, the place and the date of its purchase.

20. In the Exhibition stalls orders for articles may be registered, but no Exhibit will be removed till the Exhibition is finally closed. Facilities will, however, be afforded to the Exhibitors to keep stocks of their articles for ready sale.

21. Exhibitors who are unable to attend personally or send agents in charge of their Exhibits may make special arrangements with the authorities for the exhibition of their goods, subject to the provisions of the foregoing rules, and on payment, in advance, of all estimated expenses, which may be ascertained on application.

22. The Exhibition Authorities reserve to themselves the right to remove the Exhibits of any person from the Exhibition grounds who does not conform to the rules and regulations laid down by them.

23. No article exhibited may be copied, photographed, drawn, or reproduced in any manner without the special permission of the Exhibitor and the Exhibition Authorities. General photographs of the stalls may, however, be taken with the permission of the Exhibition Authorities.

24. Arrangements with reference to machinery in motion will form the subject of general regulations:—

(1) Machinery in motion shall be accommodated in special sheds erected for the purpose.
(2) Ample space shall be provided for the free and easy movement of workmen in charge as well as of visitors.
(3) The belting, fly-wheel and other parts of a machine in motion should be well fenced.
(4) A competent man must remain in charge of the machinery all the time it is in motion.

(5) The hours during which a machine is to be worked must be previously arranged for with the Exhibition Authorities.

(6) In spite of what is contained in the above rules, the Exhibition Authorities will have the right to regulate all arrangements in connection with machinery in motion.

25. A separate section will be allotted for the display of work done by ladies.

26. The Exhibition will be opened in the last week in November 1909 for the public, and will remain open for about two months. An official catalogue of all Exhibits with the names and addresses of the Exhibitors and their Agent or Agents, if any, will be published by the Exhibition Committee, before the opening of the Exhibition. A Committee of specially qualified gentlemen will be appointed as Jurors, who will examine the Exhibits, determine their relative merits and decide which of them deserve special recognition. The decision of the Jurors will be final. Gold, Silver and Bronze medals will be awarded according to their verdict. Certificates of Merit will also be given. The names of the successful Exhibitors will be published together with a description of the Exhibits and the medals and certificates they shall have respectively obtained.

27. Advertisements will be received for publication in the Official Hand-Book at the following rates, viz., full page Rs. 20, half page Rs. 12, and quarter page Rs. 7. Applications for these advertisements will be received not later than 1st October 1909, and must be accompanied by a remittance in full payment of the amount due for space applied for. Special rates will be fixed for advertisements on the cover.

28. All persons who become Exhibitors shall, by so doing, be held to signify their assent to, and acceptance of, all the foregoing Rules and Regulations, and also such other Regulations as the Exhibition Authorities may hereafter issue.

N.B.—All communications should be addressed to—

THE GENERAL SECRETARY, THE INDUSTRIAL AND AGRICULTURAL EXHIBITION OF THE PUNJAB, NORTH-WEST FRONTIER PROVINCE AND KASHMIR, BHARAT BUILDINGS, LAHORE.

GENERAL SUMMARY.—The rainfall during the week under review was general. It was heavy in Cooch Bihar, Khulna, Sambalpur and in parts of Burdwan, Midnapore, Howrah, Purnea, Balasore and Ranchi; moderate in Patna, Gaya and Bhagalpur, and light elsewhere. The recent rain has been beneficial for upland *aman* paddy in Darbhanga and Purnea. More rain is, however, wanted in parts of Bhagalpur and Angul. Harvesting of the autumn crops is approaching completion. Steeping and washing of jute continue. Reports of good prospects have been received of the *aman* paddy and sugarcane crops. Sugarcane has been damaged somewhat by excessive rain in Shahabad. The price of common rice has risen in the 24-Parganas, Patna, Champaran, Bhagalpur, Purnea and Hazaribagh, and has fallen in Burdwan, Birbhum, Bankura, Nadia Jessore, Shahabad, Saran, Muzaffarpur, Darbhanga, the Sonthal Parganas, Balasore, Ranchi and Manbhum. The price of maize has fallen in some districts due to a good harvest. Cattle-disease is reported from Burdwan, Midnapore, Nadia, Jessore, Khulna, Patna, Gaya, Champaran, Muzaffarpur, Monghyr, Bhagalpur, Purnea, the Sonthal Parganas, Angul, Sambalpur, Hazaribagh and Palamau. The fodder and water-supply is sufficient throughout the Province.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.
